### SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can

possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

### One Year Ago Today in the War

German retreat extended from Rheims to the sea, over 150-mile front.

United States troops reached the Aisne in pursuit of the Germans.

Thirty-five men killed when American steamer Mount Vernon was struck by a torpedo 200 miles off French coast.

### LONG AIR TRIP SOON IN ORDER

Twenty Passengers Will Make Airship Journey from Barrow-in-Furness to Rio de Janeiro—May Install Regular Service.

LONDON, Sept. 5.—Twenty passengers and a small cargo are to be carried on the first airship journey from Barrow in Furness in Rio de Janeiro some time this Fall, according to an announcement here. Owners of the aerial Leviathan intend, if the initial voyage is successful, to maintain a regular four day service between the two points.

The airship, it is said, will be routed via Lisbon, Sierra Leone (West Africa), and thence across the Atlantic to Rio de Janeiro. The return trip will be made by way of the same points.

Tickets Cost \$5,000.

Sir Woodman Burbidge, is reported to have booked three berths for the flight—for himself, his wife and a friend. The price of these tickets was \$5,000 each.

The airship is known as the R-80. It has a gas-bag capacity of 1,250,000 cubic feet, more than half the size of the famous R-34. She is considered the most perfectly constructed streamline type of airship and has a speed of sixty miles per hour. She is 535 feet in length.

Quarters are Palatial.

Passenger's living quarters are situated on top of the hull and consist of cabins of sleeping berths, a roof garden and a shelter deck. There is an observation car below the hull which is connected with the living quarters by means of a passenger lift through the middle of the craft. In connection with the progress of aeronautics in England, it is interesting to note that announcement is made by the Air Ministry of the opening next February of a Royal Air Force Cadet College for the training of the permanently commi-

### FASHION WAR ENDED IN COMPROMISE

Paris has learned a lesson. Fashion makers there have come to the realization that the day is past when they can dictate American styles. While America was wearing short skirts during early period of the world war Paris was not attempting anything new in dress. When war ended Paris took up the short skirt, but America had passed on to the long tight hobble. Paris stood by its short skirt. America hobbled on. Now the compromise hour has arrived. Paris lengthened its skirt. America shortened hers and here is the new fall style. The material is serge, with silk tulle or tulle— with lace a favored trimming and any color you may de-

sioned officers of the Royal Air Force. Only fifty-five cadets will be admitted to the opening class of the college. Examinations will be held in November. Candidates must be between seventeen and one-half and nineteen years of age upon entering the school. Two-years course is prescribed. Competition examinations will govern admission.

### PERSHING MADE GENERAL.

WASHINGTON, Sept. 5.—The Senate unanimously confirmed Pershing's nomination to the permanent rank of general that was originally passed on by the house.

The Mays injunction case, which has been agitating major league baseball circles for some weeks, is scheduled for a court hearing today in New York City.

If you want it, advertise. Herald Want Ads bring results.

On account of car shortage we will sell blocks at \$2.50 per cord at our factory until further notice. Now is the time to get in your winter blocks. 17-tf. Ewauna Box Co.

### FRENCH WILL ERECT LARGE MONUMENT TO FAMOUS INVENTOR

LYONS, France Sept. 5.—A monument is to be erected here soon in honor of Bartholomew Thimonnier, whom the French claim was the inventor of the sewing machine.

Thimonnier, a tailor's assistant, constructed his first working model in 1829, and was thrashed by his fellow workmen who complained his "devilish invention" would take the bread out of their mouths. Destitute and forgotten, Thimonnier died in 1867, when 64 years old. No one had ever given him any aid or encouragement.

The device of Thimonnier was said to have been quite different from that of Elias Howe, the American inventor whose sewing machine was patented in 1846 and who is regarded in America as the originator of the first practical apparatus for mechanical stitching. Howe's machine met with similar opposition. Its chief feature was that of having the thread pass through near the point instead of the top of the needle.

Of ten persons indicted in Chicago for alleged fraud in a primary election, three were women, perhaps the first charged with corrupt election practices since woman suffrage became common.

### "Helpful Hints" SIGNATURES OF WOMEN

Married women should use their given names in signing checks. For example, "Mrs. Mary E. Smith" is the correct way, and not "Mrs. Wm. G. Smith." If desired, however, the "Mrs." in the former case may be omitted.

Women find the comfortable quarters and complete facilities of the First National Bank quite as desirable as to the men.
