HAD SUFFERED 25 LONG YEARS

LOS ANGELES MAN SAYS TANLAC RESTORED HIM TO HEALTH

"I tried for twenty five long years to find a medicine that would relieve me of my suffering, but all my efforts failed completely until I got hold of this Tanlac," said Alonzo Packard, a well known cabinet maker employed at the American Novelty Works, and lives 122 West 28th st., Los Angeles, Cal., a few days ago.

During all these years," he continued, "my stomach disagreed with me. I would often be so bloated up with gas that I was hardly able to get a good breath. My appetite was very poor, and what little I did eat didn't seem to give me any nourishment at all, and I just went down hill until I was so weak and completely run down that I was hardly able to get about. In fact, my entire system was in very bad condition. I tried a great many different medicines and treatments, but I just seemed to get worse all the time instead of better.

"Then I decided to see what Tanlac would do for me, and I just want to say now, that from that time on, I didn't have to bother about any other medicine, for I commenced to improve right from the start, and now I am as well and hearty as I ever was in my life: I never have that tired, worn out feeling any more, and my

stomach troubles have been completely overcome. I have a ravenous appetite, and eat just anything I want, and I never suffer the least bit afterwards. I am in better condition generally than I have been in many years. Yes, sir, I am seventy years old and have taken a great many different medicines in my life, but this Tanlac beats anything I have ever tried. I am glad to have the opportunity to recommend it to everybody."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Mercantile co.—Adv.

UNUSUAL SHOW AT THE LIBERTY

The greatest drama of all dramas revealing the cause and effect of the third side of the eternal triangle and exposing the extremes to which a wife and mother can go when the social-mad crowds and the gaiety of the cafes are permitted to come between her and the home, will be seen at the Liberty Theatre today when "The Other Man's Wife," a screen version of one of the most convincing stories of domestic disturbances ever written, is shown for the first time in this city. The management of the Liberty Theatre has gone to unusual expense to obtain this production and it is hoped that every man, woman and child in the city of Klamath Falls will take advantage of this opportunity and attend one of the performances. There's a lesson taught that all should learn. We are all looking for happiness. This tells you how to find it. At the Liberty Theatre today only.

Don't forget; the Elks will have a convention here August 14, 15 and 16. Get busy!

The time is getting shorter every day for you to do what should be done before the Elks get here on August 14, 15 and 16. What are you

BIG CONFERENCE WILL MEET SOON

Governors of Twenty-Three States Will Gather in Salt Lake City in Late August to Discuss Grave Matters of State.

SALT LAKE CITY, Aug. 6.—Twenty-three governors of states of the Union have definitely decided to attend the annual Governor's Conference, to be held in Salt Lake City, August 19, 20 and 21. Five of the executives have answered inquiries indefinitely while the remainder, apparently, will be unable to attend.

The representation of western governors seems assured, while several eastern and middle-western executives will be present. Although the convention proper will occupy only three days, the program calls for seven days of activity, much of it to be spent in sightseeing and at entertainments at which Utah will be the host.

The calling of the convention to order will take place on the evening of Monday, August 18. The opening session will take place in the famous Mormon tabernacle and will be preceded by an organ recital. Governor Simon Bamberger of Utah, will deliver the address of welcome for the state, and Mayor W. Ferry will welcome the governors to Salt Lake City.

The business sessions of the conference will be held in the assembly room of the house of representatives at the state capitol. Subjects for discussion include: State budget; growth and consolidation of administrative boards; after war problems; resumption of remedial legislation enacted by 1919 legislatures; education; labor; agriculture; expansion of the national guard system as a basis for national defense, and other matters of general national interests which may be brought up during the conference. Entertainments will include dinners, banquets and luncheons, side trips to the resorts and canyons and a trip through Yellowstone National Park. Many of the executives will be accompanied by their families, making the caravan thru the national playground of considerable size.

Are you getting ready? Why, don't you know that the Elks are coming on August 14, 15 and 16? Now get busy.

ENORMOUS SUM IS NEEDED TO DEVELOP OIL RESOURCES.

MEXICO CITY, Aug. 6.—The sum of \$1,800,000,000 is needed to develop thoroughly the petroleum resources of Mexico says an announcement of the Department of Commerce and Industry. The amount already invested in the petroleum industry is estimated as in excess of \$200,000,000.

The department announces that eight producing oil wells with a daily flow of 584,798 barrels have been drilled in the Tampico field in the first five months of this year. The department says there is great need of better transportation facilities and that if these were provided the monthly shipments which now amount to 6,000,000 barrels could be increased to 175,349,400 barrels. The vast surplus of crude petroleum is stored in the ground awaiting improvement in transportation.

DYNAMITE USED TO BLAST GEMS

QUERETARO, Mexico, Aug. 6.—Opal mining in this district, an industry as yet untouched by foreign capital, has shown renewed activity with the close of the war and a normal number of men will soon be at work. The Queretaro district for more than sixty years had furnished virtually all of the opals sold in the republic most of the valuable gems going to dealers in Mexico City who in turn ship them to the United States. Primitive methods are still used here to secure the gems. Dynamite is used to blast the gems from the ground. After the rock is broken into sizeable pieces it is taken to the shops for the grinding and polishing processes. Modern methods are not used, the rough stones merely being placed on spindles and applied to ordinary grindstone worked by foot power. Vigorous rubbing of leather is the last step in completing an opal for the market.

Just Remember this. The dates for the Elks' Convention are August 14, 15 and 16. Get ready

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the day's indigestible waste, sour bile and poisonous toxins; thus cleansing, stomach, liver and bowels the previous sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying hot water and limestone phosphate on your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

GERMANS CARRIED TO DERBY IN DOG-CARTS

BERLIN, Aug. 6.—One hundred thousand race patrons were compelled to resort to emergency conveyances to reach the Grunswald track when the German Derby was held there a few days ago. This resulted from a strike on the surface and subway lines.

Among the vehicles pressed into use to carry the crowd to the race track were military motor trucks, four-in-hand dog carts which formerly were part of the equipment of the court, and improvised omnibuses of all descriptions. In these were huddled together smartly gowned women, prosperous men and youthful munition workers who were eating cherries or smoking.

Gambling mad Berlin discarded all lines of social demarcation in order to reach the track and place bets on the horses.

TO THE BUSY BUSINESS MAN THE JEWEL CAFE

OFFERS AN AVENUE TO SAVE MOMENTS EVERY DAY

You may be too busy to go to your home at noon. In assortment of foods, their preparation and the serving, The Jewel has no parallel outside the larger cities. Most certainly The Jewel merits your noon-day patronage.

Notice to Subscribers

Under authority of the Postmaster General, on account of recent increases in wages to employes, totaling for the State of Oregon upwards of \$225,000.00, certain changes in exchange rates have been approved and made effective July 29, 1919, for the State of Oregon.

The changes in rates apply particularly to residence service, changes having been made in the principal business rates May 1, 1919.

All new business taken on and after July 29th will be at the new rates, and bills to present subscribers for the month of August will be rendered at the new rates.

The increased rates will yield an annual revenue upwards of \$250,000.00, but as the increase in wages is upwards of \$225,000, the net return to the company under the rates now made effective is approximately 2 1/2 per cent on the valuation of its property at \$13,464,000.00, as found by the Public Service Commission.

The new schedule of rates is identical with the one approved by the Postmaster General for the State of Washington, which has been in effect since March 1, 1919. The rates are the same in both states for exchanges that are comparable.

We believe that no proof as to the advanced cost of living and the general high cost prevailing for labor and materials is necessary, and that the telephone using public will accept this increase in rates in the same spirit of fairness and consideration as it has the advances in almost every other necessity in these unusual times.
