LADIES DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NOBODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

GERMANS CLAIM CREDIT. BERLIN, Aug. 4.—The Rundschau states that the credit of the R-34's trans-atlantic flight was due to Count Zeppelin and adds that the inventor had been spared the pains he would have experienced had he lived to see England reap the credit and reward of his labor and his invention.

ACID IN STOMACH SOURS THE FOOD

SAYS EXCESS OF HYDROCHLORIC ACID IS CAUSE OF INDIGESTION

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and that, as most folks believe, from a lack of digestive juices.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Adv.

Notice to Subscribers. Under authority of the Postmaster General, on account of recent increases in wages to employes, totaling for the State of Oregon upwards of \$225,000.00, certain changes in exchange rates have been approved and made effective July 29, 1919, for the State of Oregon. The changes in rates apply particularly to residence service, changes having been made in the principal business rates May 1, 1919. All new business taken on and after July 29th will be at the new rates, and bills to present subscribers for the month of August will be rendered at the new rates. The increased rates will yield an annual revenue upwards of \$250,000.00, but as the increase in wages is upwards of \$225,000, the net return to the company under the rates now made effective is approximately 2 1/2 per cent on the valuation of its property at \$13,464,000.00, as found by the Public Service Commission. The new schedule of rates is identical with the one approved by the Postmaster General for the State of Washington, which has been in effect since March 1, 1919. The rates are the same in both states for exchanges that are comparable. We believe that no proof as to the advanced cost of living and the general high cost prevailing for labor and materials is necessary, and that the telephone using public will accept this increase in rates in the same spirit of fairness and consideration as it has the advances in almost every other necessity in these unusual times. MANAGES COMPLAIN OF U. S. AGGRESSION. LONDON, Aug. 4.—Managers of London's moving picture theatres are up in arms against an American film producing firm which has acquired sites for motion picture theatres in London. Their agitation reached the House of Commons today when a member asked the President of the Board of Trade whether the government was doing anything to stop it. He was told that it did not seem to be a matter in which the government could interfere and called the member's attention to the fact that imported films are subject to duty. London picture theatre managers assert that they have been good customers of the producing company and that the latter should not now plan to compete with them on a large scale. Don't forget; the Elks will have a convention here August 14, 15 and 16. Got busy!
