

# TAKES AGENCY FOR PAIGE CAR

J. B. AUTEN JOIN HOAGLAND & MCCOLLUM, AND NEW FIRM WILL BE KNOWN AS THE IMPERIAL GARAGE

The garage and automobile business that has been operated by Hoagland and McCollum will in the future be known as the Imperial Garage and the firm as Hoagland, McCollum and Auten, the latter having entered into full partnership with the other two. As in the past, the garage will remain in its old location, near the postoffice on Main Street.

One of the first acts of the new firm was to take the agency for the Paige car, which the makers term "The Most Beautiful Car in America." Mr. Auten arrived Friday from Portland with one of these cars, and almost immediately sold it to Fred Garich, of Garich's Grocery. One of the great features about this car is its light weight—2760 pounds—which makes it particularly adaptable to the conditions existing in this county.

It is the intention of Mr. Auten to devote all of his time to the sales end of the business. He is well known throughout this section of the state, having long been identified with many of the interests of this and Lake counties, and brings to the firm an experience that will be a valuable asset to the business.

### DEER DROPS IN AT SCHOOL.

WENO, June 29.—Following the prosecution by state authorities of game law violators in the district beyond Sisters, deer in that section have become as tame as sheep, and one yearling surprised teacher and pupils of the Hoising school, 35 miles from here a few days ago by attending classes.

The animal's head suddenly appeared in the window in the midst of a recitation, and all thought of school discipline was promptly forgotten by the youngsters. For fully a minute the deer gazed about the room, then calmly withdrew his head and departed.
