TREATY TEXTS BETWEEN BIG THREE OUT

America is Bound to Aid France When Needed

KAISER TO BE TRIED

GERMAN OFFICERS WHO COMMITTED APPALLING INFAMIES DURING WAR WILL BE PLACED ON TRIAL—BRITISH OPPOSE PUTTING GERMAN POPULATION UNDER POLISH RULE GERMAN ARMY WEAK

PARIS, July 3.—Texts of the agreements between France and the United States and France and Great Britain were given out late tonight. The agreement between France and the United States cites treaty provisions prohibiting Germany from fortifying either bank of the Rhine or assembling forces there. It also provides that if these provisions do not insure France proper security and protection the United States is bound to come immediately to the aid of France if any unprovoked act of aggression is committed by Germany.

LONDON, July 3.—Lloyd George announced today in the House of Commons in his report on peace negotiations that the former German Emperor would soon be placed on trial. According to Lloyd George the present German army is entirely too inadequate to disturb the peace of the feeblest of Germany's neighbors. The British Premier will sit in the tribunal that will try Kaiser Wilhelm.

LONDON, July 3.—All German officers who committed appalling infamies during the war will be placed on trial, said Lloyd George in addressing the House of Commons today.

The terms of treaty, with Germany in some respects were terrible, he said but the deeds which justified it were also terrible. The British delegation has taken the stand resolutely against any attempt to put predominantly German population under Polish rule.

ELKS PREPARED FOR BIG DANCE

BILLS AT TEMPLE TOMORROW NIGHT WILL MAKE UP FOR OF CELEBRATION DURING THE DAY

The big midsummer social event in Klamath Falls is to be staged here tomorrow night when the Elks dance, previously announced will be given at the Temple.

Although no big celebration is scheduled for the day tomorrow, the boys with their wives and sweethearts are going to get out in the evening and make up for lost time.

Part of the proceeds of the affair are to be used for the Salvation Army fund quota, which has not yet been completed and a portion will go toward furniture for the club rooms.

The affair is to be a shirt waist dance, all signs of coats on the men being taboo. Preparations are being made for a whooping big time and the biggest crowd that has assembled for many months.

A NEW GLASS MAN.

As an indication of the signs of the times and that this city is going ahead by long strides towards dominating metropolitan habiliments, Klamath Falls can boast of a glass man—not that he is made of glass, but that he sells glass exclusively. He is C. Stucky, 1140 Main street, and he is going to handle everything in the glass line, from the smallest pane to the largest plate glass windows. One thing that he is going to feature is wind shields. Mr. Stucky is a recent arrival and intends to make Klamath Falls his permanent home.

GARICH GOES AFTER ROGUE RIVER FRUIT

Fred Garich, accompanied by Mrs. Garich and Mr. Bell and family left this afternoon for the Rogue River Valley. It is Mr. Garich's intention to make arrangements for his supply of peaches, berries, apples and other fruits. Mr. Garich, with the Winnick company and the Sunset Grocery has done much to keep down the high cost of living so far as fruits and vegetables are concerned. They have never missed an opportunity to cut out the middle man and sell direct from the producer to the consumer, giving the latter the benefit of the money saved. That the people of the city appreciate the efforts of these men is evidenced by the immense increase in their business this year, and they are entitled to it. If the residents of this county are so shortsighted that they do not patronize the men who work so hard to help keep down the cost of living, then they should pay the piper in higher prices.

BROWN MEETS TRAGIC DEATH

POPULAR IRISHMAN IS INSTANTLY KILLED IN AUTOMOBILE ACCIDENT NEAR TOWN OF LAKEVIEW

"Cap" Brown, who for the past 15 years has been clerk in the Lakeview Hotel, Lakeview, was instantly killed near that city Monday afternoon, when an automobile in which he was riding made a complete turn-over, throwing him under one of the rear wheels, which completely severed the back of his head from the neck to the forehead. He had only returned from a trip to Portland and went to a ranch a short distance outside of Lakeview for the purpose of transacting some business. The owner of the ranch was taking him back to town when the accident happened. He was driving his car at an excessive rate of speed and realizing that he should slow down he applied both the foot and the emergency brakes. The car left the road and jumped into the air and turned a complete summersault, landing on the opposite side of the road on its wheels. In the turn-over, Brown was thrown to the ground, the back of his head being in line with one of the rear wheels, which hit him with sufficient force to completely cut off the back of his head. Death was instantaneous.

The deceased was one of the most popular Irishmen in Lake county. He has a circle of friends that extend over Southern Oregon and Northern California, and these will be deeply grieved to learn of his tragic death. He came to this county from Ireland about sixteen years ago. Of a happy disposition he made friends rapidly and was one of the best known and best liked men in Lake county.

The funeral services were held in Lakeview today, Rev. Thomas Brady officiating. The burial will be made in the Lakeview cemetery.

NEW CITY EDITOR IS AT THE HELM.

James S. Sheehy arrived here yesterday from Portland and today assumes the duties of city editor of The Herald. Mr. Sheehy is no stranger to Klamath Falls. About two years ago he was a resident of this city, during which time he was one of the strong factors in the baseball team that won so many honors for Klamath Falls. He was then one of the valued employees of the Ewauna Box Company. During the past two years he has been one of the leading students in the School of Journalism of the University of Oregon, during which time he has taken an active part in the publication of the various magazines issued under the direction of that institution. He has a host of friends in this city who will be glad to welcome him back and The Herald knows there are many others who will be glad to be his friend and extend to him the many little helps necessary to insure the publication of a real, live newspaper.

Miss Mabel Leavitt, who was identified with The Herald last summer and who is also one of the products of the School of Journalism will be the assistant to Mr. Sheehy.

GRAND EXODUS FOR THE FOURTH

INDICATIONS ARE THAT THE CITY WILL BE GENERALLY DESERTED AND ALL CAMPING PLACES FILLED

There is every indication that Klamath Falls will be a model "safe and sane city" on the greatest Fourth of July since the Declaration of Independence was signed by the Colonies.

A mere handful of town-folks will be left to watch the place in case some bold spirit tries to walk off with it while the rest of the inhabitants are far away. On all sides Fourth of July celebrations are being planned, some on a moderate scale, others of larger proportions. But Klamath will have no celebration.

In some Oregon cities where celebrations are to be held, festivities will begin on the third and will include the fifth. Many cars will be at the disposal of people attending the country rodeos.

At Ashland there will be a monster Liberty demonstration, with bucking contests, racing, ball games, parties and elaborate fire works in the evening. People from Klamath Falls began going over Wednesday, for fear they might miss some of the celebration, if they waited until Thursday or Friday.

Bly is a Klamath county town that has arranged for a celebration. This is to be in the form of a Rodeo and there is also to be an old-time barbecue. The cattlemen and their cowboys have entered into the thing with a spirit and they promise their visitors a "sure enough" wild western show.

The Indians have been prevailed upon by the Fort Klamath people to assist in their Fourth of July and that part of the country will have the distinction of an Indian fire-eater, and Indian war-dances, besides their usual speeches and parades.

Rocky Point is to have no regularly planned entertainment, with the exception of a dance on the night of the Fourth. Nevertheless, every tent and cabin has been reserved for the weekend by those who long for the solitude of the great pines, on their holiday.

Taking things into consideration there is every indication that each may seek his own entertainment as his conscience dictates, and a good time will be had by all.

BLOOD FLOWS IN BUDAPEST

VIENNA, July 3.—(Associated.) Forty students in the military college at Budapest were executed by order of the Hungarian communist government, according to advices received here today. Bela Kun issued a proclamation declaring that proper appreciation was not shown of the mild treatment which was given them for a period of three months. Blood shall flow hence forth if it is necessary to insure the protection of the proletariat.

ALL ROADS TO CRATER LAKE OPEN

The glad news has reached this city from H. E. Momyer, assistant to the supervisor of Crater Lake Park, that all of the highways leading to the lake are now open for traffic. Superintendent Sparrow has been driving hard to accomplish this in time to have things ready for the Fourth of July traffic.

LAMBERT IS PROMOTED.

Word has just been received in this city that Almon Lambert, son of Paul Lambert of the Klamath Dye Works, has received a substantial promotion and is now first quartermaster of the U. S. S. Lake Harris, plying between England and France. He joined the colors soon after war was declared and has made splendid record in the service, as is evidenced by the promotions he has received.

LOCAL BALL TEAM TO PLAY ASHLAND

CAPTAIN JIMMIE CLARK'S MEN LEAVE KLAMATH FALLS FRIDAY MORNING TO MEET ASHLAND TEAM SATURDAY MORNING—LOCAL LINE-UP UNCERTAIN

Klamath Falls' local baseball nine under the guidance of captain and manager Clark will leave Friday morning for Ashland where they will meet Captain Plymate's Lithia tossers Saturday morning as a feature of Ashland's annual Round-up festivities.

Captain Clark is uncertain at this time exactly who will pitch for his club and is looking for a dependable twirler to fool the Ashland team. Hilton, who did some little pitching about Klamath Falls the past few years, has just recovered from a protracted illness and will be unable to work for the locals. Jimmie Clark will catch and the remainder of the squad will be picked from the ball players that are in town.

Ashland has a fairly strong aggregation as evidenced by their win over Yreka last Sunday on the latter grounds. Their victory however, was expensive in that they lost the services of Kenneth Lilly, their slugging outfielder, who wrenched his knee in a collision with the Yreka catcher. Lilly was captain of the Stanford University team last spring. Dwight Wilson, a cool, collected, twirler from the University of Oregon will no doubt pitch for Ashland and if he is in shape he ought to keep them guessing. He has a fine curve and excellent control. Coleman, Treglikas and Finerman are among some of the players who will play with Ashland against Captain Clark's men.

A return game with Ashland on the local diamond is scheduled for the latter part of July or the first week in August. Games may also be arranged with the Weed team that is now in the making, and the team representing Dunsmuir, California.

FINAL RULES SET FOR BIG FIGHT

TOLEDO, July 3.—At a meeting of the principals and the officials for the Willard-Dempsey fight, it was decided that the fighters should box under the Marquis of Queensberry rules, with the kidney punch and the side hand chop blow barred. In the clinches the men may box and protect themselves until the referee orders them to break.

ANTI-BOLSHEVIK IN TZARITZIN

LONDON, July 3.—Forces of General Denekine, anti-Bolshevik leader in Southern Russia, have occupied Tzaritzin, on the Volga river, according to a Russian wireless report.

DIRIGIBLE R-34 ON WAY TO LONG ISLAND

LONDON, July 3.—The British air ministry announced that the dirigible R-34 would reach St. Johns, N. F., Friday morning, and Long Island Saturday morning. The position at 6 o'clock this morning was approximately half way to Newfoundland.

GARRETT PUTS HOT STUFF ON SPRING ST.

The Garrett Construction company is rushing work on Spring Street and already is making splendid progress. The first coating of hot oil was applied today, and the rest will follow as rapidly as the rock is laid. It will not be long until this thoroughfare is opened to traffic.

CHAMPION GOPHER KILLER.

ANACONDA, Mont., July 3.—Lew Hartzell, sheriff of this (Deer Lodge) county, has slain 1,033 gophers this year as part of a campaign to rid the county of them. He uses a small rifle. His record for one day is 128 and he frequently shoots the animals from his automobile.

DR. MITCHELL'S CONDITION.

Doctors Johnson and Massey today issued a statement on the condition of Dr. Mitchell which carries the most cheerful news yet contained in any of the previous statements heretofore made. It may be said that the Doctor has passed the turning point and while he has a long road to travel to reach a complete recovery, he has started on that journey. The success that has attended the efforts of these physicians has now been phenomenal, and stamps these men as being in the very forefront of their profession.

ZANE GREY WILL BE HERE TONIGHT

NOTED AUTHOR IS PERSUADED TO VISIT CITY BY MANAGER POOLE OF THE LIBERTY THEATRE

Due to the efforts of Harry Poole, manager of the Liberty Theatre, the people of Klamath Falls will have the privilege of hearing Zane Grey this evening. Mr. Grey visited Crater Lake and came to Rocky Point through the Medford gateway, and it was his intention to return the way he came, until Mr. Poole presented to him the beauties and splendors of this section of the state, and he concluded that if it were half what the manager of the Liberty represented it to be, he could not afford to pass it by.

In addition to persuading Mr. Grey to return through this city, Mr. Poole also secured his consent to talk to the residents of Klamath Falls at the Liberty Theatre this evening, and this he will do at both performances. He will need no introduction to the people of this city, as his name is a household word in a majority of the homes in Klamath county and he is known to nearly all of the patrons of the moving picture theatres here where the picturization of some of his best stories have been viewed, among them being "Riders of the Purple Sage," "The Rainbow Trail," "The Border Legion." Several others of his stories will be shown in this city in the near future, among them being "Desert Gold," which critics say is the best he has yet produced, "The Light of Western Stars," and "The Lone Star Ranger," both of which promise to be record breakers.

It is the intention of Mr. Poole to try and persuade Mr. Grey to visit the lava beds, one of the most romantic spots in the west, and if he does, he will be sure to gather sufficient data for the production of a story that will tell of the last stand of the Modocs and the leading part played by the Klamaths in bringing to a successful close the war on the whites that for a time threatened their extermination.

ARMY ON PEACE STRENGTH SOON

WASHINGTON, July 3.—Orders for the demobilization of the army by September 30 to peace time strength was authorized by the National Defense act which was issued today by the War Department.

ENGINEERS EQUIPMENT TURNED OVER TO PARK SERVICE.

Mr. Wills from the engineers' camp at Crater Lake is in the city on business connected with the turning over to the park service of all of the engineering equipment connected with the work being done in the past, by that branch of the service in the park.

LEAVES FOR ! OS ANGELES.

Miss Ruth Drake, who has been here for the past several weeks settling up matters in connection with the estate of her father, the late Thomas Drake, left this afternoon for her home in Los Angeles. Miss Drake will auto from here to Ashland, from which point she will take the train for her home in the south.

MT. ROOSEVELT NAMED AFTER TR

IMPRESSIVE CEREMONIES MARK THE OCCASION OF NAMING OF PEAK AFTER "THE GREAT AMERICAN"—GENERAL LEONARD WOOD ORATOR OF THE DAY

DEADWOOD, S. D., July 3.—Within sight of the country over which Theodore Roosevelt as a young man ranged his cattle and hunted wild game and just above the trails he followed while a visitor in this district, a mountain—one of the most lofty peaks in the Black Hills—today became Mount Theodore Roosevelt, in honor of the former President of the United States, "The Great American." Two tablets were unveiled.

To witness the ceremony thousands of Americans from all parts of the Norbeck of South Dakota presided at country came to Deadwood. Governor Norbeck of South Dakota presided at the ceremonies on the summit of the mountain, and Major General Leonard Wood, was the orator of the day. The arrangements were under direction of the Society of the Black Hills Pioneers, of which Colonel Roosevelt was one of the two honorary members.

The movement to provide the memorial had its inception at a meeting of the Society of Black Hills Pioneers last January, when a suggestion of Captain Seth Bullock a plan to change the name of Sheep Mountain to that of Mount Theodore Roosevelt was adopted.

Sheep Mountain, one of the highest peaks in the Black Hills and the highest detached peak in the chain of mountains so designated, lies three miles from Deadwood. It is accessible to its summit by a broad highway, suitable for teams or automobiles, while several trails, safe and convenient for horsemen or persons on foot lead to the top of the mountain. From its summit, the neighboring states of Wyoming and Montana are visible. The view from the top is unsurpassed for beauty in this section of the country.

The city of Deadwood is bearing the expense entailed by erection on the summit of the mountain of a round tower on which will be placed the bronze tablet hearing the legends telling a part of the life of Theodore Roosevelt and his contribution to Americanism. One of the tablets bears the following inscription: In Memory of Theodore Roosevelt, The American, October 27, 1858, January 6, 1919. Society of Black Hills Pioneers July 4, 1919.

The other tablet pays a tribute to the services rendered by Colonel Roosevelt to his country.

FRED GRENNON FINED IN COURT

The city administration is encountering many obstacles in trying to enforce the new Garbage ordinance. The first case to be brought to the attention of the court was that of Fred Grennon for the violation of the ordinance.

After the decision of Judge D. V. Kuykendall, denying the application for an injunction, restraining Fred Grennon from engaging in the removal of garbage without taking out a license permitting him to do so; a complaint was issued by Ed Hunter, official scavenger, against Mr. Grennon, for gathering the rubbish from restaurants. Mr. Grennon was arrested upon this complaint and brought before Police Judge A. L. Leavitt.

Messrs. Renner and Chastain acting for the defendant, filed a demurrer to the complaint, which assailed the validity of the city ordinance with some force. The demurrer being overruled by Judge Leavitt, the defendant was found guilty and fined fifty dollars. From the judgment of the Police court the lawyers for Mr. Grennon appealed the case to the Circuit court.

THE MONTENEGRAN REBELLION STARTS

BERNE, July 3.—Virtually all of Montenegro is in rebellion against the Serbian occupation, according to advices received here today. Bloody encounters are many.
