

PLAY GIVEN IN ODD WAY FOR THE DEAF

LOS ANGELES, June 11—A silent drama—not motion pictures—silent, not because it was not spoken, but because the "audience" was hard of hearing, was held here recently by students at a school of lip-reading.

"A Proposal by Context," written by the principal of the school and containing many humorous situations was the title of the play.

Lipreaders, it is explained, often must judge by the context, of what is being said, for there are many words that look alike or almost alike in the lip movements in conversation.

In the play, the lead character, a soldier, proposes thus: "How would you like to have a soldier like me?" in addressing the female lead, a lip-reader, who translates his question: "How would you like to have a soda with me?" and smilingly replies "I'd love one."

As the play progresses, however, she grasps from the context the soldier's meaning. The "audience" was composed practically entirely of deaf mutes.

JAPS PEEVED OVER EQUALITY TREATY CLAUSE

TOKIO—(Correspondence of the Associated Press)—Failure of the Japanese delegates to secure the introduction of an "equality of races" clause in the League of Nations covenant caused deep disappointment throughout the Japanese nation and has led to a serious self-examination on the part of the Japanese people. The disappointment was all the more bitter because at first a dispatch came from Paris announcing the adoption of the racial clause.

Japanese who frankly discussed the problem said they could not understand on what standards Japan was judged to be a first class power. If it were merely because Japan was strong in a naval and military sense, this was not flattering to the Japanese amour-propre, who would much rather have it based on standards of civilization, capacity and culture. Yet small countries like Holland and Belgium, they said are placed on a footing equal with the United States, France and England.

"We are keenly disappointed," wrote the editor of one paper. "It is as if we had tumbled from a very high precipice. We must look into our hearts, examine ourselves rigidly and see why we are not permitted to join the other nations of the world on a footing of real equality."

The Osaka Mainichi said: "The adoption of the American amendment for the Monroe Doctrine and the failure of the racial amendment affords a most glaring contrast as between a great success for the United States and a great failure for Japan."

The Tokio Asahi says: "Part of the blame should be placed at the door of European and American statesmen whose political conscience has been so besotted that they do not understand or respect the principle of justice and humanity except when it is politically used to the advantage."

JULIA MARLOWE IS COMING BACK

E. H. Sothern and Julia Marlowe, who have not appeared together in over five years, will return to the stage in October under the direction of Lee Schabert. It was in June, 1914, that, owing to illness, Miss Marlowe was compelled to retire, and an announcement was made that she would never act again. During this interim, however, she has entirely recovered and it remained only a question of time before entreaties of managers would cause her to return to the footlights. Sothern and Marlowe have selected "Twelfth Night," "The Taming of the Shrew," and "Hamlet" for their bill. No other productions are to be undertaken for the reason that, as Mr. Sothern explained, "these three plays embody the romantic, the comic and the tragic, and the roles of Viola, Katharine and Ophelia give Miss Marlowe her greatest opportunities and widest range." For the production much is promised in the way of modern stagings.

BE PRETTY, TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, gray or streaked. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Adv.

AMERICAN FEDERATION IS OPPOSED TO PROHIBITION

ATLANTIC CITY, June 11—The American Federation of Labor adopted a resolution against war time prohibition and in favor of exempting beer from wartime prohibition and the Federal amendment. It carried by an overwhelming majority after a hard fight against it by Seattle Delegates.

The great popularity of the Travelers LOW COST Guaranteed life policies is reflected in the fact that during 1918 this progressive company issued more than \$213,000,000 of new life business. Ask Chilcote & Smith about the NEW 1919 policies. 9-17

Physicians' Prescriptions Our Specialty

Drug Stores are really neighborhood department stores in which various lines are featured. One druggist may push patented preparations, another toilet goods, cameras, optical service, the fountain or other department which nets him good financial returns.

Our specialty has always been the filling of Physicians' Prescriptions, and as a result our store has become a prescription center. We carry an exceptional stock of prescription drugs, and our laboratory equipment is up-to-date. We employ only experienced graduate pharmacists.

All of your Prescriptions and Recipes are important and deserve the special care which we are able to give them.

IT'S A POOR DOCTOR Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over—the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results—but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner.

The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors—but the certain, quick and economical way is to use a little classified ad.

Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want?

USE HERALD WANT ADS

THEY DELIVER THE GOODS AND ARE ALWAYS WORKING
