Certified By Goodrich More-Mileage Adjustment

Whenever you buy anything, something measures it out, certifying how much of it you get. It may be by yardstick, or a pair of scales.

The tire user has settled on the mile as his measuring unit of service.

Goodrich, accepting his measurement, certifies them both the quality and quantity of Goodrich Tires with the Goodrich More-Mileage Adjustment—6,000 miles for Fabric Tires—8,000 miles for Silver-ton Cords.

Goodrich is making what it has pleased thousands of Goodrich dealers and users to tell us "are the best tires the rubber industry has produced."

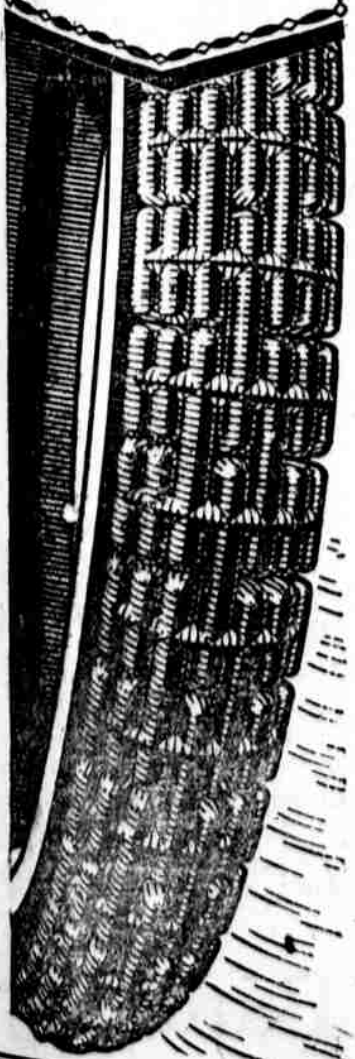

Then Goodrich Certification steps in, and measures out to the tire user in his own unit the least he with proper usage will get from a Goodrich Tire.

It gives tire users the peak standard, at once a gauge to appraise the value of other tires, and a surety bond for the Goodrich Tires he is buying.

IS THE HAPPIEST WOMAN IN STATE

MRS. SMITH SAYS IT WOULD BE UNGRATEFUL NOT TO TELL OTHERS OF TANLAC

"I believe I'm the happiest woman in California today, and it's all because of what Tanlac has done for me," said Mrs. Eugene Smith, residing at 689 West 52nd St., Los Angeles, in conversation with the Tanlac representatives, who had heard of her remarkable recovery and had called at her home to obtain the facts. Mrs. Smith is an officer in the Eastern Star and other lodges and is very prominent socially. Her husband holds a responsible position with the Southern Pacific Railroad.

When asked if she objected having her statement published Mrs. Smith said: "No, indeed go right ahead and put it in the papers—it would be ungrateful not to tell other suffering people about this wonderful medicine." Continuing she said:

"For six years I suffered from a complication of troubles, which finally developed into a general breakdown. I had awful pains around my heart which seemed to be affected, too, and I had constant pains in my back. My neck and shoulders would get stiff at times and my limbs would swell and backache so I could hardly walk. I was told once that my trouble was caused by the condition of my teeth, so I went to a dentist and had them all treated, but I got absolutely no relief. I took all kinds of medicine and treatments, but just continued to get worse all the time, and I hardly ever had a minute's peace. I was so nervous that even the ringing of the door bell would completely upset me, and it seemed impossible to get a good night's sleep. I was losing strength rapidly and fell off until I only weighed one hundred pounds. Finally my condition got so bad they took me to the hospital and I stayed there six weeks, but I didn't seem to improve in the least. I was brought back home, and had just about lost all hope, when a friend of mine suggested that I take Tanlac. I didn't see how it or any other medicine could help me after everything else had failed, but I consented to try it, and it is simply wonderful what this medicine did for me. I began to feel better after the first few doses. My nerves became calm and I could sleep better. As I continued taking the medicines all the pains in my back, sides, shoulders and limbs disappeared, and my strength was returning rapidly. By the time I had taken four bottles of Tanlac I felt as well and strong as I ever did in my life, and when I got on the scales I was surprised to see that I had actually gained eighteen pounds. My kidneys seem to be in perfect condition and I'm like a different woman. All my friends and neighbors are talking about my wonderful improvement, because they knew of the dreadful condition I was in before taking Tanlac. My husband is just as happy over my improvement as I am, and says Tanlac is the most wonderful thing he ever heard of. The results from Tanlac must be permanent, for it has been four months since I took my last dose, and I feel as well now as I did then. If everybody knew what a fine medicine Tanlac is there would be less suffering in this world."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc., Co.—Adv.

COAST BANKS ORDER 100,000 HAND BOMBS

Grenades Intended for Our Doughboys Given Away Free

San Francisco—Banks and Trust Company of the seven states in the Twelfth Federal Reserve District have ordered nearly 100,000 hand grenades which they will give free to purchasers of War Savings Stamps and Treasury Savings Certificates. The grenades are expected to arrive at the Federal Reserve Bank in San Francisco from Washington within the next thirty days, but owing to probable freight delays, no exact date of arrival can be given.

These hand grenades which the War Department had on hand when the armistice was signed, all loaded with TNT to bomb the Germans out of their machine gun nests and dugouts, have been turned into savings banks by simply taking out the TNT and cutting a coin slot in the side. Save for those alterations they are regular hand grenades, known as the Mills Bomb No. 11. As souvenirs of the Great War they have been sought after ardently in the East, where one enterprising firm, which insisted upon getting a few of them, put them on the market at a dollar each. They sold like hot cakes.

Persons up to twelve years of age can get a grenade by purchasing one War Savings Stamp, 12 to 18 years, two stamps; over 18, one \$100 or one \$500 Treasury Savings Certificate, all of which mature in five years and bring four per cent interest compounded quarterly.

Ask any bank about them and get your name in today. The supply is limited. These are the only hand grenades in this country. They were ready for shipment to our doughboys when the war ended and were turned over to the Treasury Department by the War Department to stimulate thrift and saving through the purchase of Thrift and War Stamps regularly.

TEXAS TAKES LEAD IN WAR ON PROFITEERS

Young People's Economic League Boycotts Merchants Who Overcharge

Dallas, Texas—In its fight against the high cost of living, the Young People's Economic League of this city is urging everybody to refuse to buy high priced clothing and shoes, to purchase groceries and meats only where they are being sold at a reasonable price and to put what has been saved thereby into War Savings Stamps and eventually into Registered Treasury Savings Certificates.

The Young People's Economic League, composed of both men and women, is working hand in hand with the Housewives' Chamber of Commerce, which was a prime mover in establishing a municipal market place, where farmers bring their produce and sell directly to consumers. This municipal market proved a success from its inception.

"By buying carefully," said one of the committee chairmen of the Young People's Economic League, "considerable money can be saved, even with prices as high as they are now. We are urging everybody to take what they have actually saved and invest it in War Savings Stamps. They will thus be putting dollars whose purchasing power is low at work earning interest until the time when they are worth more."

"Money invested in War Savings Stamps is always earning more money for the investor and can always be secured, with accrued interest, on ten days' written notice. In these days of high prices, it behooves all of us to save what we can. The war may be over but the profiteer is still waging a merry little war of his own, and savings form one of the best weapons with which to whip him."

HE'S GOT MONEY

"He's got money." Admit that when you hear that said of a man you instinctively look him over—look him over pretty respectfully as a rule. Whether you want to admit it or not, you have a bit of admiration for him. Why?

Because he is a man above the general run of human beings. He is a man who is independent—a man who looks the other fellow in the eye and tells him to "go to hell." He can't be bullied. He knows his rights and is in a position to demand them. His money gives him that power.

Independence is the open doorway to happiness. Only the possession of money or of things worth money can give independence. There is only one legitimate way to get money. Earn it and save it. All the capital in the world today was first earned and then saved.

You—everyman and everywoman—can be independent. Each week or month take so much out of your wage or salary envelope and invest in Thrift and War Savings Stamps. Live on what is left. Meanwhile the money put into the government securities goes to work earning 4 per cent interest compounded quarterly.

Make them say "He's got money" when you go by.

Yes, it's toasted

YOU know how much toasting improves bread. Makes it taste good. Of course—more flavor.

Same with tobacco—especially Kentucky Burley.

Buy yourself a package of Lucky Strike cigarettes. Notice the toasted flavor. Great! Nothing like it. The real Burley cigarette.
