BUDAPEST IS NOW THE MOST HUNGRY CITY

BUDAPEST, Sept. 26.—This probably is now the hungriest of the great cities of Europe. From France eastward there is a gradual tightening of the belt and an increasing absence of nutritious food until here there is a dearth of fats of any kind.

On meat days one light ration of beef, mutton or veal of poor quality is to be had at the midday meal in the larger restaurants that remain open, but on such days supper is meagre. Tonight at the largest and most fashionable hotel in the city, supper consisted of a green pepper stuffed with rice and tomatoes, boiled spinach and a fragment of poor pastry.

The Rumanian occupation made harder an already serious situation. The Rumanians scour the surrounding country for supplies. Interruption of railway traffic, due to the coal shortage, is another factor. As this is written Hungary is passing through the governmental crisis that followed the resignation of Archduke Joseph as Chief of State and this, with its uncertainty as to future developments, heightens the general depression of this once gayest of cities.

The magnificent streets present blocks of great shops with shuttered windows. Only here and there is a store open and usually its poorly filled windows represent about its stock in trade and at exorbitant prices despite the low value of the kronen. Few of the restaurants and cafes that once made Budapest famous for food and music and splendidly dressed people are open, and idle and poorly dressed crowds fill the popular streets.

The factories are closed for lack of coal and raw materials. More than 200,000 persons have flocked to the city from the surrounding regions. The streets are filled with soldiery, both Hungarian and Rumanian, and detachments of the latter march continuously through the city.

One custom still survives in spite of want and general dreariness of the city. That is the afternoon promenade on the splendid terrace overlooking the Danube, but the poorly dressed throng is a ghost of old Budapest and there is a striking apathy and sadness on the faces of the promenaders.

From its terraced height across the Danube the magnificent palace looks down on its changed city, its spacious apartments now occupied by government officials. In one splendid suite of rose brocaded satin and gilt the Inter-Allied Military Mission sits, and General Bandholz, the American member writes on a rose-wood desk that once was used by Emperor Franz Joseph.

SAYS SHE THREW HER MONEY AWAY

MRS. PARKER SPENT HUNDREDS SEEKING HEALTH—TANLAC RESTORES HER

"My troubles have been completely overcome since I commenced taking Tanlac, and I am enjoying better health in every way than I have for over twenty years," said Mrs. M. Parker, who lives at 423 East Third street, Los Angeles, Cal., the other day.

"During that time," continued Mrs. Parker, "I spent several thousand dollars for medicine and treatment and it was just money thrown away, for I never got any relief from my suffering until I commenced taking Tanlac. I was practically an invalid for twenty years, and all my trouble was caused from the awful condition of my stomach. A great part of that time I was confined to my bed, as I was too weak and run-down to be up. What little I ate disagreed with me, and I would suffer terribly with gas forming after meals. Then too, I often had severe pains in the small of my back, and would have terrible spells of headaches every day or so. To make matters worse I was attacked with rheumatism in my arms and legs, and this caused me no end of pain and misery. I was nervous, too, and never got a good night's sleep. I finally reached the point where I had given up all hope of ever being well again.

"One day my husband suggested that I stop taking the medicine I was using and give Tanlac a trial. Then, too, several of my friends who had been taking Tanlac gave me the same advice, so I got a bottle and commenced taking it, and in a weeks time I was feeling a whole lot better. I have just finished my fourth

bottle now, and it is simply wonderful the way I have improved. Why, I have actually gained ten pounds already, and feel so well and strong that I do all my housework without the least trouble. I was feeling so well last week that I actually did the family washing, and it has been many years since I was able to do a thing like that. My appetite is fine and everything I eat agrees with me perfectly. I sleep just like a baby every night and feel rested and refreshed when I get up in the mornings. I never suffer from headaches now, and the rheumatism has left me and I don't have that awful pain in my back any more. In fact, I am just enjoying fine health in every way, and I give Tanlac credit for it all."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorella by the James Merc., Co.—Adv.

AIRFLIGHT TO SOUTH POLE NEXT SPRING

LONDON, Sept. 1. (Correspondence of the Associated Press)—John L. Cope, leader of the expedition to the South Pole to start next June, says his airplane flight to the Pole will be about 750 miles. The base from which the airplane will start is about that distance from the Pole. The airplane will be heavily loaded.

"We shall be compelled to take a sled with us and extra provisions to enable us to return in case the airplane breaks down," said Mr. Cope. "Because of this additional weight it will be necessary to cut down our fuel to the minimum for taking off, which will be very difficult and it will be impossible to lift the machine for crossing the mountain ranges."

"We propose to set off with as much petrol as we can and then half way on the outward journey just before we get to a range of mountains that we have to cross, to dump half of it and to pick it up on the way back."
