

NOTICE

I am now prepared to furnish Shasta Sand from the Hoey, Cam., sand and gravel pit, in any quantity that may be desired by contractors and builders.

AL F. GRAHAM.

HUNS ATTEMPT TO KILL MAJOR

COBLENZ, July 18.—Two Germans attempted last night to assassinate Major George Cockriel, Provost Marshal of the American forces in Germany. The German escaped after firing several shots from behind Major Cockriel. He was uninjured.

PRODUCTION AIDED BY USE OF SULPHUR

William W. Johnston, who has charge of the co-operative experiment work in this county, in connection with E. H. Thomas, county agriculturist, is at last able to report on the effect of sulphur and other commercial fertilizers on the various crops. The farmers who have taken part in the experiments are Frank McCornack, F. T. Nelson, and Burel Short.

The most complete data at hand has been furnished by the yield on the McCornack ranch this summer in alfalfa cuttings. Here the hay on representative tenth of acre plots, as the hay was ready to go to the stack, and the following yield per acre was calculated.

Plot No. 1, sulphur, 2.59 tons per acre. Plot No. 2, sulphur, 3.43 tons per acre. Plot No. 3, sulphur 2.43 tons per acre. Plot No. 4, sulphur applied during summer, 1917, 3.76

This shows a substantial increase in what was already good alfalfa.

Reports are also coming in from the Bruce Gaddis and Lies Reeder ranches, where sulphur was applied early this spring, to the effect that there is a very noticeable increase in the yield of the first cutting, which is just now being put up. The E. E. McClay ranch is beginning to show a decided difference in the second crop as it is coming on.

Mr. Thomas is planning an automobile tour, in which every one who is at all interested in the work for better crops, is urged to take part. The exact date of the trip has not been arranged, but it will be at a time when the most people can join.

47,000 ENLISTMENTS FOR REGULAR ARMY

Enlistments in the Regular Army in the United States since the call went out several months ago for volunteers to replace temporary service men in the Army of Occupation totaled 47,000 last week, according to announcement by General March, Chief of Staff of the War Department.

Of the 47,000, five battalions made up of 4,900 men have already started for the A. E. F., General March said.

Of the newly enlisted men, 14,000 expressed preference for service overseas: 1,209 for France; 40 for Siberia; 2,046 for the Philippines; 1,336 for Hawaii; 29 for Alaska, and some for Panama.

The only applications that will be considered are those complying in every respect with provisions of existing orders and regulations, according to the instructions.

ARMY MEMBERSHIPS THROUGHOUT STATE WILL TOTAL \$30,000

If army men alone enter the American Legion, in Oregon, a membership of 30,000 in this State is expected, according to information sent out from headquarters in Washington.

Figures in a Washington D. C. report shown that Oregon furnished 6,165 enlistments in the regular army, 2,395 men for the enlisted reserve corps and national army, 4,306 national guardsmen, and 18,250 draftees. This makes a total of 30,116. In addition to these 30,000 possible members, the American Legion may draw upon the navy and the marine corps for its personnel.

The constitution and by-laws of the post at Portland are being used as a model in the states of Oregon and Washington. They are reprinted in the July issue of the Pacific Legion, a monthly magazine, as well as comprehensive articles on the organization of the American Legion in Oregon, Washington and Idaho.

Are you getting ready? Why, don't you know that the Elks are coming on August 14, 15 and 16? Now get

WAR EXPENDITURES ARE STUPENDOUS.

War expenditures of the United States for the entire period of the war total \$23,363,000,000, according to an estimate presented several weeks ago by General March, chief of staff of the War Department. The estimate includes all money spent for the military program. Of the total, two thirds, or roughly \$14,000,000,000 was spent by the War Department.

Normal expenditures of the Government are estimated at \$2,069,000,000 for the period, so \$21,294,000,000 really represents the war expenditures.

The time is getting shorter every day for you to do what should be done before the Elks get here on August 14, 15 and 16. What are you doing?

Wizard Adjustable Arch Builder

provides the support nature intended your arches to have. By distributing the weight of your body evenly over the feet the strain is avoided and serious consequences averted. You can walk, dance or stand without becoming unnaturally tired. The Wizard Adjustable Arch Builder is not an ordinary metal plate arch support. It is a featherlight, flexible, all leather device that can be adjusted to fit your arch by simply arranging the inserts in the pockets so that they feel comfortable. They give instant and permanent relief. If you have been wearing ordinary arch supports change and get a pair of Wizard Arch Builders. By gradual adjustments at home, you can build up your own arch to normal, with ease and comfort.

All good shoe dealers sell Wizards

Van Bellen's

If only you could hang your feet on the strap.

Your poor tired arches carry a load all day that nature never meant them to carry. Shoes make bridges of your arches. They carry the whole weight of your body without support. In time the arches break down. The first symptom is extreme weariness, and often pains in the legs and back. Take warning. The
