MAY UNITE KIN OF SERVICE MEN

Amalgamation of Women Relatives of Service Men Will Be Proposed at a Conference of War Mothers to Be Held Soon.

BALTIMORE, Md. Sept. 4.—Amalgamation of all organizations of women relatives of the men and women who served in the United States army and navy during the world war will be proposed at the second annual convention of the War Mothers of America which will be held here October 7, 8, and 9. The call for the convention of the War Mothers, just sent out, invites all organizations of a similar nature to attend the convention and join in the formation of a new body for which a new name may be selected.

Representatives of five other organizations besides the War Mothers, including the Daughters of Liberty, Women of American Patriots, Women's Patriotic League of America, American Mothers of National Defenders and Sammler's Mothers have been asked to participate in the movement for consolidation.

The Baltimore chapter of the War Mothers of America is making preparations for entertaining the convention. Several speakers of national prominence will be included in the program and there will be several social features.

Mrs. A. W. Roach, acting national president, of Richmond, Ind., reports that large delegations will represent all the chapters of the War Mothers and she has been in communication with officials of the other organizations urging them to attend the meeting here. Twenty-seven states were represented by delegates sent to the first annual convention held at Evansville, Ind., last September.

Among the social features already planned by the Baltimore chapter is a visit to Annapolis and the governor's home, automobile rides to Evergreen, the Red Cross school for soldiers blinded during the war, a trip through Druid Hill Park and a visit to Johns Hopkins University.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it, and you are assured that you will look better and feel better in every way shortly.—Adv
