AT THE THEATRES

Ethel Clayton, the talented, beautiful and versatile Paramount star, will be seen in "The Mystery Girl," at the Temple Theatre tonight Marion Fairfax adapted the picture from one of George Barr McCutchcon's latest and most popular novels "Green Fancy." . . .

To save her husband from prison, because of a charge she believed to be false, Mary Bowen pretends to succumb to Alan Perry, a young waster, while she was working for a living in John Boland's cafe.

Perry followed Mary to her apartment, but Boland loved her, despite his moral character, intervened. He was knocked out by Perry, and Mary, making him believe that he had killed the cafeproprietor, secured his confession of the crime for which her husband was serving time. your taste as no other cigarette ever did. Camels' expert blend gives that mellowmild-body and frees the cigarettes from any unpleasant cigaretty aftertaste or any unpleasant cigaretty odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally ecquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

YOUR HOME

CAN NOW HAVE

FURNACE HEAT

The Quaker Pipeless Furnace offers clean, even furnace heat to the thousands of homes that heretofore have been forced to rely on inadequate and dirty stoves. Many times the ordinary type of furnace installation is out of the question on account of tearing up the floors and walls for regis-

ters and stacks. Again, the basement is too small to admit of the furnace or the home owner has not felt justified in spending the money required for an elaborate pipe installation.

Whatever the reason provided, the home owner has, nevertheless, longed for clean, healthful, even furnace heat.

The Quaker Pipeless Furnace **Meets This Demand**

The Quaker Pipeless Furnace has no pipes, no bulky cold air returns. Your floors and walls are not torn up, no cellar is too small.

The installation is extremely simple. Anybody can install the Quaker Pipeless Furnace. An abundance of clean, pure, warm air, sent to every room. Simpler than a stove to operate, cleaner, more saving of fuel, and much more healthful. Sends heat to every room in the house. Ventilates as well as heats. Changes and purifies the air in every room.
