FRESH FRUITS ARE STUNTED

Crop Bulletin Gives Lack of Moisture as Reason of Smallness of Fruits—Deschutes County Cutting Alfalfa.

PORTLAND, Aug. 8.—In many parts of Oregon peaches and apples are small at present because of lack of moisture and insufficient thinning, according to the weekly weather report and crop bulleting of the local weather bureau. Irrigated apples, however, are good, and peaches are ripening in increasing quantities, the report says. Bartlett pears are ripening, and a few have been shipped from Josephine county. Picking of blackberries continues.

The past week was relatively cool in the western counties, though there were a few high temperatures in the southern and eastern counties. There was considerable cloudiness, and some light sprinkles of rain. There was little wind, and the humidity was higher than usual, resulting in a lessened rate of evaporation. Water in springs and streams continues to decrease. The shortage of irrigating and stock water is quite serious in places.

Harvest of winter wheat is complete in some sections of the state, and progressing with little interruption in others. Threshing is well under way. Harvest of spring wheat and oats is under way except in the more elevated districts. Most small grain crops are mature, but some late spring wheat on higher ground may have benefited by showers in eastern counties. The growth of corn was retarded by high temperatures in recent weeks. In the warmer districts irrigated corn is making good growth except where water is scarce. Unirrigated corn needs rain.

Stacking of the first crop of alfalfa has been completed in Deschutes County, the yield being good. Cutting of the second crop is in progress in many sections, the crop being generally good except where there was insufficient water. Some third crop has been cut in the warmer districts. The late cuttings are being materially reduced by lack of water. Pastures and ranges are dry. There is still good feed on the higher ranges, but elsewhere it is becoming scarce. Stock is still in good condition over most of the state, but in some sections is being moved out owing to lack of feed and water.

Tomatoes are ripening in most localities. Melons are ripening in the warmer districts. Beans are generally in good condition. Hops promise good yields. Potatoes and gardens need rain, but have been helped by cool weather. Forest fires have been less troublesome, owing to low temperature and high humidity, and in some localities have been checked by showers.

DANIELS REVIEWS GREAT PACIFIC FLEET AT SAN DIEGO.

SAN DIEGO, Aug. 7.—San Diego witnessed the greatest naval pageant in its history today when the Pacific Fleet was reviewed by Secretary of Navy Daniels. Thousands of visitors were in the city for the great event. Over 5000 sailors were given shore liberty following the review.

Only 9 per cent of the working people of this country are enrolled in the labor unions.

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime pack of Dr. James' Headache Powders.

You can clear your head and relieve a dull splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. You get what you ask for.

YANKEE FILMS INCREASING IN POPULARITY IN LONDON

MEXICO CITY, Aug. 7.—American moving films are increasing in popularity here. Until eighteen months ago European pictures were favored by the public which had acquired a taste for French and Italian productions. Of late, however, American manufacturers have put their products to the fore in the republic and their films are to be found in virtually all picture houses, in many of them displacing altogether the European films.

Evidence that the United States manufacturers intend to expand their field, here is the fact that within the past few weeks three of the leading companies have established offices in

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach liver kidney and bowels drink before breakfast each day a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and refresh the entire alimentary tract before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment, and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver and bowels.—Adv.

NOTICE INVITING PROPOSALS.

Pursuant to ordinance and order of the Common Council of the City of Klamath Falls, Oregon, notice is hereby given that proposals will be received by said common council for making the improvement designed for the improvement of Seventh street from Washington street northwesterly to Prospect street; Prospect street from Seventh street northwesterly to Eighth street and Jefferson street from Seventh street easterly to eighth street, including intersections.

Said proposed improvement to be made in accordance with the plans and specifications of the City Engineer, and approved by the said Common Council, and in accordance with Ordinance No. 468 adopted on the 4th day of August 1919, and by the mayor approved on the 5th day of August 1919.

Said plans and estimates and specifications being on file with the City Engineer.

The proposed improvement will be let in one contract, and the time in which the same is to be completed is fixed by said ordinance for Nov. 1st, 1919.

Bids must be filed with the Police Judge for submission to the Council, at his office in the city hall not later than 8 o'clock p. m. of the 18th day of August 1919, at which time and place proposals will be opened and considered. Each proposal must be accompanied by a certified check on some responsible bank to the amount of 5 per cent of the aggregate amount of the proposal, to be forfeited by the successful bidder upon failure to enter into contract and bond for the faithful completion of the improvement in accordance with the plans and specifications. The City of Klamath Falls reserving the right to reject any and all proposals for making said improvement.

Dated at Klamath Falls, Oregon, this 8th day of August, 1919.
A. L. LEAVITT,
Police Judge of the City of Klamath Falls, Oregon.

Mexico City and these in turn have started branches in Vera Cruz, Guadalajara, San Luis Potosi and Monterrey. Representatives of these firms assert that in a short time Mexico will receive film releases almost simultaneously with the United States. This will be an innovation for heretofore managers have been content to receive films many months old and of a poor quality.

"GOBS" WILL DANCE. SAN FRANCISCO, Aug. 8.—A great dancing party on the decks of the Pacific fleet at one time with girl partners for every "gob" is among the many entertainment features planned for the visit here of the fleet. Hundreds of girls have expressed their desire to dance with the sailors.

RENO FIRM AFTER LAKE BUSINESS

LAKEVIEW, Aug. 7.—(Special) Reno, Nevada, is going out after the business of Southeastern Oregon, and with that in view, one of the wholesale firms of that city is having erected in Lakeview one of the largest warehouses in the state. It is the intention of this firm to carry a complete line of merchandise, it being stated that a stock valued at upwards of \$150,000 will be kept here at all times.

Few realize the great strides that have been and are now being taken toward the development of this section of Oregon. Isolated as it has been from the outside world, its progress has been necessarily slow, but has, nevertheless, been advancing, until today it has reached a point where it is attracting the attention of outside capital. This wholesale firm was quick to grasp the situation, and recognizing the fact that it is but a matter of a short time before some of the projected railroads will penetrate this territory and bring with it competition. They foresaw that the first firm on the ground would have an immense advantage, and decided to make the plunge and come in now. Already they have had assurances of such support as to make their investment absolutely safe. The merchants appreciate the attention paid them, and they are going to give the undertaking their hearty support.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.
