A GOOD HOME.

Women always value highly a good home, for they spend most of their time there. We have one in Hot Springs Addition that will surely please. It has five big rooms and a sleeping porch in main part of house, also large screened back porch, bath, large closets, fire place, cabinet work, pantry, cold storage room, lawn and large lot. It also has an addition with two good bed rooms and large wood house, and garage, making a fine place for a large family. Owner expects to leave soon to care for other interests and will sacrifice at \$3500.00 on terms. Better look at this today; it may be gone tomorrow. Chilcote & Smith, 635 Main St. Phone 66. 12-3t

SOMEONE BESIDES THE KAISER IS SAWING WOOD

ANGLERS BUSY AT MONTEREY.

MONTEREY, Cal., July 12.—Anglers are getting plenty of thrills on Monterey Bay. Salmon fishing has been excellent to those who have tried the sport and some unusually large fish have been landed.

Reports from the various California fishing grounds both coastal and inland, generally indicate that the sport is the best that has been had in a number of years.

CAPITAL'S OLD MAID CLUB IS NO MORE

The "Old Maids Club" of Washington, D. C., is no more. The last member—of more than twenty young women who some years ago agreed "never to marry"—has closed the door of the club—turned the key and has followed Dan Cupid to the altar. She is Miss Lucy B. Horton, age 31 years. She married Frank M. Elliot—just at the hour the nation was going dry July 1.

Keep The Old Customer

This is more than a mere slogan—it's a resolution, so far as we are concerned. We are trying to conduct this business on a basis that will bring old customers back for more—and old customers help a lot toward bringing in new ones. Of course, a good salesman can sell even a poor make of tires once. That's "putting one over"—but we would rather sell a good make of tires—please the people, and depend on the recognized merits of **DIAMOND TIRES** to keep the business going. If you are looking for good tires—not risks—come in and see us; we are in business for steady customers.

We Have a Better Grain Binder for You

The next time you are in town, come in and look over the John Deere Binder. It's a machine that will give you extra years of service at less cost for repairs, and will do better work under abnormal field and weather conditions than other binders.

We want to show you many points about this machine not found in other binders that you will recognize as extra value.

Stronger wheels, heavier frame, reinforced platform, self-aligned bearings, roller bearings, three packers instead of two, hardened wearing surfaces on knoter parts, ground and polished packer shaft bearing and quick turn tongue truck are a few of the many points about this binder that make it serviceable, light draft and economical to operate.

You will appreciate what binder satisfaction truly is when you get a John Deere into your harvest fields.
