VIEWS FLIGHT OF AIR PLANES

Miss Mary Walker, who is coming to Klamath Falls to visit her mother, fortunate in having witnessed one of the most interesting spectacles ever the week-end, the army air-planes stopped there on their way to from the Victory Festival at Portland.

The pilots of the four machines are well trained aviators and their loop the loop stunts as well as the tailspin dives were cleverly done and the men had perfect control of their planes. Miss Walker said also that the most beautiful part of the whole demonstration was the landing, on the side hill, just north of Bear creek.

During their stops at the various valley towns citizens with a special longing for air flights were taken up for a little spin. It is reported that the majority of these air novices had lost their desire ever to travel by airplane by the time the machines were brought safely back to earth. The nauseating effect of a tail spin is anything but pleasing they declare.

"SOMETHING TO THINK ABOUT" PERKINS FURNITURE HOUSE "The Furnisher of Happy Homes" 120-126 N Sixth street

I am overstocked on wicker furniture and will have to move same to make room for a new line that is coming in, and also I cannot afford to carry this line over, and the season is short now, and if you are in the market for a chair or rocker in this high grade class of goods your dollar will surely work overtime if you try and spend it now for the particular articles that I have called your attention to. Respectfully,

PERKINS FURNITURE HOUSE "The Furnisher of Happy Homes."

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomain-like poisons are formed and sucked into the blood. Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out the thirty feet of bowels the previous day's accumulation of poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh. Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject. Remember, inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.

Let Nux-I-Tone Tone Up Your System

Nux-I-Tone is peculiarly fitted to tone up the system, enrich the blood, improve the appetite, aid digestion, and promote new health and strength.

Convalescents, weak, anemic women and girls, feeble old folks, delicate children—all need a good tonic and blood builder.

Nux-I-Tone

A Powerful Tonic Containing Iron and Nux Vomica in Combination With Beef and Wine

Is our recommendation. Nux-I-Tone differs from many other so-called tonics in that it is pleasant to take and the Iron and Nux Vomica are in a form that is readily accepted by the system.

There are other reasons, too, why Nux-I-Tone is so popular with our customers. Come in and let us show you.
