## IT'S A POOR DOCTOR

Who Won't Take His Own Medicine

THAT'S WHY WE ARE USING THIS SPACE TO TELL YOU  
WHAT JOLLY LITTLE BUSINESS STIMULATORS HERALD  
WANT ADS ARE—AND WHY THEY GET RESULTS

THERE IS NO GUESSWORK about a Herald Want Ad. They do the business. We know they pay. Our customers have told us so time and again. We have used them ourselves and they have never failed to get results. They are the short cut to a quick turn-over—the modern method of merchandising on a small scale, where the value of the article to be sold or the importance of the want to be filled will not justify a heavy outlay.

If you had something to sell, trade or give away and went out on the street and told each person you met about what you wanted to do, you might get results—but the people you talked to would be very likely to say: "That poor fish has bats in his belfry." If, on the other hand, you used a Want Ad, you would talk to the whole county at once, instead of only one person, and do it in a businesslike manner.

The same rule applies to hiring help, renting a house, looking for a job, or any one of the important little incidents of life where you must call in the assistance of someone outside your immediate family. You MIGHT get results by telling your troubles to the neighbors—but the certain, quick and economical way is to use a little classified ad.

Do you want to buy, sell or trade, want to hire help or find work; do you want to find a room, a house to rent, or to rent the same to someone else; do you want to call attention to some new feature of your business, seek information on some subject, or have you any little unfilled want?

## USE HERALD WANT ADS

THEY DELIVER THE GOODS AND ARE ALWAYS WORKING

COOKING FOR  
FIFTEEN MEN

FARMER SAYS WIFE IS LIKE DIFFERENT WOMAN AFTER TAKING TANLAC—GAINS TWENTY POUNDS

"My wife has not only been completely relieved of stomach trouble, but has actually gained twenty pounds in weight, on three bottles of Tanlac, so you may know from that what I think of the medicine," said William F. Moje, a well-known farmer, whose address is Box 157, R. F. D. Route No. 1, Post Falls, Idaho, while in Murgittroyd's in Spokane, Wash., recently. Mr. Moje has lived at Post Falls for the past seventeen years.

"For the past two or three years my wife has been in a terribly weak and run-down condition," continued Mr. Moje, "and most of the time has had a dull, aching pain in her side. She had absolutely no appetite and just had to force down what little she did eat and then she would be troubled with sour stomach and gas. She would suffer with shortness of breath so at times that she could hardly do any of her work and I lost as much as three months' work staying at home to help her. She was so nervous sometimes that the least little thing would upset her completely and she didn't sleep well at all, but would just roll and toss about for hours and would get up in the morning feeling more tired than when she went to bed. A day's work around the house would just wear her out and she was losing weight all the time and finally got down to where she was pretty thin. She also suffered a lot with sick headaches and would be so dizzy at times that she would just have to catch hold of something to support herself. Of course, she tried different treatments but nothing she took gave her any relief and she had just about lost all faith in medicine until she took Tanlac.

"We had read about Tanlac and what it was doing for others so my wife decided to try it and I can tell you right now I am mighty glad she did, because since she started taking it all of her troubles just seem to have passed away. She never suffers any more with headaches, that shortness of breath has been relieved and the pain in her side is gone. She is doing the cooking for fifteen men now and her work doesn't seem to give her the least bit of trouble, and eat! Well, you just ought to see her that's all. Why, she eats anything she wants, and is never bothered a bit with sour stomach, gas or dizziness, and she sleeps just like a child for eight hours every night and gets up in the morning feeling fine; in fact, it just looks like she is a different person altogether. She is more than satisfied with Tanlac. I can tell you, and would be glad to have anyone write to her that wants to know what it did for her."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc. Co.—Adv.

SEIN FEINERS WISH IRISH  
TO TRADE DIRECT WITH WORLD.

DUBLIN, July 15.—The Sinn Fein party desires to establish Irish trade direct with the nations of the world without the intermediary of English agents. It has been suggested that Ireland should have separate trade centres and capitals of the world.

To meet the obvious difficulties of starting and financing such a scheme Professor John MacNeill, member of Parliament, points out that the thing may be largely done through the universities which have the power to institute studentships in commerce tenable on conditions of residence in selected places abroad. He says these students could act as Irish trade agents.

STUDENTS REQUIRED TO  
TAKE BODY TRAINING.

LOS ANGELES, Cal., July 15.—Physical education will be a required course of the Southern California branch of the University of California, it was announced by Dr. E. C. Moore, who will be director of the institution when it is established July 22.

Request for instruction in this science by the new branch was made to the United States bureau or hy-ne, Dr. Moore said, the bureau was established when the selective service act was enforced.

SAN DIEGO MISSION  
WILL BE RESTORED

SAN DIEGO, Calif., July 14.—Plans for the restoration of Mission San Diego de Alcala, near this city, the first established in California, have been formulated by the committee in charge of the preservation of the old ruins, and work will be started immediately. The ruins will be restored to show the original outlines of the building.

The road leading to the building will be repaired, the grounds laid

out in the nature of a park, and flowers and trees planted; while inside the mission the rooms will be restored as much as possible to their original appearance.

Original pictures, statues, candlesticks and other objects of interest will be arranged about the rooms to conform as nearly as possible to their appearance in the days of the Franciscan fathers.

Arthur B. Benton, architect of Los Angeles, who is secretary of the Landmarks club, made the plans for the reconstruction of the mission from an old Spanish drawing.

## Keep The Old Customer

This is more than a mere slogan—it's a resolution, so far as we are concerned. We are trying to conduct this business on a basis that will bring old customers back for more—and old customers help a lot toward bringing in new ones.

Of course, a good salesman can sell even a poor make of tires once. That's "putting one over"—but we would rather sell a good make of tires—please the people, and depend on the recognized merits of DIAMOND TIRES to keep the business going.

If you are looking for good tires—not risks—come in and see us; we are in business for steady customers.

DIAMOND TIRE & VULCANIZING COMPANY.

We Have a Better Grain  
Binder for You

The next time you are in town, come in and look over the John Deere Binder. It's a machine that will give you extra years of service at less cost for repairs, and will do better work under abnormal field and weather conditions than other binders.

We want to show you many points about this machine not found in other binders that you will recognize as extra value.

Stronger wheels, heavier frame, reinforced platform, self-aligned bearings, roller bearings, three packers instead of two, hardened wearing surfaces on knoter parts, ground and polished packer shaft bearing and quick turn tongue truck are a few of the many points about this binder that make it serviceable, light draft and economical to operate.

You will appreciate what binder satisfaction truly is when you get a John Deere into your harvest fields.
