

PERSONAL MENTION

LITTLE SIDELIGHTS ON LOCAL HAPPENINGS AMONG THE PEOPLE OF THIS CITY AND VICINITY GOINGS AND COMINGS OF LOCAL FOLKS

Don Newbury, who has been in the service for two years, but who always missed getting overseas by one thing and another, has received his discharge and will reach here from Camp Grant this evening. Mr. Newbury is the son of Mrs. Wilbur A. Jones of this city, formerly of Medford, Oregon.

George B. Icenhower, of the county surveyor's office, spent last week in the Langell Valley and Horsefly districts surveying for irrigation ditches.

J. H. Russell, who has been here from Seattle for several days left for Lakeview on the stage this morning.

Ray McNeal who was in over the weekend from his big stock ranch near Bonanza returned home this morning.

Miss Mildred Thrasher, who has been employed by the County Abstract company, is off for a month's vacation in the mountains.

B. E. Ramsey, left on this morning's trip for Madras where he will superintend some work being done in the mills there.

Miss Wally Drey and mother have moved to town for the summer, from their home on the Poe Valley road.

Dr. and Mrs. Golda, accompanied by Miss Vera Houston spent yesterday at Odessa. They report that the mountain lilies and mosquitoes were both scarce in that section.

M. and Mrs. Walter Kemp and daughter are leaving shortly for the east in their car, in the hope of improving Miss Kemp's health.

Mr. and Mrs. Austin Thacker and Ross Hooper were in the city shopping on Saturday.

Last Griffith was in from his ranch in Poe Valley Saturday attending the dairy auction sale at Shippington. He said that every thing was very dry in the valley due to the flume over Lost river having broken.

Mrs. Gladys Parritt and daughter arrived on the train Sunday from Newburg, Oregon, for a visit at the home of her sister, Mrs. Grace E. Sears.

Mr. and Mrs. George Woodford and daughter, who were Klamath strikers over the week end, returned home late Sunday the proud owners of a Ford Sedan.

Dave Edler is in from Bonanza buying farm machinery.

Colman O'Laughlin returned Sunday to Camp Lewis where he expects to get his regular discharge from the army within the next few days.

Captain Brown, who paid this city a visit last week left on the stage for his home in Lakeview this morning. Mrs. Jones was a passenger on the Lakeview stage this morning.

Miss Lottie Fisher, Ida Bradley, Bessie Galt, Francis Conrad and Ina Graham spent Sunday at Rocky Point.

Fred Houston repaired the clothing business Sunday and turned carpenter in an attempt to enlarge his summer home on Recreation Creek.

HERMAN CRAVEN NOW CLERK OF SENATE

Herman C. Craven, former member of the civil service commission, has been named chief clerk of the Senate to succeed Peter M. Wilson.

OCEAN FLIERS HOME.

(By Associated Press)

NEW YORK.—The transport Zeppelin, carrying the crews of the three NC seaplanes which participated in the navy's trans-Atlantic flight are home again. A drizzling rain made it necessary to cancel part of the elaborate home-coming reception program by aircraft from surrounding stations.

NOTICE.

On Monday evening, June 30, the Aloha Chapter O. E. S. will hold a special meeting for the purpose of hearing a report from the Grand Chapter. All members are requested to be present.

28-2t Worthy Matron.

Tourists! Attention! Visit the Hot Springs Bath House.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleans, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder, and almost tasteless.—Adv.

DOORS OPEN AT 7 P. M.

THE WINNEK CO.

Madam Housewife:

Here are some facts for you to keep in mind and act upon at once.

Last year California and Georgia were compelled to supply America with peaches and other heavy fruits.

This year the Government estimates show that the largest crop of Peaches ever produced will soon be ready for market.

Every state in the Union has a large crop, with the exception of two of the Eastern states. Oregon, for example, this year with a 98 percent peach crop against 18 percent last year, Idaho 95 percent against 19 percent last year, Washington 85 percent this year against 6 percent last year, California 96 percent this year against 75 percent last year, Ohio 85 percent this year against only 6 percent last year, New York 80 percent this year against only 15 percent last year.

Notwithstanding this increase in the production of peaches and other large fruits the prices that are being paid by the canners to secure this fruit is the largest amount on record.

Europe has been fruit hungry during the period of the War. All Europe has practically had to do without fruit or secure only very small quantities. It is reported that this year there is a demand from Europe that would take all the canned fruit that could be produced if the canners desired to sell them all abroad.

The bulk of the canned fruit will go abroad, and it seems that the American housewife will be compelled to pay for good extra peaches not less than 50 cents per can.

This situation has come upon the market in the last 30 to 60 days and we urge the housewife to can all the fruits regardless of the price of fruits or sugar.

It is our duty to let the housewife know that if she does not can fruit in large quantities this summer, that she will pay twice as much for the article in tin cans this coming winter, and in fact will find it difficult to get some varieties at all.

The Winnek Co. is prepared to supply you with Fruit Jars, rubbers, sugar and fruit.

Fruit is not a luxury, but a necessity and is eaten in the average household every day.

Our prices are as low as we can make them.

Cherries are in abundance now.

Blackberries will come in this week.

Get your cans ready, get new rubbers and caps, don't take chances on high priced fruit spoiling.

Our telephone number is 34—call us up.

DO IT NOW!

THE WINNEK CO.
