DUCKS DAMAGE RICE

SACRAMENTO, Cal., Oct. 15.—Wild ducks are playing havoc with a considerable portion of the Sacramento valley rice crop. J. H. Stephens says his loss this year due to wild ducks will amount to \$12,000. Stephens declares he was refused protection by government representatives until the damage had been done.

SNYDER READY TO GO BACK ON JOB

COULDN'T DO A BIT OF WORK FOR MONTHS BEFORE TAKING TANLAC.

"When I commenced taking Tanlac I hadn't been able to hit a lick of work in several months, but a few bottles of this medicine has made such a big improvement in my condition that I am now getting ready to get back on the job," said F. L. Snyder, a well known lumberman who lives at 44 Forst st., Portland, Ore., the other day.

"I have suffered from rheumatism for the past fifteen years," continued Mr. Snyder, "and the trouble gradually grew worse all the time until it finally got the best of me and I had to give up my work altogether. This rheumatism just seemed to settle in my knee and hip joints and shoulder blades, and it's an actual fact, I was

simply in misery nearly every minute. Why, I got to where my knees would pain and ache so bad that I couldn't stand on my feet any length of time. When I was sitting down I would have to stretch my legs straight out in order to be comfortable a few minutes. I would have to change my position often while in bed on account of being in so much pain, and such a thing as a good night's sleep was out of the question with me. My kidneys gave me lots of trouble too, and I suffered a great deal with pains in the small of my back.

"The different medicines and treatments I took didn't do me any good at all, and in fact, the only thing I found that has done me any good at all since this trouble first came on me, is Tanlac. I began taking this medicine a few weeks ago, and it is simply wonderful. I can truthfully say that I commenced to feel better by the time I had taken Tanlac four or five days, and I have been improving ever since. In fact, I never have a pain or an ache now with the exception of a slight pain now and then in the small of my

back, and that is getting better all the time. I am going back to work next week, so you may know by that that my condition is greatly improved. I have told a lot of my friends about Tanlac and what it has done for me, and I am always glad to have a chance to say a good word for the best medicine on earth."

Tanlac is sold in Klamath Falls by the Star Drug Co., and in Lorell by the James Merc., Co.—Adv.

Probably the first known intoxicant was the fermented milk of mares, and it is at the present time a favorite with the Tartar.

The Story of a Turret Captain

Promotion in the Navy comes quickly to those who qualify for higher ratings. In March 1899 A. P. Nilsson enlisted in the Navy as an Apprentice Seaman, 3rd class. In April 1907 he was rated Chief Turret Captain. His pay today is \$165.76 per month.

A man's life — among men!

Recruit them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddlers.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

YOUR HOME CAN NOW HAVE FURNACE HEAT

The Quaker Pipeless Furnace offers clean, even furnace heat to the thousands of homes that heretofore have been forced to rely on inadequate and dirty stoves. Many times the ordinary type of furnace installation is out of the question on account of tearing up the floors and walls for registers and stacks. Again, the basement is too small to admit of the furnace or the home owner has not felt justified in spending the money required for an elaborate pipe installation.

Whatever the reason provided, the home owner has, nevertheless, longed for clean, healthful, even furnace heat.

The Quaker Pipeless Furnace Meets This Demand

The Quaker Pipeless Furnace has no pipes, no bulky cold air returns. Your floors and walls are not torn up, no cellar is too small,

The installation is extremely simple. Anybody can install the Quaker Pipeless Furnace. An abundance of clean, pure, warm air, sent to every room. Simpler than a stove to operate, cleaner, more saving of fuel, and much more healthful. Sends heat to every room in the house. Ventilates as well as heats. Changes and purifies the air in every room.
