

SERVICEABLE School Shoes

For all ages of children
from Kindergarten to
High School.

The two cardinal points in the selection of children's shoes are: First—Correct Fit; Second—Sturdy Wearing Qualities.

This is, however, not so easy as it sounds, as years of experience are really required to determine just how growing feet should be fitted and just how to strengthen shoes where the wear comes hardest.

We offer to you our years of expert study on these very points, and ask that you entrust to us the care and safety of your children's feet, as well as the protection of your purse.

We are agents for Mrs. King First Step and Buster Brown Infants' and Children's Shoes.

STRIKE For Music

There is considerable unrest at present on the part of many housewives on account of the lack of music in their homes.

It seems that the men have all promised to come through with a Musical Instrument, but have formed a habit of procrastinating from year to year.

Now, we don't want another strike, and least of all a strike on the part of the housewives.

Music stands for Harmony, and how can there be Harmony in a home without a Musical Instrument within?

Let us arbitrate this matter for you, for with our large stock of Pianos and Phonographs on hand awaiting removal to our new store, who is better qualified than our firm?

SHASTA VIEW.

One of the most enjoyable events in this section for sometime took place the evening of the 21st, when a large number of young people gathered at the home of Mr. and Mrs. Moody and gave their son Dee, a surprise, this being only a few days before he left for Seattle, Wash., where he is to make his home with a sister and attend the Broadway High school. Dee is a young man of sterling qualities and while his many friends regret his departure from the community, they all join in wishing him abundant success and none have any fears that he will not make good in anything he undertakes.

The ladies of the Helping Hand Society were entertained by Mrs. C. M. Kirkpatrick Wednesday. The next meeting will be at the home of Mrs. L. S. Miller Sept. 14th.

O. E. Hunt, daughter Ada and Mrs. C. C. Miller went to Klamath Falls Monday. Mrs. Miller stayed for a few days visit with friends and relatives and Miss Ada is having dental work done.

Mr. and Mrs. Claude Kirkpatrick and son of Dorris and Mrs. L. F. Kirkpatrick and son of Merrill were calling on relatives here one day last week.

O. E. White and family who recently lost their house and furniture by fire have gone to the northern part of the state where they expect to make their home.

E. E. Magee, wife and son of Klamath Falls were guests at J. T. Ward's

Sunday.

Miss Lola Schafer who spent the summer in southern California has returned to this place.

Miss Etta Hunt of Klamath Falls is spending the week with her Uncle

O. E. Hunt and family.

B. J. Daniel and family visited their ranch home here Tuesday.

Will Baldwin of Klamath Falls and L. F. Kirkpatrick of Merrill were visitors at C. M. Kirkpatrick's one evening last week.

Mr. Moody, wife and son, Dee, visited Crater Lake Sunday in company with their daughter and husband, Walter Donart and wife of Klamath Falls.

Every Style Question Finds Its Answer in
Many Pleasing Ways in Our Assemblage of the

New Fall Fashions

Those women who demand that their apparel be individual in style will find our showing of extraordinary interest, inasmuch as it has been our buying policy to select but one of a model to the extent possible. The advantages of early purchases are three-fold—offering greater variety, assured fashions and prices based on purchases made months ago. All indications point to higher price levels on purchases made in the future. So come tomorrow and inspect our showing. America's best makers are represented.

LUXURIOUS COATS OF CLOTH AND PLUSH

The Coats for Fall and Winter wear are fairly captivating. No woman with a love for the beautiful could resist the richness of the materials employed; the charm of the simple, yet attractive lines or the warmth and comfort one feels in their all-enveloping folds. Models shown are in the favored Wool Velours, Silk Broadcloths, Silvertone and rich Novelty Cloths, Silk Velvets and Plush, Silts Bering Seal, Beaver Cloth and Caracul. Most models are in the popular full lengths—others are in the new sport length. Collars of self material or fur in choker and shawl style. Considering quality, prices are modest indeed, at

\$20.00 to \$25.00

Smart New SUITS

American manufacturers have adopted though in a modified form, the changes advocated by French designers—the result, smart, decidedly different Coat Suits that might be termed strictly American. The coats are semi-fitting, belted and are finger-tip length—the skirts, slightly wider. Fashion says braids and buttons are best, as trimmings. Of Tricotone, Velour, Fine Serge, with browns blue and tan the favorite shades.

Charming New DRESSES

Serge and Tricotone are by far the most popular fabrics for the fashioning of the new Fall Dress. The styles are so varied we will not attempt to enumerate them—becomingness, regardless of any strict rule seems to be the edict. Braids and buttons are favored as trimmings and blues, browns, plum and black, the shades that will find greatest popularity.

MISSES' COATS IN ESPECIALLY ATTRACTIVE STYLES

It seems as though the makers have given more than usual attention to the fashioning of Coats for Misses, and as a result, the models were never more becoming than those now shown. Many attractive styles are shown in Velvet, Zibeline and unusual novelty mixtures. In the shades that have been decreed popular for Fall. Sizes 2 to 14 years. Modestly priced at \$6.50 up to \$14.
