On account of our shortage we will sell blocks at \$2.50 per cord at our factory until further notice. Now is the time to get in your winter blocks. Ewauna Box Co. 17-1t

ACID IN STOMACH SOURS THE FOOD

THE SUCCESS OF HYDROCHLORIC ACID AS CAUSE OF INDIGESTION
A well known authority states that stomach trouble and indigestion are nearly always due to acidity—and acidity sours the food, so most folks are in need of a good digestive juice. The fact that an excess of hydrochloric acid in the stomach retards digestion and that food is not properly assimilated, is a fact which is borne out by the fact that an average 15 year old man has only 20% of the normal amount of hydrochloric acid in his stomach. As you can see, that leaves a large margin for error. If you are troubled by indigestion, heartburn, flatulence, waterbrash or nausea.

ADVICE
If you wish to buy some of the above goods and instead, get from any grocery store four boxes of Jod Salts and take a tablespoonful in a glass of water before breakfast while it is still acidic and furthermore, to continue this for one week. While it is important to neutralize the acidity, to continue the gas-making mep, start the liver, stimulate the kidneys, the kidneys and thus promote a free flow of pure digestive juices.
Jod Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithin and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Adv.

CLUB CHANGED TO DRUG STORE
Famous Old Jockey Club in Mexico City Will Be Converted Into Modern American Drug Establishment in Near Future.

MEXICO CITY, Aug. 11.—The conversion of the "Home of Tiles" into a typical American drug store marks the closing of one of the most notable and unique structures ever erected in this city of interesting buildings. Many persons in the United States remember the house as the Jockey Club, the most exclusive and aristocratic place of its kind in the republic, but for the past few years it has stood on a prominent downtown corner, a block deserted structure, whose shaly and gaudy exterior of tile gave evidence of its former glory. Sometime in August it will open for business as a drug store.

The date when the building's foundations were laid is lost in obscurity, but it is thought that it was started about 1556. Later it came into the possession of Don Luisde-Rivero, a man of varied career, who was responsible for its exterior coat of tiles. These latter are of blue, yellow and white, Morriish in design and were made by artisans brought from Talavera, Spain, by the Dominican friars in the sixteenth century. They were modeled in a special ceramic factory at Puebla, about seventy-five miles distant, and the completion of this decoration was the occasion for a public celebration.
The family of Don Luis de Rivero, who later became the Count of Orizaba, remained in possession of the house until the time of the ill-fated Emperor Maximilian. Its last occupant was a sister of the then Count de Orizaba, upon whom the emperor conferred the title of Marquesa de Ciria.
Later the structure was taken over by the Jockey Club and converted into a sumptuous club house. Stories of fabulous sums won and lost at its gaming tables persist to this day. Stirring revolutionary times caused its abandonment and for several years the building was vacant until the present lessees secured it for a period of twenty years.

Indicative, perhaps of an intention by the government to restore it later is the fact that, before renovation started, photographs were taken of all interesting portions of the building, including the huge carved door.

TAKE NOTICE
