

## THROGS GREET ROYAL PARTY ON ARRIVAL AT N. Y.

### Enthusiastic Welcome Accorded Belgian Sovereigns KING WAS REPORTER

#### Crowds Cheer Dauntless Ruler Who Faced the Hun at Head of Army and Turned Tide of Battle in Favor of Humanity—Queen Elizabeth Is Accomplished and Handsome Woman

NEW YORK, Oct. 2.—Thousands participated in a great ovation to King Albert and Queen Elizabeth of Belgium when the royal couple and their retinue arrived in the harbor on the U. S. S. transport George Washington.

The decks were black with the throngs, who poured forth a noisy welcome to the visiting ruler and their route uptown after landing was lined with cheering crowds. After seeing the sights of the metropolis, the royal party will visit Boston on the lap of a coast-to-coast tour of America.

Besides being an outstanding figure in the ranks of heroes created by the world war, King Albert has the distinction of being the only reigning monarch who began his career as a newspaper reporter. He took a postgraduate course in newspaper training when in 1908 he visited the leading shipyards of the European continent to gather data which it was hoped to use at a future date to put Belgium well up in the ranks of maritime powers. The outbreak of the war ended the plan temporarily.

The king is 41 years old and succeeded to the throne on December 23, 1909, on the death of his uncle, King Leopold. He rules a population of 7,500,000.

When German armies in the autumn of 1914 violated the sacred pledges of the Imperial German government to hold the neutrality of Belgium inviolate and began to pour their countless hordes across the frontier at Ypres, the young king buckled on his sword and at the head of his little army of 35,000 men made one of the most gallant stands for liberty ever witnessed in the world's history.

He fought side by side with his men. "My skin is no more valuable than yours," he told the heart-sick troops on the retreat from Antwerp, when they pleaded with him to avoid the dangers that he constantly exposed himself to. "My place is on the firing line."

Queen Elizabeth, who was married to King Albert in 1900, was the Duchess of Bavaria. She was called a strikingly handsome woman at that time and still deserves the compliment in its highest degree, though the woes of war have saddened her greatly and added a becoming gravity to her features.

The queen is passionately fond of music and is an accomplished violinist. She also plays the piano and mandolin with much ability.

King Albert and his consort have three children, two sons and a daughter.

All details touching the welfare and comfort of the visitors will be passed upon by Prince de Croy.

## CURIOUS CROWDS VIEW TUN SHIP

LONDON, Sept. 1. (Correspondence of The Associated Press.)—Since the surrender of the famous German cargo submarine Deutschland, which created a sensation by her trip to the United States in 1916, and back to her home port, she has been overhauled and now is beginning a tour of British coast towns. She will open to inspection by the public in aid of King George's fund for sailors.

Alterations have been made so that visitors can pass into the interior without having to descend the steep iron ladder from the conning tower. Her guns have been dismounted.

The Deutschland was among the 87 or more German submarines surrendered by Germans after the armistice and delivered to British naval authorities in English ports.

## PLENTY OF "GAS" FOR MOTORISTS

Gasoline shortage that almost assumed the proportions of a famine, was relieved last night when the Standard Oil company received four carloads of the fluid. One carload was received the day previous.

"This ends the gasoline shortage as far as local people are concerned," said the manager of the Standard Oil station. "From now on there will be a car coming in every few days."

Seen for divorce has been filed in the circuit court by U. J. O'Brien, who seeks separation from his wife. Description is alleged. Mr. O'Brien is represented by John Irwin.

## BIG LAND DEAL IS ANNOUNCED

Eleven Hundred Acres of Irrigable Land in Langell Valley Purchased by Idaho Stockmen at Price of Approximately \$25,000

Through a deal yesterday 1,135 acres of Langell valley land was conveyed to John W. Turner and David B. Turner of Nez Perce, Idaho, by Laura E. Leatherman, Addie B. Leatherman and Minnie H. Leatherman and David Vinson. The total amount paid was in the neighborhood of \$31,000, or about \$27.50 an acre.

John W. Turner bought the Leatherman land and his brother purchased the Vinson holdings. The properties adjoin and are all in the proposed Langell valley irrigation district and all can be irrigated if the project goes through.

At present the property is wild hog land and used for cattle range. The new owners are experienced farmers and stockmen and will raise stock and hay for the present.

The greater part of the consideration received by the former owners of the property was in cash, it is reported.

In relinquishing his land in the Langell valley, David Vinson gives up a place that has been home to him for more than half a century. He had lived on the same ranch for 53 years.

The new owners have gone back to their homes in Nez Perce to get their families and will return as soon as possible to take up development of their holdings.

The Turner purchase includes 325 acres from Vinson, 200 acres each from Laura and Addie Leatherman and 210 acres from Minnie H. Leatherman.

## PARENTS RECEIVE RETURNING SONS

There were some happy homes in Klamath last night when four more boys returned from overseas service.

Louis Wampler, who has been away for about two years, was engaged in the battle of the Argonne; wears his white star showing his citation for bravery, and a gold medal for expert marksmanship. He is the son of Mr. and Mrs. M. H. Wampler of Odessa on the Upper Klamath Lake, and a brother of Mrs. Winnie McLemore, now visiting in Klamath from the McLemore home in California. During his service on the firing line he went over the top seven times.

The other boys who returned are Will Melhase, son of Mr. and Mrs. A. L. Melhase, whose place is just beyond the limits of the city on Sixth street; Jess Pace of Fort Klamath, and Sam Goddard, brother of Mrs. Bamber.

There was quite a delegation at the station when the boys arrived.

## BULLETIN

PARIS, Oct. 2.—The chamber of deputies today ratified the peace treaty with Germany by a vote of 372 to 33.

## LOOK AT YOUR DATE

Subscribers receiving their paper through the mails are requested to look at the date following their name. It indicates the date upon which the paper is stopped if the subscription is not renewed. The Herald will appreciate it if these renewals are sent in far enough in advance to avoid the necessity of stopping the paper, as it entails a great deal of clerical work to place a name back upon the mailing list again. No receipt is sent when a renewal is received—the change in the date upon the wrapper indicating that the money has been received and proper credit given.

## MIGHTY MOLTEN RIVER FLOWING

HILO, T. H., Oct. 2.—A stream of lava a thousand feet wide is flowing into the ocean at the rate of between 20 and 30 miles from the crater of Mauna Loa. The river of lava is from 20 to 30 feet high.

The sea is boiling for a radius of half a mile around the point where the molten rock strikes the ocean and dead fish are strewn upon the surface of the water everywhere. As the great, hot boulders hit the water they explode with loud reports, tossing jets of spray and steam high into the air.

The track of the lava flow is mostly through a barren country, consequently there is little property loss.

## CITY TO CLOSE TOMORROW AND ALL GO TO FAIR

Out on the fair grounds, at the Kluge place, near the Wilson bridge, things are all a-bustle, and when the people from every section of the county go there tomorrow, everything is going to be in apple order. The tents were erected Tuesday and since then the fair committee has been working day and night getting exhibits in place and everything properly arranged. It is the determination of Messrs. Sutton, Peterson and Sexton to have everything in readiness tomorrow, the opening day, and the indications are that their wishes will be gratified.

The business men of the city are taking keen interest in the project and many of them are going to have individual exhibits. All the stores, banks, barber shops and other institutions of the city will be closed at noon Friday and there will be an exodus of the people for the grounds during that afternoon.

Keen interest is being taken in the races. Indications are that a lot of money will change hands, for there is considerable rivalry among the owners of the various speedsters. The track, which is a straightaway a little over a half mile in length, is in splendid condition and undoubtedly some of the records of the past will be smashed to pieces. Following is the race program for the two days:

**First Day.**  
Quarter-mile dash, free for all—First prize, \$60; second price, \$40.  
Saddle horse race, Klamath county horses, quarter mile—First prize, \$35; second prize, \$15.  
**Second Day**  
Southern Oregon Derby, 3-8 mile—First prize, \$100; second prize, \$50.  
Saddle horse race, Klamath county horses, quarter mile—First prize, \$35; second prize, \$15.

The entrance fee for all of these races, with the exception of the Southern Oregon Derby, will be ten per cent of the first prize, and this will be added to the first prize.

The racing committee is composed of Ross Sutton, Dairy, chairman; Art Langell, Sprague River; Dan Fickett, Malin; Guy Merrill, Merrill; L. G. Slesmore, Fort Klamath, and W. D. Campbell, Lorella.

The school children of the county are going to be there with over 300 exhibits, and this is going to be one of the most interesting, as well as one of the most instructive features of the fair. A number of special features are under consideration and several surprises are going to be sprung on the visitors.

## HAS FRACTURED LEG

The many friends of Joe Davis will regret to learn that he is confined to his home on Oregon Avenue with a broken leg. The accident happened about a week ago, while Mr. Davis was climbing into a wagon. The team started before he was seated, throwing him and breaking his leg.

## COURT DECIDES SEVERAL CASES

Bertha V. Brophy was granted a divorce from Dalton C. Brophy by Judge Kuykendall in the circuit yesterday. J. H. Carnahan appeared for the plaintiff, who was given permission to assume her maiden name of Wimer and custody of the minor child, Norma Grace Brophy. The father will contribute \$10 a month toward the child's support.

Plaintiff in the suit of A. C. Grenger against Ross Deal secured a default judgment for a note of \$132.95, with interest at 8 per cent from July, 1916, and \$50 attorney's fees.

The action of V. L. Hatfield against H. L. Veit, doing business under the name of Worden Mercantile Company, was dismissed on a non-suit motion.

The case of the People against Arthur Varnum, accused of a statutory offense against a 15-year-old girl, was dismissed for insufficient evidence.

The damage action of E. M. Marple against the City of Klamath Falls was likewise dismissed. This suit was based on an allegation that street grading operations of plaintiff caused stopping natural drainage and causing overflow of plaintiff's premises in winter.

## CICOTTE SAYS NERVES UPSET

Yesterday's game, the opening one of the series, was won by Cincinnati, score 7 to 1.

WARM, cloudy weather marked the resumption of the world's series. Early today managers of the opposing teams announced the following batteries: Cincinnati: Sallee and Winger. Chicago: Williams and Schalk. Cicotte explained his poor showing yesterday as due to nervousness caused when he hit the Red's first batter, Morris Rath. It unnerved him, he said, and he was unable to control himself. He expects to come back strongly later in the series, he declared.

The 1919 series is almost sure to break all records for ticket sales. Receipts for yesterday's game were \$21,000 ahead of any previous world's series record.

## FIREMEN'S BALL

### OCTOBER 10TH

Arrangements are well under way for the big firemen's benefit ball at the Moose hall on the evening of October 10. W. S. Shelburn, O. R. Lorenz and Archie Haskins, volunteer members of the department, are the committee in charge. Tickets will be sold for \$1 a couple.

To maintain a fire department, as to maintain any organization, entails expense, and the men who are willing to risk hardship, discomfort and, not infrequently life itself, purely because of an abundance of public spirit, are entitled to a generous support from the public.

It is the aim of the fire department to make this year's dance surpass all previous affairs. It is their ambition to place the local department right up in the front ranks of fire fighting organizations and they ask the public to aid by attending the dance.

### Five Hundred Soldiers Endeavoring to Restore Order—Despite Presence of Troops, Mid-day Riot Adds More Casualties to Already Long List — Councilman Killed and Two Corporals Shot

ELAINE, Ark., Oct. 2.—Governor C. H. Brough and Colonel Jenks, commanding the troops brought here to check race rioting, were fired on today by the rioters but neither was hit. A white real estate dealer by the name of Johnson was shot three times and probably is fatally wounded in a renewed class which broke out shortly before noon.

O. R. Lilly, city councilman, was shot and killed at Hoop Spur and two corporals of the troops stationed here were seriously wounded.

HELENA, Ark., Oct. 2.—Accompanied by Governor Brough, 500 state troops arrived at Helena to take charge of the situation arising out of yesterday's race riots in which three white men were killed and two wounded.

The number of negroes who are dead or wounded as the result of the outbreak has not been ascertained.

Twenty of the ringleaders of the mob have been arrested and order is partially restored. The tension under which the city has been laboring for 24 hours is slightly relieved by the presence of troops and the firm stand of the governor.

## POPULAR COUPLE SPRINGS SURPRISE

Jay A. Fairclo, one of the well known farmers of the county has surprised his friends. The surprise comes not from the fact that he has married, but that he was able to keep his wedding from his friends for so long. The ceremony was performed last Saturday evening at the Presbyterian Parsonage, Rev. E. P. Lawrence, officiating. The bride is Miss Grace Patton, of Topeka, Kansas. Last year she was the teacher at the Spring Lake School and taught for the past month this year at the Mt. Laki School. She is a most charming young lady, who has endeared herself to a wide circle of friends throughout the county. Mr. and Mrs. Fairclo will make their home on the ranch of the young man, on the Merrill Road.

## NOTICE

After October 1 all classified advertising must be paid for in advance. The cost of this advertising is only five cents a line, counting five words to the line. This rate makes it impossible for The Herald to handle it on other than a cash basis, as the cost of bookkeeping is greater than the value of the advertisement. Anyone can compute the cost by counting five words to the line and remitting five cents for each line for each insertion. The necessity for payment in advance precludes the possibility of taking this advertising over the phone; and The Herald will appreciate it if requests to do so will not be made.
