

RECRUITING BEGINS AT AMERICAN LAKE FOR FOREIGN DUTY

CAMP LEWIS, Sept. 5.—The War Department has recently issued telegraphic instructions to all Camp commanders directing that recruits be recommended for the Infantry and Signal Corps of the American Expeditionary Forces in Europe. Recruits having prior service may enlist for one year. Recruits without previous experience must enlist for three years.

Men enlisted for the A. E. F. will be sent immediately upon enlistment to the Overseas Replacement Depot at Camp Meade. Men who re-enlist for this overseas service will be sent to Camp Meade upon completion of their re-enlistment furloughs. Telephone operators, line men, and repair men, and expert radio operators are especially desired for the service in Europe.

The electrical equipment and material and methods of installation in Europe differ somewhat from equipment ordinarily encountered in the United States. As an instance, the huge hooks worn by the line men give them a grotesque appearance, although they are doubtless safer and more comfortable than spikes, where poles are of uniform size.

PROHIBITION SENDS 100 ITALIANS TO OLD HOME

MISSOULA, Mont., Sept. 5.—Exodus of nearly 100 residents of Missoula and natives of Italy, who are planning to return to their native land this fall, is predicted here by members of the Italian colony.

The large number who are to leave almost unanimously declare that the prohibition regime has made them greatly dissatisfied. Prohibition, however, is not the only reason for their emigration. Many of the Italians are anxious to visit their relatives, many of whom they have had no word, in some cases, for five years, because of the world war. Also they all express a desire to tour the Italian battlefields.

Belgian Rulers Soon Sail for U. S.

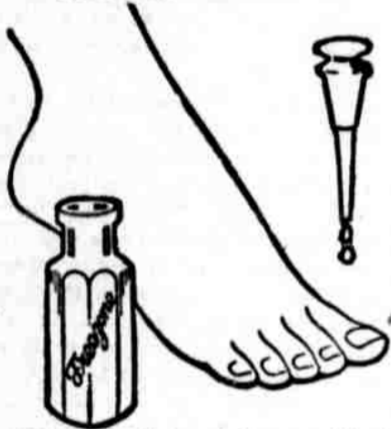

King Albert and Queen Elisabeth of Belgium feel that they and their country owe to the United States a debt of gratitude which only a personal visit to our shores can help repay. Therefore an early trip here has been planned, their three children to accompany them. These are the latest pictures of the royal pair. Washington is planning a great social whirl during their visit.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Try it! No humbug!

NEVER EXPECTS TO BE WITH- OUT IT

"THERE'S NOTHING AS GOOD AS TANLAC," SAYS PORTLAND MAN—GAINS TWENTY FIVE POUNDS.

"In all my long experience I have never found anything as good as Tanlac when it comes to relieving suffering," said J. A. Neisz, a well known employee of the Pacific Car and Foundry Co., and who lives at 14 East 56th St., North Portland, Ore., the other day.

"My troubles began about three years ago," continued Mr. Neisz, "and I have been having a tough time of it ever since—that is, until I commenced taking Tanlac. I had rheumatism in my arms and back, and I suffered almost constantly during all that time. Of course there were times when this trouble was worse than at others, but I can truthfully say that there was hardly ever a time when I was not conscious of pain to some extent. My arms were so stiff and sore at times that I couldn't

raise my hands to my head. Besides what I spent for treatment and medicine the time I lost from my work on account of this rheumatism amounted to over four hundred dollars in salary. I couldn't sleep much, and just gradually went down hill until I lost in weight from one hundred and thirty-five to one hundred and ten pounds, and was so weak and run down that I could hardly get about at all.

"A friend of mine who had been suffering from this same kind of trouble, told me that Tanlac was the only thing that had ever done him any good, and advised me to give it a trial. Well, to make a long story short, I have just finished my sixth bottle of Tanlac, and I am so free from suffering in every way, and am as well and strong as I ever was in my life. I weigh one hundred and thirty-five pounds now, which means that I have gotten back all I lost in weight. I have regained all my strength and can do as much work as I could fifteen years ago. All that soreness and stiffness has gone from my arms and I can raise my hands above my head without the least trouble. Yes, sir, Tanlac has been a godsend to me, and I never lose an opportunity to recommend it to others. I am buying another bottle to take it home with me today, for I never expect to be without it."

Tanlac is sold in Klamath Falls by the James Merc. Co.—Adv. the Star Drug Co., and in Lorella by

WORLD WAR VETERAN HAS 61ST BIRTHDAY

SPOKANE, Sept. 5.—Sergeant Alan C. Austin, a member of the 4th engineers, who spent his 61st birthday with the American army of occupation in Germany, has returned to Spokane. Sergeant Austin enlisted in Portland, giving his age as 54 for fear of being rejected if he gave his true age, 59. He had a record of eight years in the regular army.

Austin's discharge papers show he took part in the following engagements: The Aisne-Marne offensive, the advance in the Vesle sector, and in the St. Mihiel and Meuse-Argonne offensives. The aged veteran also was in the fight at Chateau Thierry.

One of the "hell fighters" of the returning 369th infantry recently hailed his wife into court for whipping him. He said she was a "holy terror."

AMERICAN BANKERS WILL DISCUSS BIG TOPICS OF WORLD

ST. LOUIS, Mo., Sept. 5.—Revival of furnishing foreign credits to facilitate exports, the railroad problem and the labor situation are among the important topics to be discussed at the forty-fifth annual convention of the American Bankers' Association here September 29 to October 3. More than 5,000 bankers from all parts of the United States, Canada, Porto Rico, and the Philippine Islands are expected to attend.

President Wilson has been invited to deliver the principal address, and others expected to speak are David R. Francis, formerly Ambassador to Russia, Homer L. Ferguson, President of the United States Chamber of Commerce, Henry P. Davison of New York, formerly head of the American Red Cross and Robert F. Madox of Atlanta, Ga., president of the association.

TO TEACH EUROPE ABOUT KIDDIES

Miss Julia C. Lathrop, Director of Children's Bureau of the Department of Labor, has made such wonderful showing in child conservation and welfare, since her appointment by President Taft in 1912, that she has been asked by the Czech-Slovak government to visit Europe, and tell them how to do it.
