EPWORTH LEAGUE CABINET MEETING.

Last evening the members of the League Cabinet of the O. A. S. M. E. church met at the home of the president, Lawrence Phelps. After spending the evening in planning work for the year refreshments were served and the members left feeling that they had mapped out a plan that will interest the young people.

If you are young, or feel young, come out to the Sunday night meeting at 7 o'clock at 10 and Pine Sts. "Live topics for live young people" will be the guiding spirit of all these meetings, making them interesting enough as to be entertaining and free from dryness.

Don't forget, the Elks will have a convention here August 14, 15 and 16. Get busy!

How It Happens

It isn't moral delinquency that causes many druggists to put into prescriptions preparations that are too weak to be effective or too strong to be safe. It is carelessness. Time is required to do laboratory work carefully, and extra caution and cost to get pure materials. So the making of many important preparations is done in a haphazard manner.

Care Counts

in the buying of crude drugs, in the making of them into tinctures, syrups, extracts, etc., in the compounding of prescriptions. Every process has our most careful attention.

You Can Always Depend on the Quality and Accuracy of All Recipes and Prescriptions Which We Fill.

FIRE DESTROYS AUTEN'S GARAGE BANKER BACK FROM STATE CONVENTION

'I'd Walk Out of My Way

Several blocks to buy at the Star Drug, because I know that there I'll get what I want," remarked a patron to one of our clerks a few days ago. It is one of the Star Policies to satisfy a customer regardless of the amount of trouble it may mean to us.

The early this morning destroyed a garage and Ford car belonging to John Auten. The garage, situated on the north side of Chestnut street, was destroyed by fire. The structure was saved by the prompt and efficient work of the Fire department.
