

BALDWIN STILL BOOSTS KLAMATH

HAS PROMISE OF ROUTING OF THOUSANDS OF CARS THROUGH THIS COUNTY WHEN GOOD ROADS COME

State Senator George T. Baldwin, who is at present sojourning in San Francisco, is still at it. The Herald is in receipt of a letter from the Senator, in which he states that Klamath county is rapidly gaining in popularity, and that he has a promise that twenty thousand cars a year will be routed through this city when adequate facilities are provided. Part of the letter follows:

I have about gotten a guarantee that the first summer we have a Highway from the California State line via Topsy Grade and Klamath Falls to Crater Lake we will have twenty thousand automobiles from California to visit Crater Lake. When I show the pictures of rainbow trout caught in the rivers and lakes of Klamath they think they are Columbia river salmon.

By the way, I have traveled some of the finest roads of Washington, Oregon, Nevada and California and nowhere have I found the scenic attractions of Topsy Grade and the Klamath river.

It is surprising to know how well Klamath county is advertised all over the coast and how much people are talking about making us a visit just as soon as we get roads. In no section have I seen the country as fresh and green during the entire summer as is the Klamath country.

Roads and irrigation are certainly putting Klamath on the map.

"PRESIDENT" OF THE IRISH REPUBLIC AND SINN FEINER WHO AWAITED HIM HERE.

Eamonn de Valera, "President of the Irish Republic", managed to get to the United States has not been learned. That he had reached America without a passport had been stated by Harry J. Boland, secretary of the Sinn Fein organization and member of the National Assembly of Ireland, before de Valera appeared publicly in New York. Boland had preceded him by several days and made arrangements for his reception.

ABILITY REQUIRED OF AUTO MECHANIC

That the motorist may be protected from the inefficiency of untrained automobile mechanics and repair men, and that craftsmen may be protected from inefficient competition,

the state board of auto mechanics examiners, created by the last legislature, is distributing application blanks looking to the early examination and licensing of every auto mechanic in the state.

The examining board, E. E. Bog-gess, president; H. R. Fancher, vice-president, and M. L. Granning, secretary-treasurer, will have its headquarters in Portland, where application blanks may be obtained by addressing box 761, although applicants for examination may secure blanks from their county clerks, or from local garages. Examinations will be held later in 15 centrally located cities in the state and will cover various specialized activities of auto trades as well as the usual lines of motor repair work.

The board will examine with written, oral and manual tests, prepared, president Bog-gess declares, in an understandable manner, and the applicant may be examined in any or all subjects for which he, in his opinion, is qualified. Upon completion of the tests the applicant will be rated according to his ability in at least three classes.

Deeming a purely theoretical examination unfair to many excellent mechanics who have had no theoretical training, such tests be omitted. The classification of mechanics will serve the dual purpose of giving cred-

it where credit is due and to act as an incentive to others to increase their knowledge and efficiency in their crafts.

Mechanics who fail to take the examination will be subject to a penalty of \$100. The examination fee will be \$5.

COUNCIL GRANTS BUILDING PERMITS

At the regular meeting of the city council last evening, aside from the stir created by the inquiry from the Women's Improvement club, little was done to arouse anything but desultory interest. The usual list of bills secured the attention of the members for sometime, after which the following permits were granted: J. S. Peck an addition to private garage on Eighth street.

A permit to George and Ben Kerns for the erection of a one-story concrete and brick building on the present site of the Farmers' Improvement and Supply House.

Presbyterian manse to be moved from present site to Klamath and Walnut streets, by A. A. Mehanffy.

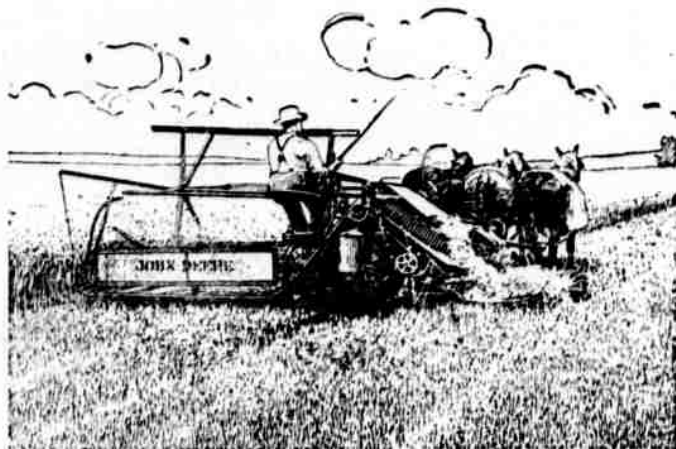

WEATHER REPORT.

Oregon—Tonight and Wednesday, fair; gentle westerly winds.

CALLS FOR THE PURE ICE

of the Klamath Valley Warehouse and Forwarding Company are daily increasing, but the addition this week of one extra delivery truck assures prompt delivery to all parts of the city.

PHONE 58

We Have a Better Grain Binder for You

The next time you are in town, come in and look over the John Deere Binder. It's a machine that will give you extra years of service at less cost for repairs, and will do better work under abnormal field and weather conditions than other binders.

We want to show you many points about this machine not found in other binders that you will recognize as extra value.

Stronger wheels, heavier frame, reinforced platform, self-aligned bearings, roller bearings, three packers instead of two, hardened wearing surfaces on knotted parts, ground and polished packer shaft bearing and quick turn tongue truck are a few of the many points about this binder that make it serviceable, light draft and economical to operate.

You will appreciate what binder satisfaction truly is when you get a John Deere into your harvest fields.

Come In and See this Better Binder

BALDWIN HARDWARE CO.

"The House of Quality"

COLOR WAS REMOVED.

Mr. Jones keeps pigeons, and Mr. Brown in a shed, tries to keep pigeons—a very different state of affairs. Mr. Brown is constantly losing birds, while Mr. Jones is constantly supplying his flock. The other day Mr. Brown with a snarl and a scowl approached the youthful son of Mr. Jones.

"Well," began Brown, holding up the one that had died and a bird yesterday.

"And was it a blue bird with some white feathers in its wing?" "Yes," responded Wolfe, pocketing the sixpence. "You can't tell their color when they're in a pair."—London Tit-Bits.

Personal Inclination. "Adam said he ate the apple because Eve tempted him." "Nonsense." Temptation had nothing to do with it. If it had been a green persuasion or an orange orange, a persuasion would have induced him to touch it.

RED, WHITE AND BLUE DANCE NIGHT OF THIRD.

A big time is promised at the dance to be given under the auspices of the Red, White and Blue club at the Opera House Thursday evening, July 3rd. Those who will have charge of the affair are Messrs. James Boivin, Robertson, Houston, Bogardus, Bellman, Briggs and Benedict and Mr. and Mrs. Joseph Brett. Special music will be furnished for the occasion and it undoubtedly will be one of the dancing events of the year.

Just Remember this. The dates for the Elks Convention are August 14, 15 and 16. Get ready.

BIDS WANTED.

Sealed bids will be received at the office of the County Court of Klamath County, Klamath Falls, Oregon, until July 12th, 1919 for the construction of bridge abutments at Merrill Oregon. The abutments require the excavating of approximately 140

cubic feet of material, mainly earth and the placing of approximately 140 cubic feet of concrete. Bids will be received for concrete or stone masonry.

For particulars address C. R. Linn, County Clerk or C. T. Barber, County Surveyor, Klamath Falls, Oregon. Signed C. R. Linn, County Clerk.

Notice To Bidders. Bidders shall submit proposals for the completed work as outlined in the plans and specifications, including the furnishing of all materials. Each proposal must be accompanied by a certified check amounting to 5 per cent of the total bid and payable to the Court of Klamath County as a guarantee that the bidder will, if successful, promptly execute a satisfactory contract, and furnish bonds for the faithful performance of the work as required by the plans and specifications for said construction. The proposal must be marked "Proposal for abutments of Merrill bridge abutment," and addressed to Klamath County Court, Klamath Falls, Oregon. The name of the bidder should be written on the envelope enclosing the proposal.

The Woman's Store

SAFETY SAVING SATISFACTION
