## DISQUE AGAIN IN LIMELIGHT

PORTLAND, Sept. 13.—F. D. Dou-ty, of the Multnomah Lumber and Box Co., testified that after the aircraft board had approved the plan whereby Northwest Spruce districts be allocated between the Allies and the United States each conducting their own operations, Brigadier General Disque and Major Leadbetter blocked the plan.

tricts. B. E. Jones, Mayor of Newport, was on the stand today. Cross examination developed that he is the joint owner with Major Leadbetter of a townsite at the terminus North coast Spruce Division Railroad in Lincoln County. Ralph Williams, Republican National Committeeman and Albert Abrams, also are interested.

### HEARSE DRIVERS STRIKE.

DUBLIN, Sept. 13.—Burials be- came next to an impossibility here to- day when hearse drivers struck in sympathy with cemetery employes. Cemetery gates were closed. In one instance soldiers were called in, and the interment took place with men on guard.

## NEWSPAPER OFFICES PERU ATTACKED BY A DISORDERLY MOB

WASHINGTON, D. C., Sept. 12.— Offices of Laprensa and El Commer- cial, at Lima, Peru, have been at- tacked by a mob. The plants were partially burned yesterday. The home of Miro Quesada, proprietor of El Commercial, was totally de- stroyed by fire.

Disorder followed the mass meet- ing that was held in order to pro- test against the conspirators who had plotted against President Legu- ia. After the trouble the govern- ment ordered the imprisonment of several of the conspirators.

## SOLDIERS VIEW BIG TIMEPIECE

LONDON, Sept. 12.—Fifty disabled soldiers, many of whom had lost a leg in the war and wore an artificial one in its place, climbed the 360 steps of the House of Commons tower the other afternoon to study the mechanism of "Big Ben", the giant timepiece. The soldiers are being trained by the Ministry of Labor in watch and clock repairing.

One, spying the clock mechanism, exclaimed: "Is this the works? It looks more like a blinking printing machine". A guide told the party that the clock was designed by Lord Grim- thorp and was placed in the tower in 1859. It has been working for 60 years and is still regarded as one of the best timekeepers in the world. The minute hand is 14 feet long and weighs 224 pounds, and the pendulum, which requires two seconds to complete each swing, weighs 700 pounds. The bell which sounds the hours has a diameter of nine feet and weighs 14 tons, the weight of the striking hammers being 766 pounds.

An electric motor now winds the clock in 20 minutes. Formerly it took two men working three after- noons a week to complete the task.

## ANTWERP GETS ONLY LIVING OKAPI FROM BIG CONGO FORESTS

LONDON, Sept. 13.—British nat- uralists, who have been confidently expecting that the only live okapi in captivity was to be brought to the zoological gardens in Regents Park, were disappointed today when the news came from Antwerp that the animal had been brought there from the Congo by Dr. Lecrum. It was the gift of Mme. Landagham, whose husband is in the Congo medical service.

The okapi is the survivor of a distant ancestor of the giraffe. An adult stands about five feet high, and although it has the general shape of the giraffe its neck is relatively shorter and its forelegs are not so high in proportion to the hindquarters. The sides of the animal's head are light fawn color and the general coloration of the body is a dark purple. The most striking charac- ter is that the rump and the upper part of the legs are transversely striped with black and white. It was first known in 1901, having been found in the Semliki forest, haunting low undergrowth and swamps. This particular specimen was in Mme. Landagham's possession for a number of years and photographs of it received here show it eating out of her hand.

### COURT OPENS SEPTEMBER 22.

Judge D. V. Kuykendall announced this morning that the fall session of the circuit court would open on Sep- tember 22nd. New cases on the circuit court docket are L. C. Sisemore versus Ser- geant Brown, for the recovery of a promissory note amounting to \$278. A demurrer filed by Reams, Allen and Stone, attorneys for M. Dougan against Klamath County is the latest development in the court house case. The case brought by Dennis Provost versus Marvin French and Claude Daggett, has been dismissed and set- tled out of court.

## Today's Anniversaries

- 1847—Nicholas Charles Oudinot, one of Napoleon's famous marshals, died in Paris. Born April 26, 1767.
- 1851—A statue of Joan of Arc, the work of Princess Marie of France, was inaugurated at Orleans.
- 1869—Gen. Joshua L. Chamberlain was elected governor of Maine.
- 1874—Guizot, one of the most re- markable of modern French states- men, diplomatists and historians, died in Paris. Born at Nimes, Oct. 4, 1737.
- 1892—Railway line from Jaffa to Jerusalem was completed.
- 1893—The rebel Brazilian fleet cannonaded Rio de Janeiro for six hours without doing much damage.
- 1914—Second day of the great battle of the Aisne.
- 1915—Germans under von Hinden- burg pierced Russian line between Vilna and Dvinsk.
- 1916—The Zaimis Ministry in Greece resigned.
- 1917—Collapse of the Russian re- bellion led by Gen. Korniloff and sur- render of his troops to Gen. Alexieff.

## Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast. Headache of any kind is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to ac- aniline, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins. A glass of hot water with a tea- spoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of head- ache, but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is in- expensive, harmless as sugar, and al- most tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phos- phated hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning, never have any headache or know a miserable moment.—Adv.

## One Year Ago Today in the War

- Allied airmen bombed Metz and Courcoilles.
  - British advanced near Cambrai and around La Bassée.
  - American forces virtually eliminat- ed St. Mihiel salient, recovering ap- proximately 180 square miles of ter- ritory.
- Today is the one hundredth anniv- ersary of the death of Field Marshal von Bulcher, who commanded the Prussian troops at Waterloo.
