## OLD HOME TOWN CALLS ITS 'BOY'

General Pershing Will Return to the Scenes of His Boyhood Days and Meet With His Old Playmates of Many Years Ago

LACLEDE, Mo., Sept. 11—General Pershing is coming back to his boyhood home here.

He will return a full fledged general, the hero of America, but to the boyhood companions with whom he stole apples, and played at the old swimmin' hole, it will be the "Johnny" Pershing who spent his early life here before going away to West Point to embark on a military career.

A cablegram received by Mayor Edmund B. Allen promises a visit by the General shortly after his arrival in the United States.

Sometime ago when Laclede learned that General Pershing was returning from Europe the following cablegram was despatched to him by Mayor Allen:

"Laclede, your old home, your boyhood friends and Linn County are calling you. When may we expect you home?"

General Pershing cabled in reply: "I have heard the call. Will be there soon after my arrival in the United States. Can't give you definite date now but will let you know later.

Laclede will pay tribute to Gen. Pershing on his arrival, not with the pomp and ceremony that marked his reception in European capitals, but with a "good old fashioned Missouri home-coming," according to the committee arranging for his reception.

Plans for the General's entertainment include re-unions with old schoolmates and chums, trips to the old swimmin' hole on Muddy Creek and to the old Pershing farm.

The homecoming will also mark a re-union of the Pershing family. Jas. Pershing, of Chicago, the General's brother, and Miss May Pershing and Mrs. Bessie Butler, of Lincoln, Neb., his two sisters, will gather at the former Pershing home during the General's stay.

The reception will not be without a military side. Decorated heroes of Missouri will form an honor guard. Adjutant General H. C. Clark, of Missouri, will have charge of the military reception. Governor Frederick D. Gardner will deliver an address at the celebration and other state and

national officials have been invited to attend.

Among old acquaintances who will greet General Pershing are "Aunt" Susan Hewett, who made pies for him when he romped barefooted around the country side and "Aunt" Louisa Warren, who claims to have been present when the future military leader was born in a railroad section house several miles from here. Both are negroes.

### BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gas-s and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv.

From Producer to Consumer

One of the chief causes for the high prices of meat today is the demand of the public for only certain cuts, particularly steaks and chops. Other cuts, such as stew meats, boiling meats, corn beef, equally nutritious, and in some cases more so, are almost a drag on the market.

A VEAL stew at 14c or lamb and beef stewed with vegetables, corn beef, etc., costs you just about half the price of a T-Bone steak, and is at least as nutritious.

Let us help you cut down your living expenses.

We always have on hand a supply of fresh, juicy beef, veal and lamb.

### HUN RAILWAYS IN BAD SHAPE

BERLIN, Sept. 11.—Herr Beser, the Prussian Railway Minister, in a statement to the members of the Berlin Chamber of Commerce paints a gloomy picture of affairs on the State Railways. Every day he said a subsidy of 10,000,000 marks is required from the Treasury. Passenger traffic at present amounts to only fifteen percent of normal, he said, and express service has dropped to four percent. Higher tariffs for goods and passengers are believed inevitable.

The continuous strike and coal shortages are responsible for these conditions, according to the minister, who says that, apart from the severe traffic restrictions which have already been enforced, very far reaching stipulations for the winter are unavoidable and the German coal industry must be put on a new footing. If possible, the use of coal in its present form, whereby the greater part of the heating units pass up the chimney, must be prohibited by law.

Owing to the shortage of fuel, German industries, it is said, are also interfered with, because they are unable to keep promises regarding time of delivery. Private locomotive enterprises the official declares are doing even worse than the State services. If possible, he adds, the water-ways must be employed for purposes of transportation.
