FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turning gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications it also brings back the gloss and lustre and gives it an appearance of abundance.

DRIVES WINNING RACES WITHOUT HANDS

Always a lover of horse flesh, Colby Turner of Wilmington, Ohio, did not let the loss of both hands when a boy, interfere with his aims and as a result he is today one of the most successful race drivers, despite his handicap. Turner drives his horses by winding the reins about the stumps of his arms as shown in the large picture. The small picture shows Turner behind his pacer, Big Frank D 3:17 1-4. He developed the great Little Frank D 2:10 1-4. Little Frank D 2:10 1-4.

lost his hands 30 years ago when he fell in front of a mower when left alone in the field by his father. He has "store hands" but still drives them.

PAVING HELD UP BY ESPEE WRECK

The plant for the mixing of the "hot stuff" to be used by the Warren Construction company in paving the streets, is completed and the top coating would have been spread or started this week if the tunnel at Kennel had not caved in. As things now stand the company's whole supply of oil is waylaid on the outside of the tunnel, and until it can be gotten through no pavement can be started.
