At the Theaters

Of all the war pictures—and there have been many good ones too, in "Better Ole" is the only one that won't pull your heart strings. A farce from beginning to end, all the life of the trenches brought out in a humorous vein. Did I say all of the life? Well—there may have been some "life" that had better not be brought out—ask the boys who were there. But the "Better Ole" is worth seeing and has amused all of the large cities. See it at the Liberty tonight.

Admirers of Jack Pickford and Louise Huff will gather in force at the Star Theatre today when their latest Paramount picture, "Mile-a-Minute Kendall" will have its initial presentation in this city. In this superb picturization of a famous stage success by Owen Davis, Jack Pickford has one of the finest roles in his career as cinema star and he makes the most of it. The story is essentially dramatic, the situations being strong, but relieved by wholesome comedy. In Mr. Pickford's support in this picture is his sister Lottie, who is seen for the first time in a Paramount picture with her illustrious brother. Other features on a highly meritorious bill provided by Manager Houston insure many delightful moments for all who attend the Star Theatre today.

German intrigue on a South Sea Island is pictured with realism in "A Diplomatic Mission," the Vitagraph Blue Ribbon Feature, which will be seen in the Temple Theatre on tonight. The island of Platina, under the British flag, is rich in platinum, and the German foreman seeks at the beginning of the war to cause an uprising among the natives and drive away all but German sympathizers. He is thwarted by a young American, who defends the chateau until a warship arrives, and incidentally saving the life of Lady Diana, with whom he is in love. Earl Williams is the young American and does splendid work in this swift-moving picture. Grace Darnmond is Lady Diana, and others in the cast are Leslie Stuart, Kathleen Kirkham, and Gordon Russell.

The time is getting shorter every day for you to do what should be done before the Elks get here on August 14, 15 and 16. What are you doing?

MRS. GRACE B. WALKUP

After stopping three weeks in France to confer with officials of the Serbian Relief committee, Mrs. Grace Burch Walkup will go to Belgrade where she will remain indefinitely to aid in relief and reconstruction work. She is the only daughter of Bishop and Mrs. Charles S. Burch. Mrs. Walkup left for Paris several days ago.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gas and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv.
