

GEO. MELVIN SPENT HUNDREDS HE SAYS

WIFE HAD SUFFERED TWELVE YEARS—SHE GAINS FOURTEEN POUNDS ON TANLAC

"I spent hundreds of dollars for medicines and treatments for my wife but nothing she ever took helped her like Tanlac," said George Melvin, of 601 Alleghany St., Portland, Ore., while in the Owl Drug Store recently.

"About twelve years ago my wife had a fall that made an operation necessary and from that time on she was in miserable health," continued Mr. Melvin. "She got to where she only weighed ninety-eight pounds, had no appetite and had to diet, but even that didn't seem to do her any good and she would complain that what she did eat just seemed to lie in her stomach in a lump and often would ferment and press so around her heart that she could hardly get her breath. She was nervous, too, and didn't sleep well and suffered a lot with terrible headaches. She was also troubled with dizzy spells and got to where she was so weak and worn out she was hardly able to do any of her housework."

"I had been reading so much about Tanlac that I asked her to try it, but she had taken so many things without getting any relief that she didn't have any faith in it; but I got a bottle anyway and urged her to take it. Well, Tanlac has certainly proved a revelation in her case. She has a good appetite now, eats anything she wants and never complains of having a bit of trouble with her stomach afterwards. She isn't nervous like she used to be and sleeps just like a child at night and isn't troubled with headaches or dizzy spells any more and is able to do all her own housework. She has gained about fourteen pounds in weight, her cheeks have filled out and are as rosy as a healthy girl's and right now she is in better health than she has been in years. Not long ago I had a touch of rheumatism in my leg and took one bottle of Tanlac and I haven't a sign of the trouble now. My wife and I certainly think Tanlac is fine and will gladly tell others what it did for us."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc. Co.—Adv.

SOAP MAKERS BUY BI TRACT OF LAND

LONDON, July 2.—Gradually England's captains of industry are acquiring the huge estates of the aristocrats. Lord Leverhulme, a soap manufacturer, who recently purchased the Island of Lewis, is now understood to have bought also the Island of Harris, in the Hebrides. Together the islands cover 560,000 acres.

The only larger estate in the kingdom is that of the Duke of Sutherland who, despite recent sales, still owns 900,000 acres.

CARIBOU SEEK NEW FEEDING GROUNDS

CORTONA, Mo., July 1.—Most caribou herds have been driven into new regions where they have never been found before, as the result of forest fires in the upper Kuskokwim country which have destroyed the moss on which the animals subsist. As a result, could tourists visit Mount McKinley national park and the region seventy-five miles below the McKinley range as easily as they can reach Rainier National Park, they would see the caribou in their new home.

Fires now burning in the Toklat, Middle river and upper Semana river districts may cause the Caribou to seek still other sections for a livelihood.

WISCONSIN FIRST TO RATIFY SUFFRAGE

To Wisconsin goes the honor of being the first state to register its ratification to the constitutional amendment for suffrage. David G. James of Madison, father of Ada James, chairman of Wisconsin Woman's Party, borrowed money for the "hop" to the capital, getting there just ahead of Illinois' messenger.

TURNS FROM NATIONAL TO STATE AFFAIRS

Congressman Franklin F. Ellsworth of Minnesota is proving the exception to the average public official in government affairs. Although he is now serving his third term at Washington, he is turning his head to home affairs again and has announced his candidacy for governor of his state.

HAWAIIAN TOBACCO INDUSTRY A SUCCESS

HONOLULU, T. H., July 1.—Jared G. Smith, pioneer tobacco grower of the Kona district on the island of Hawaii, is authority for the statement that the Hawaiian tobacco industry has reached a stage where permanent success is assured. Hawaiian tobacco growers have found no difficulty in disposing of their crops at profitable prices. Mr. Smith says the Hawaiian tobacco classes with the Cuban and Porto Rican product, but that a wrapper has not yet been developed, the growers thus far confining themselves to the cultivation of filler tobacco.

IT'S A POOR DOCTOR Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over—the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results—but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner.

The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors—but the certain, quick and economical way is to use a little classified ad.

Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want?
