## GERMANS NOW BIDDING FOR ITALY'S TRADE

LONDON, Sept. 24.—British traders are advised by consular agents at Rome that Germany is making a strong bid for Italian patronage. By extending to Italian buyers three month's credit at one percent interest and the quotation of prices for delivery at Genoa, whereas British firms quote f. o. b. London, a large volume of business is being attracted by the Germans.

Italy's most pressing needs now are said to be dyes, inks, hosiery, shoes, chemicals, machinery, typewriters, heavy oils, meats, preserves and cloths.

### LORELLA LOCALS

Mr. Ed Casebeer's house in Horsefly was burned to the ground last Wednesday about six o'clock in the morning. The fire is supposed to have started from a defective flue. Mr. Casebeer had just completed the sale of his place to Mr. Sherlock. All the contents of the house was destroyed. There was some insurance. Mr. Casebeer contemplates a trip to Alaska with a view to locating there.

Mrs. Alfred Keller has been engaged to teach the school in their district for the coming year. There seems to be a dearth of teachers this year.

Ben Brown's threshing outfit has completed the round of the valley, with one or two exceptions. These places will be threshed later, when the grain is more matured.

Mrs. Gus Keller is in Immanuel Hospital in Portland, where she is recovering from the effects of an operation.

A water meeting and dance will be held in Fordney's Hall at Lorella, Friday Eve, Oct. 3. Speakers from the Falls will be present, and good music will be provided. Supper will be served after the speaking. Let everyone interested in water be present.

### OFF FOR COPCO.

John Boyle, chief engineer in this section for the California-Oregon Power company, with Del D. Gammon and wife, Arthur Leavitt, Colman O'Laughlin, Henry Hijaack and Paul McDonald, left at one o'clock today for Copco, where they are scheduled to do engineering work.

## CENTRAL EUROPE NOW DECLARED ON THE MOVE

BUDAPEST, Sept. 24.—All Central Europe seems on the move. In a railway journey from the eastern Swiss boundary across German Austria, parts of Czechoslovakia and as far into Poland as Warsaw and Lemberg, back into Austria proper and thence to this city, an Associated Press correspondent saw dozens of long trains crowded even beyond the capacity of the cars and with every platform filled with men, women baggage of the European peasant. Bundles and chests and cloth bags and paper packages, straw and wicker baskets, rope tied, were strapped on every available space.

Where the people are going or why no one seems to know. It is apparently a reshifting and milling about of the population.

The trains themselves are wretched enough. There is not a passenger car in Europe that has not been used for troops' transport. They are filthy beyond words, nearly all the glass gone and the windows filled with rough boards or rusty sheets of iron or tin. The paint has long since gone and some still bear the faded lines of early war camouflage. Lubricating oil is one of the scarcest of commodities in these regions and the cars creak along over rusted rails, drawn by shabby engines.

Travel is a hazard. Schedules are virtually non-existent and these uncertain trains creep along as the fuel supply permits. Stops in desolate country regions of hours at a time are not unusual and in most parts the railway buffets that once supplied the traveler with meals are closed, so that it is imperative to carry one's own provisions.

A passenger on one of the Orient express trains said that at one point in Southern Europe the conductor took up a collection from passengers to buy wood for the locomotive.

## MRS. HARNER IS A HAPPY WOMAN

GAINS NINETEEN POUNDS—  
"JUST SEEMS TOO GOOD TO BE TRUE."

"I am so happy over the wonderful improvement of my health since I commenced taking Tanlac I just want to tell everybody I meet about it," said Mrs. H. H. Harner who lives at 736 West 41st place, Los Angeles, Cal., the other day.

"It seems too good to be true," continued Mrs. Harner, in speaking about her recovery to health by using Tanlac, "for I was in wretched health for about six years, and everything I had tried in the way of medicine and treatments had failed to do me any good at all. In fact, I had about given up all hope of ever finding a medicine that would overcome my trouble. What I suffered during these years on account of the awful condition of my stomach, simply cannot be told in words. Everytime I ate anything I would have terrible cramping spells afterwards. I was nervous, too, and such aching as a good night's sleep was out of the question with me. I just seemed to lose all my strength and energy and finally got so weak and run down that I could hardly get about at all. I went down in weight from one hundred and seventy-seven to one hundred and forty-nine pounds, and you can imagine how much I must have gone through."

"Well, about five weeks ago I decided to give Tanlac a trial and see if it would do me any good, and just in that short space of time I have actually gotten back nineteen pounds of my lost weight. Why, I began to pick up before I had finished my first bottle of this wonderful medicine and I just continued to improve until I am as well and hearty now as I ever was. I never have a pain or ache of any kind and my stomach trouble has been so completely overcome that I can eat just anything I want and I never suffer afterwards. All the nervousness has left me and I sleep just like a child every night. In fact, I just feel perfectly well all the time, and I never lose an opportunity to say a good word for Tanlac."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc. Co.—Adv.

## CHANDLER SIX Famous For Its Marvelous Motor

## A Truly Charming Car, This New Chandler Coupe

SEARCH the whole market of motor cars, you could find no more satisfying closed car of the coupe or victoria type than the new series Chandler coupe. Closed or open, as you may desire or the weather dictate, it is clean and cozy and luxuriously comfortable in all seasons. Upholstered in finest quality silk-plush and with dull silver finish fittings designed in the best of style, there is distinctive character in this car.

The Chandler coupe seats four in perfect comfort, or three when the auxiliary chair is not in use.

Chandler closed cars, because they so clearly express the very best of the coach-maker's art and skill and because they are so fairly priced, will be over-sold throughout the Fall season.

Despite the largest production in the history of the Chandler company, the demand for the new series coupe will quickly consume the production for weeks to come. Your early order will be a safeguard against disappointment.

## AIRFLIGHT SOON FROM ROME TO TOKIO PLANNED

TURIN, Sept. 24.—The airplane flight from Rome to Tokio planned by Gabrielle D'Annunzio, the Italian poet-aviator, is being arranged in this city. The trip will be undertaken by a whole squadron of the fast S. V. A. type consisting of six machines. The details of the trip are now being worked out with the greatest care. Each machine will carry a pilot and a mechanic.

Stops will be made at Saloniki, Adalia, Alepp, Bagdad, Azra, Benares, Rangoon, Bangkok, Kanio, Canton, Kiao-Kiao and then Tokio. The distance to be traveled will aggregate nearly 10,000 miles. It is planned to fly an average of between 800 and 900 miles a day.

## BOOZE SUPPRESSION SOUGHT BY FRENCH

PARIS, Sept. 24.—Jurors of the District of the Seine who have just disposed of fourteen criminal affairs of which ten were attributed to the abuse of alcohol, have written to Mr. Nail, the Minister of Justice asking that measures be taken for the suppression of the sale of alcoholic beverages.

Advocates of prohibition in France (there are few) have little hope that any such steps will be taken. One of them told a reporter of Le Journal yesterday: "The elections are too near, and the wine merchant is a power in the land."

### RED TROOPS TAKE OMSK

LONDON, Eng., Sept. 24.—A Bolshevik wireless from Moscow says the Red Troops of General Lubkoff have occupied Omsk, 500 miles east of that place.

### MOVE TO BETTER LOCATION.

The National Auto Accessory company, which has been located 119 North Fourth Street, between Main and Pine Streets, has moved into the room next to the postoffice heretofore occupied by the Earl Shepherd company. This concern makes a specialty of what is known as the In-syde Tyre, a device for prolonging the life of tires which is said to be meeting with wonderful success. In addition to this the company carries a complete stock of automobile accessories.

## WOOD

—We are receiving many inquiries for block wood from points in California, and the indications are that large quantities of this wood will be shipped to outside points when fall weather comes.

## KING GEORGE USED AS 'AD' FOR LIQUOR

LONDON, Sept. 24.—Everybody knows that King George is one of the most abstemious men with respect to alcoholic beverages. Yet a list of royal warrant holders published in the London Gazette, the official organ of the government, shows that 11 distillers of whiskey are entitled to call themselves purveyors by appointment to the king. Nineteen brewers or dealers in beer may claim the same distinction. In

respect of wines the king's record is in most striking contrast to his well merited reputation for abstemiousness. Something like wine producers and wine merchants can boast of receiving his patronage. It may be taken for granted King George never even saw most of the brands of strong drink which his name is used to advertise. There is much that is mere "believe" in the acts that are attributed to a king.

### VIVISECTION INCREASED

LONDON, Sept. 24.—Vivisection is growing among the scientists in England according to a report published by the government. In 1918, 23 laboratories, mostly connected with military hospitals, opened for the performance of experiments.
