

THE BIG SPLASH IS ON NOW AT VIRGINIA BEACH

Can you do a black-flopper with hands clasped behind your neck?
Can you do a shallow dip into three feet of water from a four-foot diving?
Can you tread with poise and firmness on coarse cinders and sharp gravel?
Can you lie three hours bare-

backed on a plank in weather like this and not cook to the middle?
Can you scale a 75-foot 75 per cent embankment in 10 seconds flat and two and a half jumps ahead of an athletic policeman and don all your clothing en route?
Learn to swim.
You may some day save life, yours or another's.

Take a trip to Virginia Beach. It's the finest swimming sand on the Atlantic, just a nice street car ride from Norfolk. Not so hot as Palm Beach; no ice in August, like V. up north. Just right. And in Virginia, where booze is history. Bathing, fishing, boating makes a wholesome program there. The splash is on.

PUT STOMACH IN FINE CONDITION

SAYS INDIGESTION RESULTS FROM AN EXCESS OF HYDROCHLORIC ACID.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia.

and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

UPHOLDS THE GARBAGE LAW

JUDGE LEAVITT OVERRULES DEMURRER, AND DECLARES ORDINANCE IS ENFORCEABLE IN EVERY RESPECT

Police Judge Leavitt has handed down a decision in the garbage ordinance case, wherein he overrules the demurrer filed by Renner and Chastain, representing F. U. Grennon, who claims that he is within his rights in carrying out the terms of a contract entered into prior to the passage of the ordinance. Judge Leavitt's decision upholds the provisions of City Attorney Carnahan in every particular, and the latter states that from now on the rights of the city scavenger will be protected by the arrest of any person trespassing upon them by a violation of the ordinance.

The question arose because Mr. Grennon had entered into a contract with certain restaurants and butcher shops for the removal of their waste material. This was done prior to the passage of the ordinance. When the law became effective, R. C. Groesbeck, on behalf of City Scavenger Hunter, applied to the circuit court for an injunction to restrain Grennon from removing the waste from any of the establishments with which he had contracted, claiming that in so doing he was injuring Mr. Hunter. This injunction Judge Kuykendall denied, on the ground that it was not a question for a court of equity to pass upon. The matter was then taken up by City Attorney Carnahan and he began proceedings before Police Judge Leavitt, whose opinion in overruling the demurrer, upholds the provisions of the ordinance and the power of the city to enact such legislation.

An appeal will undoubtedly be taken to the higher courts.

MEXICANS KILL OWN COUNTRYMEN

VERA CRUZ, Mexico (Correspondence of the Associated Press).—The death of seventy-five defenceless passengers was one phase of the revenge taken by the rebel bands under the nominal command of Felix Diaz for the death of Aureliano Blanquet and Francisco Alvarez.

A train on the Interoceanic line, bearing peons, being armed only with instruments of labor, was dynamited between Pinar and Las Vigas. The greater number of the passengers killed by rifle fire and their bodies, together with the living wounded, burned when the train was fired.

Within a few days a party of bandits, commanded by the Arellano brothers, burned a large part of the village of Tlapocoyan, causing an undetermined number of casualties. Another attack on Pedro Gobay, falsely reported killed, on the Alvarado railway near Salinas, claimed fifteen passengers and fifteen soldiers as victims.

The only military success registered was the attack on a military train near Tierra Blanca, on the Isthmus railway, at a point known as "Devil's Backbone," by forces under the rebel leaders, Villegas and Lagunas. The young General Ernesto Dany, Major Cirilo Gamboa and fifty soldiers were killed. Dany fought to the last.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

IT'S A POOR DOCTOR Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over—the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results—but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner.

The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors—but the certain, quick and economical way is to use a little classified ad.

Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want?
