ANOTHER BOARD IS ORGANIZED

The State Board of Engineering Examiners is the latest organization to get ready to issue permits to practice your profession.

Organization of the State Board of Engineering Examiners has established headquarters in the Corbett building, Portland, where the necessary registration of all professional engineers in Oregon and all who expect to practice engineering after January 1, 1920, may be made. Under provisions of the state law, it will be necessary for all civil, electrical, mining, chemical and all branches of professional engineering to register. Applications may be made at the examining board for examination by those engineers who have not the required six years of actual practical experience.

The personnel of the board includes: F. S. Baillie, mining engineer, Baker; R. R. Bartlett, civil engineer, Astoria; C. A. Covell, mechanical engineer, Corvallis; W. B. Dennis, mining engineer, Carlton; F. Hesse, mechanical engineer, Portland; E. G. Hepsen, hydraulic engineer, Portland; O. Laugaard, civil engineer, Portland; J. H. Lewis, hydraulic engineer, Vale; and F. D. Weber, electrical engineer, Portland.

The officers for the next two years are: O. Laugaard, president; F. D. Weber, vice-president, and A. B. Carter, secretary. The executive committee is made up of Laugaard, Hepsen and Covell. The finance committees Weber, Dennis and Bartlett, and the committee on by-laws and rules is Hesse, Baillie and Lewis. The business of the board will be conducted by these committees to a large extent.

Today's Anniversaries

1833—Matthew S. Quay, United States senator from Pennsylvania, born at Dillsburg, Pa. Died at Beaver, Pa., May 28, 1904.

1852—Dr. Nicholas Wiseman was nominated Cardinal and Archbishop of Westminster.

1870—Public funeral ceremonies were held in New York for Admiral Farragut.

1894—Fifteen thousand persons in Vienna participated in a demonstration in behalf of universal suffrage.

1901—Prince and Princess of Wales (King George and Queen Mary) visited Vancouver.

1903—Sir Michael Herbert, British ambassador to the United States, died in Switzerland.

1914—Italian torpedo boat destroyed by a mine in the Adriatic.

1915—Greek parliament voted war supplies and state of siege of Macedonia.

1916—British losses for September given as 5,439 officers and 114,110 men.

1917—German air squadron raided London for the fifth time within a week.

The price of shoes is getting to the point where a swift kick can only be administered by the well-to-do.

Probably the largest barometer in the world is that set up in the Italian town of Faenza, the birthplace of Torricelli, the discoverer of the barometer. The liquid used is purified oil in a column over thirty-six feet in height.

Only Woman Publisher of English Newspaper

LADY BATHURST

Countess Bathurst, the only woman newspaper owner in England, takes an active part in the management of the London Post, one of the most influential conservative papers in England. She is one of Lord Northcliffe's chief competitors.

Today's Birthdays

Dr. Cyrus Northrop, president emeritus of the University of Minnesota, born at Rodgfield, Conn., 85 years ago today.

Pierre B. Mignault, judge of the Supreme Court of Canada, born at Worcester, Mass., 65 years ago today.

Thomas W. Lamont, eminent New York banker who served as financial adviser to the United States peace delegation, born at Clavrack, N. Y., 49 years ago today.

Wilton Lackaye, one of the well-known actors of the American stage, born in London county, Virginia, 55 years ago today.

Dr. John Henry McCracken, president of Lafayette College, born at Rochester, Vt., 44 years ago today.

Rt. Rev. Joseph G. Anderson, the Catholic bishop of Boston, born in Boston, 55 years ago today.

SCHOOLS START AT BONANZA

Special to The Herald.

BONANZA, Sept. 29.—Schools in Bonanza opened Monday, September 22, with Mrs. A. K. Smith as primary teacher, Mrs. C. G. Burk as intermediate teacher, and Mr. Hatch as principal. The attendance this year is about double that of last year.

The Bonanza Pine Intermediate student body met Monday and elected officers as follows: President, Birdie Hamaker; vice-president, Lois Heuston; secretary, James Padlock; treasurer, Allice York; yell leader, Otis Maxwell; assistant yell leader, Milburn Burk; sergeant-at-arms, Mrs. C. H. Burk.

The student body also decided to write news items this year for The Herald.

A little eight-pound baby boy was born to Mr. and Mrs. K. I. Bold last week.

The Bonanza school is planning a big picnic next Sunday after Sunday school. Lots of fun and a camp fire luncheon is the idea.

A boys' class has been organized in the Bonanza Sunday school with C. G. Burk as teacher. Mrs. Burk has charge of the girls' class and next Sunday a contest is to begin between the classes for good class work. The class gaining 200 points first is considered winner and the losing class must give a good surprise in the way of entertainment for the other class. The captain for the girls' class is Miss Hilda Hamaker; assistant, Miss Margaret Hotekins; captain of boys' class, is William Brightman; assistant, Milburn Burk.

There is a campaign on in Paris against the Cimex lectularius. This Parisian aversion is of the bug family, members of which were said at one time to have wandered across the pages of Arkansas hotel registers to determine which beds would afford the best feeding grounds.

What's the Use of an Old "Tin Can?"

After you have purchased what you think is the best coffee in the market, and which you think can only come in tin cans, you will immediately open it, use its contents and throw the can in the "dump," which means just the same as tossing to the same dump a silver dime.

Now, why practice this extravagance in these times of high cost of living? Why not give our high grade bulk coffee a trial? We are sure after a thorough trial it will please you, and every pound you buy will have saved 15c. Isn't this worth saving? We like to save our trade every cent we can and when we sell this to you in bulk we believe we are doing you a favor. Give it a trial. Fresh roasted, fresh ground by our own mill. Only 45c per pound.

THE SUNSET GROCERY

IN THE DAYS NEWS

The American delegation to the International Congress of the Church Peace Union, which is to begin its sessions at The Hague today, after five years' interruption due to the war, is headed by the Rev. Nehemiah Boynton of Brooklyn. For many years Dr. Boynton has been a recognized leader of the Congregational church and an active worker in many religious and social welfare movements. Born at Medford, Mass., in 1856, he received his A. B. degree at Amherst College in 1879 and several years later was graduated from the Andover Theological Seminary. Following his ordination in the Congregational ministry in 1882 he occupied pulpits in Boston, Detroit and other cities until 1906, when he accepted his present charge as pastor of the Clinton Avenue church in Brooklyn. From 1910 to 1913 Dr. Boynton served as moderator of the Congregational National Council of the United States.

Some Good Bargains in Real Estate

I have for sale at the present time some very good buys in Klamath County real estate, including ranches, lots in Bonanza and Klamath Falls and improved city property. Some of these are exceptional bargains, and every piece listed is sure to prove a profitable investment.—Mrs. Nate Otterbein, 527 Klamath Avenue. 27-3t

WILL CONTEST IS FILED BY SON AND DAUGHTER

Children of Late Oscar Laboree Allege That Coercion Was Used by Widow and Her Mother to Secure Instrument Recently Probated

Alleging that the will of the late Oscar G. Laboree was not really his free and voluntary act; that he was laboring under duress and undue influence at the time of the signing thereof; that it was signed by him while under misrepresentation of fact and under coercion, and as a result of fraud practiced by Anita Laboree, his wife, and Vivian Rhoads, her mother, Benjamin R. Laboree and Gladys Kelly, as son and daughter, respectively, if deceased, have filed in the county court of Klamath county a contest of the will which had heretofore been filed and admitted to probate in this county.

Under the probated will Anita Laboree was made executrix, she and David Lawrence being the sole legatees. The estate is inventoried at some \$60,000, but is probably worth more than that figure.

It will be recalled that shortly

International 8-16 Kerosene Tractor

THIS is a strong, light-weight tractor that you will like. Owners of the International 8-16 are pleased with the way it performs both at the drawbar and belt.

Fuel Economy

Of any two tractors of equal quality and usefulness, the one that operates on the cheapest fuel will be the most economical. The amount of saving to the owner can be definitely determined by the difference in fuel costs. The International operates successfully on kerosene and on even lower-priced fuels where they can be obtained. As compared with gasoline, the difference in the present price of these fuels means a saving of from 50 to 60 per cent to an International 8-16 owner.

Used to Advantage Any Day

International 8-16 is built to do belt work, as well as drawbar work, and is dependable for satisfactory service every day in the year.

Now is the time to place your order. The sooner you do so, the better chance to get your tractor in time to handle a large part of your farm work at a great saving in labor, time and money.

SNOW FLAKES

Pacific Coast Biscuit Co.

after the death of Oscar Laboree there was quite a little controversy between the widow and one of Mr. Laboree's sons, and that Mrs. Laboree and he appealed to the authorities on account of alleged trespass owing to the conflicting claims. The county court has set a day for hearing the petition to have the matter reopened and the whole proceedings reviewed.

Mrs. Laboree has been in possession of the property near Bly since her husband's death.
