HILL MCNEIL GIVEN CREDIT FOR HANDLING BIG DANCE.

Credit of the success of the closing festivities held Monday night at the open air pavilion in Klamath Falls' first annual Labor Day celebration rightfully belong to Bill McNeil, according to local labor committeemen.

Mr. McNeil has had previous experience in handling functions of the nature of Monday evening's and many commendations have been heard complimenting his handling of the dance and prize distribution.

At the Theatres

No photoplay has yet been produced so filled with adventure and thrills as "Mickey". The novelty and intensity of the thrills are indeed remarkable. Fatalities seem to be avoided by a hair's breadth—with a reality that is tremendously convincing.

There is thrill upon thrill, and each thrill in these suspense-exciting incidents is just a little bit better than the last, until at their climaxes the audience is fairly brought to its feet out of sheer enthusiasm and excitement. At the Liberty today and tomorrow.

SAN FRANCISCO POET WELCOMES PACIFIC GUARDIANS IN VERSE

SAN FRANCISCO, Sept. 3.—"Lords of lightning and steam and fire" are they who man the Pacific Fleet when it swept through the Golden Gate last night, in the words of Albert Rupp, shipyard poet. Rupp, a "bolterup" in one of the great plants across the bay from San Francisco, attracted considerable attention by his writings on war time ship building.

The arrival of the fleet is celebrated in these verses:

THE ARRIVAL OF THE FLEET.

Albert Rupp
Mother of Oceans' mighty tide!
Here, for the empire-building pride,
The Golden Gate is open wide.

O'ercome by clouds of glory,
And here for a new immortal day,
To our mountain-topped magnificent bay.

We welcome the Fleet, whose power shall sway
Our fate in civilization's story.

Hark, as the bells in the steeples ring
And our eager millions loudly sing!
Come in, oh, Fleet! and your blessings bring,
For the peace of our majesty and splendor.

With your masters of air, and wizards of wire;
With your lords of lightning, and steam and fire;

Woe to the foe who dares desire,
To be our sacred land's offender!

Gallant heroes of sky and sea,
Guards of our precious liberty!
Stalwart sons of our homes of the free,

Whose deeds have filled the world with wonder!
Thrilled by the glow of your noble zeal,

Great are we in our wealth of war,
As ye man our country's walls of steel
And speak for us with their throats of thunder!

BANDITS OPPOSING GOVERNMENT TROOPS USE FEDERAL SHELLS

MEXICO CITY, Sept. 3.—Government authorities have discovered that in a recent brush with bandits at the desert of the Lions, near this city, the opponents of the government troops used ammunition manufactured at the federal arsenal. The military authorities have issued strict orders that the sale of ammunition by government troops shall be prevented at all costs. A large number of cartridges is said to have been discovered at the Thieves' Market, where dealers had purchased them from soldiers with the purpose of selling them at great profit to agents of Felix Diaz and other revolutionary leaders.

On account of car shortage we will sell blocks at \$2.50 per cord at our factory until further notice. Now is the time to get in your winter blocks. 17-11. Ewauna Box Co.

We Have a Better Grain Binder for You

The next time you are in town, come in and look over the John Deere Binder. It's a machine that will give you extra years of service at less cost for repairs, and will do better work under abnormal field and weather conditions than other binders.

Stronger wheels, heavier frame, reinforced platform, self-aligned bearings, roller bearings, three packers instead of two, hardened wearing surfaces on knotted parts, ground and polished packer shaft bearing and quick turn tongue truck are a few of the many points about this binder that make it serviceable, light draft and economical to operate.

You will appreciate what binder satisfaction truly is when you get a John Deere into your harvest fields.

We want to show you many points about this machine not found in other binders that you will recognize as extra value.
