There are also important matters which should be taken up with the entire membership regarding the State Convention which is now only a few weeks away.

Army Aviator Who Will Try to Fly From Coast to Coast With Only One Stop

Captain Roy N. Francis

To Captain Roy N. Francis, an army aviator, falls the honor of having been chosen to try to make the first one-stop flight from the Atlantic to the Pacific. With Lieutenant Edmund A. Clune he will take the air in a Martin bombing plane within a few days at Mineola, Long Island. His program calls for a flight to North Platte, Neb., a distance of 1,592 miles. The second lap of 1,248 miles will land him at San Francisco. Thirty-two flying hours are allowed in the schedule for the completion of the flight of 2,750 miles.

PETTY THIEVES BUSY.

Thieves broke in to the Martin five and ten cent store last night and stole to the amount of about \$10. The police believe that the theft was committed by some boys that they have under suspicion, and it is quite likely that the guilty parties will be quickly, as it is understood one of the lads has said enough to convince the officers that they are on the right track.
