

Adjustment That Squares with Goodrich Performance

In practical usage on road and pavement, Goodrich Tires are today consistently delivering remarkable mileage, showing a strength and endurance which proves them the best tires the rubber industry has developed.

Knowing by actual performance what splendid service Goodrich Tires are giving, the B. F. Goodrich Rubber Company has taken a step frankly intended to induce every motorist to share the more mileage of its tires.

It has established this new adjustment mileage worthy of the proven durability of its tires—

6,000 miles for Safety Treads—8,000 miles for Silvertown Cords, instead of the old adjustment of 3,500 for Safety Treads, and 5,000 for Silvertowns. The new adjustment holds good for all Goodrich Tires, including tires already purchased in the hands of user or dealer.

Go to a Goodrich dealer, and buy Goodrich Tires, sure that they will fulfill their mileage.

TYPHUS RAGES OVER EUROPE

DUE TO THE STARVE CONDITION OF THE INHABITANTS OF WARTORN CONTINUES DISEASE IS RAMPANT

LONDON. (Correspondence of the Associated Press.)—"In the condition of chaos in which Eastern Europe is at present, famine and fatigue have produced a condition of lowered resistance to infection which favors the reproduction of the epidemics of the Middle Ages," says a writer in the Lausanne (Switzerland) Gazette.

"Prisoners are wandering in Eastern Europe on their way to their homes, innumerable Russians on their way to the east from Germany, Germans, Austrians and Hungarians passing from Russia to the West, Serbia and Croats striking south, Poles going to the north, crossing one another in indescribable confusion in Poland, Ukraine, and Hungary. The absence of linen and clothing forced these prisoners to clothe themselves in rags of skins in the same way as the civilian population.

"The fight against typhus consists mainly in bathing the men and sterilizing their clothing. The Hungarians possess ovens, but no coal; the Czechs Slovaks have coal but no ovens. Soap and body linen are absent everywhere.

Linen when put into the oven is so wretched as to be unwearable afterwards and the owner has to be sent away clad in his sheepskin. Prisoners and wandering civilians know this so well that they take every means to avoid disinfection more than anything else; to avoid being stoved at a station they get out of the trains when they stop at the smaller station and enter the town in small scattered groups which attract less attention.

"The ordinary mortality of exanthematous typhus in endemic regions before the war in Silesia, Poland, Russia and Galicia was from 6 to 7 percent, at present it is over 20 percent. It is true that the epidemic has not yet assumed the proportions of epidemic cholera in India, where in the town of Bombay alone there were 2,295 deaths from January 12 to 25, 1919; but there is a great danger for Europe. All Eastern European states realize this, and though they were at war with one another, yet they sent their delegates to the Budapest Congress and decided to place their resources in common."

IRISH SHOOT O'CONNELL STATUE

DUBLIN, July 5.—Examination has just revealed that in the shooting which took place in the streets of Dublin Easter week in 1918, the great O'Connell monument was penetrated by eight or nine bullets.

A proposal has been made that the damage should be repaired. The City Engineer, however, has advised that the bullet holes do not involve any risk to the monument, are invisible unless attention is specially drawn to them, and in the future will have a considerable historical interest. Accordingly, the corporation has decided that the monument shall remain as it is.

TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NOBODY CAN TELL

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmothers' recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

WHO SHALL CONFIRM THE LIEBNECHT

BERLIN, July 5.—Question has been raised here as to what authorities under the Prussian law, shall confirm the verdict of the military court

which convicted several persons of the murder of Karl Liebknecht and Rosa Luxemburg.

In former times the sentence would have been confirmed by the King of Prussia, the German Emperor. Now

it is believed that the Prussian King for as head of the left, is the proper person to take this action. Meanwhile the convicts remain in prison and cannot appeal from the verdict of the military court.

IT'S A POOR DOCTOR Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over—the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results—but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner.

The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors—but the certain, quick and economical way is to use a little classified ad.

Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want?
