CLEMENCEAU IS FOR CONVENTION

Writes Colonel House Suggesting a Convention of League of Nations Advocates in Washington Next Month With Wilson Presiding

PARIS, Oct. 7.—Premier Clemenceau has written Colonel House, President Wilson's confidential adviser, asking that a meeting of the league of nations be held in Washington early in November under the chairmanship of the President.

The premier proposes invitation of the greatest possible number of the statesmen whose names are associated with the creation of the society of nations.

There is but a small amount of business to transact by the proposed convention but according to Premier Clemenceau's argument the meeting would put in action the society which exists only on paper.

CAMEL cigarettes win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

You'll find Camels good all the way through. It is a fact, you'll prefer Camels expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight! And, Camels may be smoked liberally without tiring your taste.

To know Camels best compare them in every possible test with any cigarette in the world at any price!

ALL RUBBER ARCTICS

CORN BELT ARCTIC

No cloth about this Corn Belt arctic to get foul and ill-smelling. It is all rubber from toe to top—pure long-wearing rubber. The sole is made of long-wearing Red Rubber. We challenge any maker to put out a better arctic. It is water-proof to the top of the bellows tongue. It's light as is consistent with strength and durability.

BEACON FALLS
Top Notch Rubber Footwear

The Corn Belt Arctic is strengthened, reinforced, protected at the "strain and wear points." The heel is extra thick and toe has an "armor plate" toe cap. Wear it over regular shoes. Has four buckles strongly attached. 11 in. high.

This is an ideal shoe for farmers' rough, wet, sloppy work in stable, barnyard or field where a high rubber boot is not needed. Drop in and handle this good arctic. You'll like it.

People in Siam are cautious about getting into debt. When a debtor is three months in arrears he can be seized by the creditor and compelled to work out his indebtedness. Should a debtor run away, his father, his wife, or his children, may be held in slavery until the debt is cancelled.

Pearl fishers on the coast of Ceylon find the X-rays of great service. By their application it is possible to distinguish, without opening the shells, the valuable oysters from those that are without pearls. The latter are thrown back into the sea.

Among the Masal and the Ukerewe it is a mark of respect to greet an acquaintance or a stranger by spitting at him. Almost as strange is the custom ascribed to the Tibetans of sticking out the tongue by way of articulation.
