DR. FREDERIC W. HOGG

Eye-Sight Specialist of Portland, Ore., is at the Marshall House for one week, commencing August 7th.

Dr. Hogg has had over 25 years practice in the scientific fitting of eye-glasses. He is a graduate from the McCormick School of Optometry, Chicago.

If you have headaches, dizzy spells or black specks floating before the eye, or any nervous ailments, better have your eyes examined, for these symptoms all point to eye strain.

All school children should have their eyes examined by a competent optometrist before returning to school. Dr. Hogg has had great success in straightening cross eyes with properly fitted glasses.

Remember, no charge for examination.

Home address, 407-408 Selling Building, Portland, Ore.

\$1,000 WILL BE PAID FOR A SINGLE WORD

SAN FRANCISCO, Aug. 8.—Can you create the one word which will best denote the United States and all parts of Britannia? If so, you will be paid at the rate of \$1,000 a word. The World Trade Club of San Francisco has offered \$1,000 to the person who suggests the word which, in the judgment of the club's Metric Campaign committee, is best adapted to world wide use.

The competition is open to all humankind. The money will be paid to the winner at noon on May 15, 1920, by a committee appointed by President W. H. Hammer of the World Trade Club.

"Brit-Am," "Ambria," "Ambrittica," "Br-Am," "Sam-Bull," are some words thus far suggested. New names are constantly coming. The World Trade Club is offering this award because in carrying on its present campaign for the adoption of metric units by all English-speaking people—the United States, the British Isles, Canada, Australia, New Zealand, Tasmania, United South Africa, and so on—it was hampered by the lack of a single short word which would express all these.

The metric units of weights and measure are now used by all the world except "Brit-Am" or "Ambrittica" or "Sam-Bull."
