HOME SWEET HOME by Jack Wilson

GIRLS WHO COULD NOT SWIM A YEAR AGO ARE NOW NEAR-CHAMPIONS

SAN FRANCISCO, Aug. 4.—Two girls, 16 and 17 years old, and a third who, a year ago, was unable to swim a stroke, are engaging the attention of followers of aquatics on the Pacific coast. Miss Helen Martin, 16 years old, of Honolulu, in a recent swimming meet lost only by a few inches in the fifty yard breast stroke event to Mrs. Teres Desch. Miss Martin's performance is the more remarkable by reason of the fact that in this race M-

Desch created a new Pacific coast record of 1 minute, 39 2/5 seconds for the distance. Ruth Crane is the 17 year old mermaid. In the same meet she won both the 50 and 100 yard sprint events. She is an Alameda girl, and her friends are predicting a brilliant future for her in swimming competition. Lillian Snowgrass who, a year ago, was unable to swim a single stroke, placed second in the diving events to Miss Gladys Boehmer, the Pacific Association champion. She has competed only a few times. Under the circumstances her ability is considered quite remarkable.

PACIFIC FLEET WILL BE HIGHLY FETED ON COAST

SAN FRANCISCO, Aug. 4.—Preparations for a coast-wide welcome of the officers and men of the Pacific fleet by the Knights of Columbus were completed this week by Albert G. Bagley, director of the western department war activities. Knights of Columbus, when instructions were dispatched to every K. C. secretary on the coast to co-operate in entertaining the 52,000 seamen of Uncle Sam's Navy. Director Bagley has arranged for special appropriations for the Knight's reception of the fleet at San Diego, Los Angeles, Bremerton and Mare Island, and hundreds of thousands of cigarettes, thousands of boxes of hard candy, writing paper and envelopes have been dispatched from San Francisco to the various local reception committees. Daniel E. Doran, named by Bagley as special representative of the Knights of Columbus war activities committee, has left for San Diego and Los Angeles with instructions to assist the local councils in preparing their welcomes to the men of the fleet.

At Mare Island, where the destroyer flotilla will make its headquarters, Frank Gibb, secretary for the Knights of Columbus there, is already arranging a varied entertainment program for the sailors. "These boys helped bear the burden of the war," said Bagley, "and they are entitled to everything we can do for them on their arrival here. The knights still have unexpended a considerable fund given by the American public for welfare work among our soldiers and sailors, and they feel under obligations to spend every last dollar in providing for the men in every possible way."

PACIFIC COAST WILL WITNESS MANY STOCK SHOWS DURING FALL

The year 1919 marks the completion of plans of a broad nature in the organization of big livestock shows for the Pacific Coast country. No more constructive plans were ever matured than those which have resulted in the permanent organization of these great expositions, these educational institutions which have proven wherever they exist a most effective means of developing better methods in agriculture and more general prosperity as a direct result. Five of these shows have been arranged in a convenient circuit, beginning with the Livestock Show at Los Angeles, Calif., October 18-26, and the California International Livestock show at San Francisco, November 1-8, followed by the Western Royal Show at Spokane, Wash., November 3-7, then the Northwest Livestock Show at Lewiston, Idaho, November 9-14, and finally the Pacific International, Portland, November 17-22. The working out of this circuit and the placing of these shows on a permanent basis has required a vast financial investment and almost unlimited effort on the part of those who conceived the plan and foresaw its possibilities. The establishing of these shows will, as an inevitable result, compel higher livestock standards which is invariably the forerunner of stabilized agriculture and prosperity. The coming of pure-bred sires into this Western country has been the chief factor thus far in bringing about better methods of farming and ranching.—From the Market Examiner.

GOOD FISHING IN OREGON.

Fishing is good in the streams in Western and Eastern Oregon, according to information given out in the weekly bulletin published by the Forest Service.

WESTERN OREGON.

Eagle Creek: Good catches of rainbow trout are being made along Eagle Creek, between the 4-mile and 6-mile posts. Reached by Eagle Creek Trail via Donnellville. Fish are biting worms and salmon eggs. Rogue River and tributaries: Light catches of small trout are being made at different points, mainly in the smaller creeks. Reached by auto by way of Grants Pass. The weather is generally too warm for good fishing.

EASTERN OREGON.

Squaw Lake: Good catches of eastern brook trout are being made at the west and north ends of the lake. Reached by auto road from Sisters to Suttle Lake, by way of Bend; and by trail from Suttle Lake. Three Creek Lake: Good catches of rainbow trout are being made in this lake. Reached by wagon by auto road and trail by way of Sisters or Bend. Elk Lake: Good catches of eastern brook trout are being made here. Reached by auto by way of Bend or La Pine. Deschutes River: Good catches of rainbows and Dolly Vardens are being made at Crane Prairies and Pringle Falls. Reached by auto road by way of Bend or La Pine. Odell Lake: Good catches of rainbows and Dolly Vardens are being made by trolling from boat. Reached by auto road by way of Bend or Crescent. Crescent Lake: Good catches of rainbow trout are being made here by fly-casting along shore line from boat. Reached by auto road by way of Bend or Crescent. Lost Lake: Good catches of red-sides are being made at outlet. Reached by trail or wagon road by way of Bend. Cultus Lake: Good catches of rainbow trout are being made here. Reached by auto road by way of Bend.

SALE OF BUILDINGS.

The buildings now occupied by the Western Transfer Co., and W. C. Davenport corner Main and 5th streets, are for sale to the highest bidder. The buildings to be removed from the premises by Sept. 15th. Access to premises for removal Sept. 2nd. Sealed proposals received up to noon August 7th, by Architect A. F. Heide, 204 Willis Bldg.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside bathing every morning for one week. Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast. A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Ad.
