### SHASTA VIEW NOTES.

If the cloud burst that came to us last week could have come a month earlier it would have done more good. The spring sowing is greatly benefited as it is and everybody is again busy putting up hay and heading.

Mr. Layman, who recently purchased the Krupka ranch, has moved his family here.

Mr. De Havens and wife, who own a ranch in Langell Valley, but are now living at Compton, California, were guests at O. E. Hunt's a few days this week.

Frank Wilson and family of The Dalles and Mrs. Wilson's sister, Miss Hewitt of Roseburg, visited at H. E. Wilson's last week.

O. E. Hunt, wife and daughter, Hazel and Mrs. C. C. Miller, visited relatives at Klamath Falls Saturday and Sunday.

The ladies of the Helping Hand society were entertained by Mrs. Letcher Holbrook Wednesday with a fairly good attendance considering the busy season for housewives.

A. Kallna, our bustling merchant at Malin, is having his new grist-mill painted. He also is busy preparing for the construction of a stone and concrete store building 130 by 50 feet plate glass front and an up-to-date building in every respect. We understand it will be the largest general store building in the county. He is carrying a stock of goods at present valued at fifty thousand dollars, and when his new store is completed will add twenty-five thousand more.

### NOTICE TO THE PUBLIC.

We hope to 'arrest' your attention by announcing that we have a new stock of "coolers" on hand. A refrigerator is the thing you need this hot weather. Call and inspect them while they last. 19-2t.

A light lunch will be served at noon, then at 2:30 and 8 p. m. Mrs. Sleeth will again address the congregation.

Don't fail to hear Mrs. Sleeth. You are cordially invited. 19-3t.

### A Boy Can Run a John Deere Dain Mower

While you are getting things in shape for making hay, put your boy on the John Deere Mower and let him do the cutting—he will do it just as well and just as easily as you can do it.

Because of the powerful lift, he can easily raise the cutter bar to pass over any field obstruction or to extreme height, when necessary. A foot lever, working in conjunction with the hand lever, makes the lift simple and easy.

Come in—It's to your advantage, to know all about this mower before you buy. While at our store, we want you to see the rest of our line of haying and harvesting machinery. We have a line of machines you can use with satisfaction and profit.
