WAR MOTHERS WILL HOLD CONVENTION

INDIANAPOLIS, July 17.—Mrs. Alice M. French, national president of the American War Mothers has announced that the national convention of that organization will be held in Washington, D. C., Sept. 29 to 31 inclusive. The plans are for the national board of directors, of which

Mrs. Rueben R. Hutchcraft, Paris, Ky., is chairman, to meet on the afternoon of Sept. 29. The convention will open formally that evening. Mrs. French is to preside, assisted by Mrs. Emile Hendricks of Salem, Ore., and Mrs. C. L. F. Robison, Hartford, Conn., first and second vice presidents, respectively. The American War Mothers is an organization of mothers of soldiers, other women relatives not being admitted to membership.

HUN CIVILIANS PURCHASE FOOD FROM U. S. ARMY

COBLENZ, July 17.—Civilians in the American occupied area of Germany have been buying nearly a million marks' worth of food daily during the last few weeks from the U. S. army supplies. The amount sold thus far totals 40,000,000 marks. Germans in Treves and Coblenz have organized a non-profit association which deals with the Inter-Allied Military Commission on Food, the supplies being distributed to the consume through the retailers who are allowed a limited profit on all sales.

Such staples as bacon, rice and canned milk were at first sold to the Germans by the commission of experts' reports that the poorer classes, especially the women and children, were in need of certain foods. Later, when thousands of American soldiers were homeward bound, the commission decided to open certain stores of the navy to the Germans, owing to the fact that there was more food on hand than the army had use for.

Much of the food is brought to the occupied area from the army de-

pots in France, the Germans buying at a small profit to the American army, plus the transportation charges form the United States.

To date food valued at more than forty million marks has been sold to the civilians of the American occupied zone, all from army stores.

NOTICE

Mr. Lester requests that all members of the Relief Corps have their pictures taken immediately to be placed on the "Roll of Honor" for their services in the war. There will be no charge at either Bond's or Henline's studio.

FLORA EMMITT, President.

On account of car shortage we will sell blocks at \$2.50 per cord at our factory until further notice. Now is the time to get in your winter blocks.

NATIVES WILL ROUT AFRICAN ELEPHANT

LONDON.—The life of the famous African elephant seems to be in danger for the South African Cape Provincial Council proposes to exterminate those in the Addo Bush Forest, near Port Elizabeth.

For generations past these animals have been a great nuisance to the farmers. They have damaged crops and killed several persons.

The African elephant is noted for its laziness—quite the reverse to its Indian relative, who, when called upon, cheerfully and easily shoulders a burden of a ton or so. However, an

effort is to be made to train the young ones for log-hauling in the Cape forests.

The rounding up of the animals has involved the erection of a number of lofty observation towers and so large are the numbers to be killed that the shooting of the animals will take over six months. The natives enjoy elephant's meat and the prospect of an unlimited supply for several months is being eagerly looked forward to.

The Provincial Council's announcement has caused keen regret among the naturalists, some of whom say that should the threat be carried to effect, the elephant, like the mammoth and the Ichthyosaurus, may become extinct.

Remember, a whole carton!

It pays to buy current-saving National Mazda Lamps. They give three times the light of old style bulbs for the same light bills. Buying five in a blue, convenience carton saves breakage and gives you extra lamps to keep on hand.

What Do YOU Know About Clothing?

—You may be one of the few capable of fine discrimination as regards materials, tailoring and style.

—Or, you may be one of the vast majority of men who must depend upon the integrity of the dealer.

—At this store we make a direct appeal to both divisions of men—the men who know clothing, know that the better kind is to be found here—the man who takes our word for it, is assured of the utmost in Quality and Style at the price he wishes to pay.

—No store can do more than stand back of every transaction—many do less. During these strenuous times when your dollar must do one hundred cents' worth of duty, it is to your advantage to buy where the merchants' word is GOOD—and we place ourselves in that class.

The Board of Lubrication Engineers

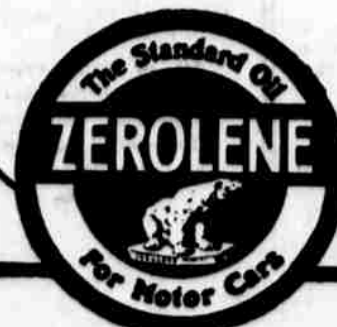

Our Board of Lubrication Engineers study the lubrication needs of each make of automobile.

These experts have determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a chart for each make of car.

Zerolene is correctly refined from selected California crude oil. It keeps its lubricating body at cylinder heat, holds compression, gives perfect protection to the moving parts and deposits least carbon. It is the product of the combined resources, experience and equipment of the Standard Oil Company.

Get a Correct Lubrication Chart for your car. At your dealer's or our nearest station.
