## The Stomach Begins

digestion, but the most important work is done by the bowels, liver and kidneys. Failure of these to act efficiently allows the whole body to be poisoned. **KARL'S LITTLE LIVER LIFTERS** do more than produce bowel movement. Liver, skin and kidneys are influenced to more active effort with resulting increased effect.

### A season of pearls

At the national convention of retail jewelers, Miss Belle Archer of New York, foremost authority on jewelry fashions, told the jewelers that this winter would see pearls worn by more women and on more occasions than ever before.

"Not to wear pearls will be a social fault," Miss Archer declared.

The price of real pearls is enormous, yet it buys no greater beauty of color, sheen or form, than one assures in fine artificial pearls.

## YOUR HOME CAN NOW HAVE FURNACE HEAT

The Quaker Pipeless Furnace offers clean, even furnace heat to the thousands of homes that heretofore have been forced to rely on inadequate and dirty stoves. Many times the ordinary type of furnace installation is out of the question on account of tearing up the floors and walls for registers and stacks. Again, the basement is too small to admit of the furnace or the home owner has not felt justified in spending the money required for an elaborate pipe installation.

Whatever the reason provided, the home owner has, nevertheless, longed for clean, healthful, even furnace heat.

## The Quaker Pipeless Furnace Meets This Demand

The Quaker Pipeless Furnace has no pipes, no bulky cold air returns. Your floors and walls are not torn up, no cellar is too small.

The installation is extremely simple. Anybody can install the Quaker Pipeless Furnace. An abundance of clean, pure, warm air, sent to every room. Simpler than a stove to operate, cleaner, more saving of fuel, and much more healthful. Sends heat to every room in the house. Ventilates as well as heats. Changes and purifies the air in every room.

## Correctly refined

Zerolene is correctly refined from selected California crude oil. It is the product of the combined resources, experience and equipment of the Standard Oil Company.

By exhaustive study and actual tests the Standard Oil Company Board of Lubrication Engineers has determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a separate chart for each make of car. Get one for your car. At your dealer's or our nearest station.
