JULY ISSUE McCLURE'S ON "UTILITIES ENTITLED TO PROTECTION"

The financial editor, in a forceful article in that Magazine, says:

"Public Utilities Commissions have been formed in many states to exercise control over privately owned public utilities, and have generally demonstrated that their regulation is beneficial. On the other hand, municipal ownership has proved generally unsuccessful, and is subject to objectionable and harmful political manipulation. The public should realize this fact, that its interests are those affected, and it is a fact that private ownership is ninety-nine times out of a hundred more efficient than ownership by a government, whether of a city or nation.

"In order that a public utility may expand, money is needed, and to get money credit is necessary. It is to the interest of a city and its inhabitants to see that credit is furnished. * * * Their interests are inextricably intertwined, and public indifference to and ignorance of conditions affecting this class of companies are serious hardships to their growth and expansion. * * * If the utilities are to be regulated they are entitled to protection."

SMALL FIRE LOSS FOR OUR NEIGHBORS

PORTLAND, Sept. 24.—While the season just closed was marked with an enormous number of forest fires, the damage done in Joseph and Jackson counties is less than it has been since 1912, reports Forest Examiner N. H. Chapler, who has just returned from Grants Pass, where he has been investigating the loss.

The success of the fire season Chapler attributes to the co-operation between the fire fighting agencies, which is the best ever experienced, he says. Numerous agencies composed of private timber owners in previous years were combined under the head of the state forestry department and the federal forest service this year.

A good rain cleared the country of fire and smoke and the residents do not contemplate much fire danger although two days after the rain one large sized fire was reported.

"There were 135 lightning fires in the Crater national forest alone," said Chapler, "yet in the two counties the damage is very low. This is due almost entirely to the efficiency of the fire organizations."

NOTICE

I am now prepared to furnish Shasta Sand from the Hoey, Calif., sand and gravel pit, in any quantity that may be desired by contractors and builders.

Gold Seal—top Notch—and Ball Brand Rubber Boots, K. K. K. Store. 42-6t

PROFIT BY THIS

Don't Waste Another Day

When you are worried by backache; By lameness and urinary disorders— Don't experiment with an untried medicine.

Follow Klamath Falls people's example.

Use Doan's Kidney Pills.

Here's Klamath Falls testimony. Verify it if you wish:

Mrs. R. S. Van Campel, 1021 Washington St., says: "Doan's Kidney Pills are a family medicine for kidney trouble in our home and I can speak a good word for them. I have found Doan's Kidney Pills all that is claimed for them whenever I have had occasion to take a kidney medicine. I couldn't recommend anything more reliable for backache or kidney disorders than Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Van Campen had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

FATALITIES LACKING IN WEEK'S REPORT

SALEM, Sept. 24.—There were 458 accidents, none fatal, reported to the state industrial accident commission during the week ended Sept. 18. Of the total, 427 were subject to benefits under the provisions of the workmen's compensation act, 17 were from firms and corporations which had rejected the law and 14 were from public utility corporations not subject to the provisions of the act.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

STATE CHAMBER WILL ADVERTISE OREGON WELL

PORTLAND, Sept. 24.—With the county judges and commissioners of Oregon pledged to support an aggressive advertising campaign on behalf of the state Chamber of Commerce, the business has been the least advertised of the 12-16 West states, and according to data issued by Secretary Quayle 149,569 people settling in this state Washington has received 300,000, Idaho 200,000, Montana 150,000 and California 600,000.

The work of the officials of the state chamber in presenting the advantages of Oregon to the farmers and investors of the East is meeting with most encouraging results. Hundreds of inquiries are received each month and the success of the chamber's activities is reflected in the increasing number of new settlers arriving each week from Canada and Eastern and Southern states.

F. A. Miller, editor of the South Bend, Ind., Tribune, in an article on the "Clown Press," says: "The most successful newspapers of the United States—we do not mean the richest are those noted for their sanity, good English, honesty and discretion."

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can, possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

We can duplicate any lens. H. J. Winter's Optometrist. 20-2t
