

# SENSATIONAL MURDER TRIAL STARTS TODAY

EDWOOD CITY, Cal., June 9.—The death of Miss Inez Elzabeth Reed, for whose alleged murder, Dr. Ephriam Northcott, San Francisco physician, went on trial here today, stirred the whole country. Miss Reed, a San Francisco and Fort Riley, Kan. army nurse, came here from the latter place in February, presumably to visit friends and relatives. On Saturday, March 8, her body was found by a workman in a ravine on the Crystal Springs Highway, near San Mateo with all marks of identification removed from the clothing. An autopsy revealed the fact that she had died as the result of an illegal operation, crudely performed. Until Thursday, March 13, the body of Miss Reed remained unidentified in the San Mateo and San Francisco morgues, despite the fact that hundreds viewed it. A brother, Arthur Reed, and a sister, Mrs. Evelyn Stevens, finally identified her.

Friends and relatives of Miss Reed were closely interrogated by the police, and the army also assisted in the case. On Tuesday, April 1, Dr. Northcott was placed under arrest and his nurse, Mrs. Francis Cronon, detained, following evidence that Miss Reed, on the day before her body was found, visited a house leased by Dr. Northcott in San Mateo. The police announced also that they knew the name of Miss Reed's betrayer, but would not make it public.

Dr. Northcott was held without bail until Wednesday, April 30, when he was released on \$8,000 bonds. On May 7 he appeared in the Superior Court here and pleaded "not guilty" to the charge of murder.

Ever since his arrest Dr. Northcott stoutly insisted that he had no part in Miss Reed's death, and expressed the conviction that he would clear himself easily. Captain Dupean Matheson of the San Francisco police and District Attorney Franklin Swart of San Mateo insisted, however, that they had a complete case against him.

An interesting angle of the case was the suspension and subsequent resignation of Allen E. Noreen, a San Francisco traffic policeman, following police charges that he had concealed evidence in the case.

## THREE COACHES FOR FOOTBALL.

PULLMAN, Wash., June 9.—Clarence Zimmerman, former all north-west and all Pacific coast football team, has been selected as assistant coach at the state college next fall. Carl Dietz also has been selected to assist Coach Welsh next fall.

## RECIPE TO CLEAR A PIMPLY SKIN

PIMPLES ARE IMPURITIES SEEKING AN OUTLET THROUGH SKIN PORES

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Adv.

# ENTERPRISING INDIAN RUNS HIS OWN DRIVE

HELENA, Mont., June 9.—There has been the Red Cross drive, the Victory loan drive, the Centenary drive and what not—and so why not the "Great Chippewa" drive.

"Why, indeed?" asks Chief Little Bear, who has inaugurated the drive in Helena. The chief explains, as he stops one on the street and requests "four bits," that he has six squaw-ten caposes dependent on his sole efforts.

He also is raising a fund for a farm near Box Elder, where he sets forth, one hundred souls—"man, squaw and papoose"—are to be housed. Also and generally and by and large, the genial Chippewa needs the money.

He has been making a tour of the principal cities of the state and is said to have done very well. He began at Havre on Christmas day and reaped a harvest. The chief is very old, his grin is ingenuous. He will go into details, if they requested and he asks no more, no less—"four bits for squaw papoose."

In Helena the "Great Chippewa" drive has been a decided success.

# LITTLE GIRLS NOW LIVELY AS CRICKETS

ONCE WEAK AND PUNY TANLAC MAKES THEM LOOK LIKE DIFFERENT CHILDREN

"It makes me feel good to see how bright and healthy my two little girls are since we started them on taking Tanlac," said H. P. Cornett, of 518 East Gandy street, Denison, Texas.

"They were both weak and puny children," he continued, "had no appetite and suffered from indigestion and were awfully pale and thin and sallow looking. They complained of having headaches and pains in their backs, they were restless at night, and no life nor energy during the day and wouldn't play around like other children. Medicines we gave them did not do them any good and my wife and I were greatly worried about their condition."

"Since starting them on Tanlac my two little girls are not like the same children. Both have gained weight and are as lively as crickets, they eat hearty meals, sleep well at night and are as playful and happy as any other healthy children of their ages. Tanlac has simply done wonders for them and I am only too glad to endorse such a splendid medicine."

Tanlac is sold in Klamath Falls by The Star Drug Co. and in Lorella by the James Merc. Co.—Adv.

George Ulrich with his wife and children will leave tomorrow for the Rose Show in Portland. They will make the trip in their car.

# COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready to use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it is done so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes dark, glossy, soft, and luxuriant, and you appear years younger.

# HULLY GEE! BOOTLEGGERS IN MONTANA!

GREAT FALLS, Mont., June 9.—Following presentation of evidence by special investigators, complaints charging violation of the prohibition law have been filed in the district court against more than half the "soft drink" shops in the city. Thirty proprietors are numbered among the persons against whom the complaints have been filed.

Most of the places under suspicion formerly were saloons or other establishments which sold alcoholic drinks and investigation followed generally circulated reports that the city was "wide open" and that anybody who so desired could purchase liquor.

# DEMOCRATS WILL OPEN IN MONTANA

HELENA, Mont., July 9.—The democratic campaign of 1920 is expected to be started in Montana in July, when Homer S. Cummings, democratic national committee, will make a tour of the state with a party of officials of the democratic national committee. Dates thus far announced are for Helena, July 12; Butte, July 13 and Billings, July 16. It is expected, however, that other cities may be visited. It is expected now that one of the principal meetings in the state will be held in Helena, and that Gov. Sam V. G. Stewart will make an address.

# BRITISH WAR RISK INSURANCE PAID

LONDON, June 9.—War insurance as carried on by the British government, dropped some \$85,000,000 net profit into the nation's coffers, according to a report just made public. The chief item of profit was \$80,000,000 on the hulls of British steamships which survived German submarine warfare. The greatest loss

was \$55,000,000 on British cargoes which the U-boats sunk. The sum of \$1,500,000 was paid as insurance on the lives of officers and men in the merchant marine, and \$1,750,000 a year is being paid as pensions and allowances to dependents.

# Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

# WRIGLEYS

In the sealed package

All of its goodness sealed in— Protected, preserved. The flavor lasts!

ASK for, and be SURE to get WRIGLEY'S. It's in a sealed package, but look for the name—the Greatest Name in Goody-Land.

Sealed Tight—Kept Right

The Herald tells you today's news today—not tomorrow.

# You'll Spend the Money —Get the Most Out of It

Every year you spend a large proportion of the money you get. So much for clothing. So much for shoes. So much for things to eat, house furnishings, garden seeds and tools and what not. There's one sure way to get the most for your money. Know what you want before you go to buy.

READ ADVERTISEMENTS. The advertisements you read will tell you what is new and good. They will give you the latest ideas and improvements. They will help you to live better and dress better at less cost.

If you think of it, you'll be surprised at the world of interest and the wealth of new ideas you'll find in reading advertisements. Advertisements are the daily record of progress. They are the report to you of the manufacturers and merchants who work for you, telling what has been accomplished for your benefit.
