From Producer to Consumer

We are so busy selling quality meats at popular prices that we have not had the time to give the attention to our advertising this week that we should like to. We will have to confine ourselves to asking you to give us just one trial, and then you will see for yourself that The People's Market is the place to buy your nice tender, juicy meats of all kind. Killing beef does not make it tender and that is why we buy the livestock that will produce the meat you demand. A trial will convince you that we have the meat you have been looking for.

NEW IDEA FOR ARMED RESERVES FOR GERMANY

WITH THE AMERICAN FORCES IN GERMANY, Sept. 1—(Correspondence of the Associated Press)—An entirely new scheme for establishing a reserve army in Germany in anticipation of some future opportunity to establish German military power is seen by some German newspapers in a plan they have just discovered and exposed. While the scheme is confined to only one regiment and so probably has no sanction from the War Ministry it is an indication in the opinion of American army officers who for eight months have been studying demobilization of the German forces, of how hard Prussian militarism dies. The Lightschlag corps in Westphalia, now the Sixty-second Reich-

wehr (National Army) regiment of the Thirty-First Reichswehr brigade, has sent out circulars to all men who have served in this volunteer unit since the armistice, urging them to sign a pledge to answer to a call to the colors in the event of general disorder or a new revolution. The Freiheit, the Independent Socialist organ in Berlin, suggests that the men responsible for the scheme really have in mind something more than suppression of disorders, the paper then quoting from the circular as follows: "Soon the time will come when the Fatherland will have need of every resolute and proven arm." The circular, according to the newspapers, says that the corps is organizing a "reserve" from among the best of its released soldiers, this reserve to be called into the service of the corps in time of need. Details are then given of the method of issuing such a call. The "Freiheit," in a recent issue, demanded to know who had given the corps the right to establish such a reserve and to promise regular Reichswehr or National Army pay to these "reservists" whenever called.

EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR
AND LUSTRE WITH SAGE TEA
AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

Thrift

Pays the Bills

This world is full of bills. The grocer sends them, the butcher, the baker, the coal man, the ice man and the tailor.

To some people bills mean worry and unhappiness. To others who practice Thrift, who spend less than they earn and regularly save a stated sum, bills have no terror.

Is it not better to have dollar bills in the bank than dunning bills in the mailbox?

HARVEST BY MOONLIGHT

LONDON, Aug. 27.—The fields of England are crowded with harvesters and in many of them farmers and their hands are working in the moonlight to gather the crops.

This is the most crowded time for the English farmer in many seasons as the early crops were late and late were early. There is an increased use of farming machinery in harvesting the winter wheat crop. This crop is not particularly heavy but has been well ripened by the intense August sun.

PUT STOMACH IN FINE CONDITION

SAYS INDIGESTION RESULTS
FROM AN EXCESS OF HY-
DROCHLORIC ACID.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any

pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Adv.

Do You Know.

That the country newspaper is the heart, backbone and circulatory system of its community? Through its columns flow the life of the community. It chronicles its joys, sorrows and expectations. From making irrigation projects possible to electing Presidents it is a power to be seriously considered, but what gets my goat is that the country merchant never fully appreciates its value as an advertising medium.—Nawog.
