WILL OPEN CLASSES.

Miss Betty Gaddis, of Eagle Ridge, was in town Saturday, prior to opening her music class for the winter and fall season. Miss Gaddis is a recent arrival in Klamath County from San Diego, where she has studied with Mrs. Schianke Grey for the past five years. Miss Gaddis also had a special normal course under that well known musician, as well as being a graduate of the Kanter-Deo course.

Miss Gaddis is planning on making a thorough study of each individual pupil needs, and will offer special courses in memorization, rhythm and expression.

Come in and Examine Diamonds

We are always glad to have anyone come in to look at diamonds. We know that the diamond is not an ordinary purchase, and that expert help is wanted in making the selection.

When we show diamonds we point out to you the different features which caused it to be graded as it is. It is the kind of service and attention you like.

We carry a large stock of small, medium and large weights, which, as you appreciate, is a big help in getting exactly the stone you want.

Shasta Sand

If you want permanent construction—the kind you will not have to replace in a short time, see that Shasta Sand is used.

Shasta Sand stands a higher test than any other sand on the Pacific Coast. That is way you should insist on its use. It costs you no more than poor material, and saves you the expense of repair work later.
