

## "See here," says the Good Judge

I want to remind you about that small chew of this good tobacco.

It tastes better because it's good tobacco. Its quality saves you part of your tobacco money. It goes further and lasts longer.

### THE REAL TOBACCO CHEW

Put up in two styles

RIGHT CUT is a short-cut tobacco

W-B CUT is a long fine-cut tobacco

## THESE KIDS WILL GET PLENTY OF SUNDAY SCHOOL

SPOKANE, Wash., June 10.—Going to "Sunday" school every day for a month is to be the experience of several hundred children of this city during the coming summer. The annual vacation Bible school to the Inland Empire association, with sessions five days a week, is to be held during July and August.

The daily program will include music, verse finding, story telling, moving pictures, gymnasium work and swimming. It is to be held under the direction of E. C. Knapp, secretary of the association. No fees or tuition are charged.

## PUT OLD ENEMY TO UTTER ROUT

Tells how to lift off that touchy corn without hurting one particle

Hospital records show that every time you cut a corn you invite lick-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of this freezone on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.—Adv.

## PUT STOMACH IN FINE CONDITION

SAYS INDIGESTION RESULTS FROM AN EXCESS OF HYDROCHLORIC ACID.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.—Adv.

## WHY NOT TRY THIS SCHEME RIGHT HERE?

GREAT FALLS, Mont., June 10.—In an effort to eradicate the dandelion pest here, notice has been given of the proposed enforcement of a city ordinance which provides a fine of \$50 for every property owner who fails to remove the weeds from his premises. The ordinance likewise provides that every 24 hours which the dandelions are permitted to grow unhampered constitutes a new offense.

In case the owner of the property, after notification by the city street commissioner, fails to remove the weeds, or in case the owner cannot be located, the street commission is required to hire them destroyed. The expense is to be charged as a special tax against the property. This ordinance is also included in the provisions of the ordinance, but it is to be invoked particularly against the dandelions.

## MORE TROOPS ARE WANTED ON BORDER

WASHINGTON, June 10.—Additional troops protection along the Mexican border has been asked today of the war department by Governor W. P. Hobby of Texas.

The governor urged that the first and second regiments of the Texas guard, organized during the war, be mustered into federal service immediately and stationed at strategic points along the border.

Hobby, in a telegram to Secretary Baker, copies of which were sent to Congressmen Gardner, Bee and Hudspeth, stated that the action was necessary to assure adequate protection of life and property in Texas from any raids of the Mexican sections.

## LOCAL MEN HEAD BODY OF BANKERS

MEDFORD, June 9.—The annual meeting of Southern Oregon bankers closed here with the election of the following officers: Chairman, Leslie Rogers, Klamath Falls; vice-president, George Lundberg, Grants Pass; secretary and treasurer, A. B. Epperson, Klamath Falls.

### GARBAGE.

Those desiring Garbage hauled, call 379. Ed. Hunter, City Scavenger. 9-6\*

## "CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that and cry from the victims of disease. Perhaps the disorder has gone too far for help, but oftener it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Haasem Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.

## HERE'S AN IDEA WORTH TRYING!

SPOKANE, Wash. June 10.—Under the management of the Spokane Automobile Chamber of Commerce, composed of automobile dealers of this city a stretch of road near here that has bothered motorists for many seasons because of dust is being improved. Members of the chamber are saving the waste oil from their garages, and already 25 barrels of it has been accumulated for sprinkling on the road.

The chamber has arranged to haul the oil to the road and apply it, so that the property owners will be put to no expense whatever for the improvement.

## BEND ELKS GET CHAPTER SOON

BEND, June 9.—With the view to instituting a Bend chapter of the Benvolent and Protective order of Elks, Dr. H. J. Toney, dairy raised exalted ruler, will arrive in Bend during the latter part of this month, according to W. C. Cooper of Bend, who has been actively engaged in bringing a B. P. O. E. chapter to Central Oregon. The principal obstacle which has stood in the way of Bend's having a chapter was the belief that Bend did not have the required 5,000 population. A recent city census conducted under the direction of Mayor J. A. Easton showed that Bend's population exceeds 6,000 people. It is understood that other towns in Oregon having chapters of Elks are favorable to the institution of a lodge here.

## TWO CENT STAMP BACK JULY FIRST

Business houses, large users of the mails, soon will be able to save substantial amount in their stamp outgo, for on July 1 the 2-cent stamp again will be on the job and every one-ounce of first class mail can be sent right along to any part of the United States and its possessions for 2 pennies. Souvenir postcard merchants ought to enjoy a boom, too, for the time-honored, green-hued 1-cent stamp will give the 2 center the run and after July 1, two postcards can be sent anywhere in the U. S. at the cost of one now. The increase in postal rates has now been in effect since November 2, 1917, when the war-time measure was passed by congress.

## MRS. ASTOR AND ENGLISH LORD, NOTED SPORTSMAN, WHO WED HERE IN LONDON

Cable despatches state that Mrs. Ava Willing Astor, first wife of Colonel John Jacob Astor and for many years leader in American society, was married quietly in London to Lord Ribblesdale, famous as a sportsman.

**CAMELS** meet your fondest cigaretteancies in so many new ways—they are so unusual in flavor, so refreshing, so mellow-mild, yet so full-bodied—that you quickly realize their superior quality, and, become a Camel enthusiast!

Camels are unlike any other cigarette you ever smoked. Their expert blend of choice Turkish and choice Domestic tobaccos gives you so many delights. It not only assures that wonderful smoothness and refreshing taste but it eliminates bite and harshness! And, you smoke Camels without any unpleasant cigarette aftertaste or unpleasant cigarette odor!

No matter how fond you become of Camels! Smoke them liberally! They never will tire your taste! The blend takes care of that!

Compare Camels with any cigarette in the world at any price!

## MANY ACCIDENTS HAPPEN IN MAY

SALFORD, June 10.—With 2473 accidents reported to the industrial accident commission for May, this month, takes rank as the second highest in the history of the department August 1918, being first with a total of 2494 accidents reported. Accidents are approximately 110 a day, according to figures available for the past several weeks.

Of the 556 accidents reported to the commission for the week ending June 5 three were fatal. Among them: C. F. Fricke, electrician, Mosier; S. K. Kricken, painter, Portland; John Schaffer, steam boiler maker, Portland. Five hundred and fifty-six of the week's accidents were subject to the provisions of the compensation act, 14 were from firms and corporations that have rejected the provisions of the act, and 14 were from public utility corporations not subject to the provisions of the act.

## SWAT THE ROOSTER AND SAVE THE EGG

Roosters not needed as breeders should be put in the same class as flies when it comes to swatting. It is estimated by the United States department of agriculture that \$15,000,000 worth of eggs spoil yearly simply because they are fertile.

Fertile eggs, when subjected to high summer temperature, begin to hatch just as when placed in an incubator or under a hen, and even though the process continues but a short time the egg becomes unfit for food. This spoilage of eggs can be entirely eliminated by swatting or disposing of the rooster after the breeding season is over. The campaign for the production of infertile eggs has been waged several years by United States department of agriculture poultry specialists and is being taken up with renewed vigor in states where summer temperatures are highest and losses are greatest.

Weeks have been designated 'Swat the Rooster' for the sale of surplus male birds. Enormous quantities of roosters, not needed and being fed needlessly, have been marketed during such weeks. It is much more generally understood that hens will lay just as well without a male in the flock.

## MEDFORD BOX BUSINESS GROWS.

MEDFORD, June 9.—The Jagon lumber company has added six box makers to its force, making 14 men employed by the company. The company has one order for 550,000 apple boxes and 45,000 lug boxes from a California firm, to be used in handling the fruit crop in the Rogue River valley.

## AMERICAN FLOUR IS DISTRIBUTED IN RIGA

PARIS, June 10.—Forty carloads of flour has been distributed in Riga by the American relief commission, following evacuation of that city by the Bolsheviks under pressure of British and German volunteers. Dispatch to Herbert Hoover has been reported.

## EASY TO PARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

## Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it, and you are assured that you will look better and feel better in every way shortly.—Adv.
