WEDNESDAY, SEPT. 17, 1919.

THE WEST IS AGAINST WILSON.

The farther President Wilson gets on his swing around the circle in the furtherance of his plan to carry the fight for the league of nations to the people, the more apparent it becomes that he is out of touch with the real sentiment of the nation.

So positive was the president in his declarations that the American people wanted the league of nations "without adulteration," that even the senate was a little in doubt.

And now isn't Secretary of State Lansing threatening to throw the fat in the fire? Rumor has it that he has resigned, or is about to do so.

J. Ham. Lewis has sprung a new joke. He says that Hearst will be the presidential candidate of one wing of the democratic party next year.

No doubt but the President will wish he had been too proud to fight for that League of Nations by the time he gets back to Washington.

With the opposition of labor on the one hand and the advocates of "self-determination" on the other, lead by the opponents of any League at all and backed up by those favoring reservation, the President must feel something like the members of the Light Brigade.

CALIFORNIA WALNUT YIELD WILL REACH 46,000,000 LBS.

SAN FRANCISCO, Sept. 17.—California will produce 46,000,000 pounds of walnuts this year, according to the estimate of W. T. Webber, secretary of the California Walnut Growers Association, who has just completed a survey of the state.

Prices on this season's crop will be fixed October 1. It is expected the value of the crop will aggregate \$13,000,000 or more.

The city of Boston today enters upon its 290th year, having been founded Sept. 17, 1630, by members of John Winthrop's company from Salem.

KLAMATH FRUIT TREES LISTED

Senator Baldwin Prepares Comprehensive Article Covering the Varieties of Fruits That Are Grown in Klamath Region

In response to urgent requests from residents of Klamath county for information regarding fruit trees that can be successfully grown here, Senator George T. Baldwin has prepared the following article which covers the entire field of fruit trees.

Senator Baldwin is particularly well fitted to give information on this subject in that he has lived in Klamath Falls for 44 years. He set out fruit and shade trees to a considerable extent as far back as 1882. "Buy your trees in the early fall, as stocks are more complete. Heel in your trees and select a well-drained spot where the soil is mellow, and dig a trench deep enough to cover the roots.

"If trees are frozen in transit, do not unpack, but set away in a cool cellar and allow them to thaw gradually."

Varieties of fruit that have been successfully grown in Klamath:

APPLES: Arkansas Black — A dark red, almost black; sub-acid and a good keeper.

Grimes' Golden—A most popular golden apple and commands highest market price.

Stayman Winesap—The best of all Winesap type, taking a lead everywhere.

Winter Banana—A wonderful apple in Klamath; large and good flavor.

Yellow Bell Flower—Large yellow, slightly blushed; one of our best.

Wolf River—A giant show apple, of immense size and beauty; very hardy.

King of Tompkins County—A wonderful apple in Klamath, in size and beauty.

King David — One of the most beautiful of all apples; vigorous and hardy.

Black Ben—A beautiful apple and a success in Maine, Michigan and in Montana.

Ben Davis—A sure bearer but of poor quality.

Giant Jeniton—Hard as a rock, unfailing cropper; a prodigiously young bearer.

Red Gravenstein—Almost solid red and exceedingly attractive; very profitable.

Jonathan—Beautiful dark red; a money maker in Montana; one of the best.

Rome beauty—Large, uniform, striped bright red; a good cooker and good keeper.

Wealthy—For all culinary purposes it is perfection; a success in Michigan.

Senator—A most beautiful apple; superior as a money maker in Montana.

Northern Spy—A shy bearer but the best eating apple of them all.

Red Astrachan—One of the best cookers; everyone should have at least one.

Yellow Transparent—A delicious eating apple and sure bearer in Klamath.

Liveland Raspberry — Absolutely the most valuable early apple; succeeds everywhere.

Red June—A brilliant flashing red, juicy and good.

Early Melon—Splendid cooking and one of the best for dessert.

PEARS are a very sure crop in Klamath county and the following varieties have been tried out, namely: Seckel, Bartlett and Winter Nellis.

PEACHES: Strawberry, Lemon Kling, Bokhara; a sure one, "Alton" (F), said to stand 40 degrees.

PLUMS: Green Gage, Peach, California Satsuma, a most wonderful plum in Klamath.

PRUNES: Italian; grown in Klamath to perfection.

CRAB APPLE: Transcendent; As large and fine flavor as any grown anywhere.

CHERRIES: Bing, Royal Ann and Black Tartarian, all are a complete success in Klamath.

APRICOTS: Stella, the hardest

of them all and unsurpassed for size and color; Wenatchee Moorpack, a wonderful fruit and sure bearer in Klamath.

The following small fruits are successfully grown in Klamath:

The Evergreen blackberry, Loganberry, Cuthbery, raspberry, Ever-bearing strawberry, Perfection red currant and ground cherries.

For shade trees the sugar or hard maple is the best of all. Every variety of poplars are rapid growers. The box elder makes a rapid growth but is badly broken by the winds.

OF INTEREST TO WOMEN

The Oakland, Cal., high school has introduced a course in business law for women.

The first co-educational college in the east was Cornell, which in 1872 decided to admit women as students on the same footing as men.

Mrs. N. A. Hayes of Texas has been appointed to take charge of the offices of the Southern Rice Growers' Association in London, England.

Queen Mary (then Duchess of York) and the Countess of Aberdeen were the first women to receive honorary degrees from any Canadian university.

Florence Nightingale, the famous Crimean nurse, is the only woman who has ever received the Order of Merit, one of the most honorable distinctions within the gift of the British sovereign.

One hundred housewives in Winnipeg are financing a co-operative store which will handle all staple lines of food, without profit, to provide cheaper food for the homes represented in the concern.
