

SILVER PLATE LOCATED ON SCOTCH ESTATE

EDINBURG, July 9.—A hoard of battered silver plate dating back to the fourth century has been found on the estate near here of the British Foreign Minister, A. J. Balfour. It is described as one of the most remarkable archeological discoveries ever made in Northern Europe. Mr. Balfour had agreed with the excavators that all finds should become the property of the nation, and the silver vessels have been transferred to the Queen Street museum in this city. The silver is said to be exceptionally pure.

The site of the discovery is known as Traprain Law. It was once a fortified area, which covers sixty acres and gives evidence of occupation at intervals during the first four centuries of the Christian era. It is believed to have been at one time the site of a Celtic settlement under Roman rule. Its latest inhabitants are thought to have been Saxon pirates.

Excavators for the Queen Street museum struck a small pit which was filled to the brim with battered silver vessels and a few coins of the Emperors Valens and Gratian. The vessels were crushed and disfigured indicating that they were regarded as booty and intended for the melting pot. They include flagons, chalices, platters, bowls and spoons. On them can be deciphered Christian symbols, such as Chi-Rho, Alpha, Omega and Iesus Christvs. Scenes portrayed in relief are mainly from Bible history.

The gem of the collection is a richly decorated flask, beautifully embossed and bearing the inscription, "Prymalcoelstapi," which has not yet been translated. Archeologists have not been able to say whether the vessels were spoils taken from one single church or from a number of different places. Some of the silver is gilded, some enamelled, and some inlaid with gold.

PORTLAND MAN HAS GAINED 20 POUNDS

HENDERSON WANTS THE WORLD TO KNOW HOW TANLAC ENDED NINETEEN YEARS' TROUBLE

"There is no doubt in my mind about Tanlac being a real medicine, for it has ended my eighteen years of suffering, and beside gaining twenty pounds in weight, I am enjoying perfect health again," said W. C. Henderson, a well-known carpenter two lives at 1249 Minnesota Ave., Portland, the other day.

"During all those years," he continued, "my kidneys were in very bad condition, and I had tried so many treatments and medicines that did me no good, that I had about reached the conclusion that I never would get any relief from my suffering. I had a dull, heavy pain in the small of my back all the time, and when I sat down for a few minutes I was hardly able to get up. I finally got in such bad condition that I was not able to turn over in bed. The misery I went thru on account of these troubles pulled me down so that I had to lose a lot of time from my work. I suffered a lot from headaches, too. Why, there was one time when I don't honestly believe my head quit aching for about six months' time, and it just nearly ran me crazy. I got so bad off last fall

that I just had to give up and go to bed and I stayed there for five weeks.

"I finally made up my mind to give Tanlac a trial, and it certainly proved to be a Godsend to me, for I am now a well, hearty man, and can do as much hard work as I ever did. I never have that pain in my back, and my kidneys don't give me a particle of trouble any more. The headaches have left me, too, and I have gained a lot in weight and strength and just feel good all the time. I can hardly realize that my nineteen long years of suffering have come to an end, and I am so happy over what Tanlac has done for me that I just want the world to know about it. I never lose any opportunity to boost Tanlac everywhere I go, and I never expect to be without it as long as I live."

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Adv.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

SHORTER HOURS FOR LONDON NEWS WRITERS

LONDON, July 10.—All the regular editors, special writers and reporters of the Times, Daily Mail and Evening News are to have two days each week for rest or recreation under the "five-day working week" which Viscount Northcliffe is introducing in his newspaper properties. The writing staffs of the Times and Daily Mail already have been reorganized on this basis and the system is to be extended to the News. The same system is to be arranged in the near future for all others on these papers, including all members of the business staffs, the printing and mechanical forces. This is not possible at present on account of the scarcity of skilled labor.

Lord Northcliffe's view is that all men, especially those engaged in brain work, attain their highest efficiency by this division of work and recreation, and by a complete change at these regular and frequent intervals. The chief rival of Lord Northcliffe in adherence to the theory of short hours and better work is the great soap magnate, Lord Leverhulme, formerly William Lever. His ambition is to have a working day of six hours for all his thousands of employes, and he has even hinted at a four-hour day as a possibility of the future.

IT'S A POOR DOCTOR Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over—the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results—but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner.

The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors—but the certain, quick and economical way is to use a little classified ad.

Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want?
