

# NO PARTY LINES IN ROOSEVELT MEMORIAL FUND

NEW YORK, Oct. 16.—William E. Thompson, president of the Roosevelt Memorial Association, stated today that prominent men in every political party in the United States are working for the success of the membership campaign which is to be conducted in the week of October 20-27.

Present and former members of the United States Senate and House of Representatives as well as mayors and leaders in labor circles, are found on this non-partisan roster. Religious leaders, college presidents and educational experts, writers and authors, jurists, notables now in the regular army, former Rough Riders, former members of Roosevelt's official family in Washington, and many women of prominence, have regardless of party affiliations, offered their help.

Among the members of the Association are Alton B. Parker, Democratic presidential candidate against Roosevelt in 1914; United States Senator Hiram W. Johnson of California, Progressive candidate for 4th vice-presidency in 1912; Col. George Harvey of the North American Review; Luke E. Wright, former Governor-General of the Philippines; Congressman Thomas F. Smith, secretary of Tammany Hall; Herman A. Metz, former Comptroller of the City of New York; former U. S. Senator Thomas Taggart, chairman of the Democratic National Campaign in 1904; Clark Howell, editor of the Atlanta Constitution; Representative James A. Gallivan of Boston; Col. John M. Parker of New Orleans; Richard B. Comstock of Providence; Mayor Andrew J. Peters of Boston; Franklin K. Lane, Secretary of the Interior; James W. Gerard of New York, former Ambassador to Germany; J. Mitchell Galvin, city clerk of Boston; Charles P. J. Mooney of Memphis; United States Senator George E. Chamberlain of Oregon; former U. S. Senator George Turner of Washington, former U. S. Senator Luke Lee of Tennessee; former U. S. Senator LeRoy Percy of Mississippi; Governor James M. Cox and former Governor Judson Harmon of Ohio and Secretary of State Harvey G. Smith, also of Ohio.

### NOVEL BOYCOTT

SACRAMENTO, Cal., Oct. 16.—A housewives' boycott against exorbitant food prices is being organized by D. W. Carmichael, member of the Sacramento city commission.

## OFFICERS' FUTURE WORRIES BRITAIN

LONDON, Sept. 16. (Correspondence of The Associated Press.)—What Britain shall do with its general army officers is one of the questions of the day. To the present no one has been able to answer it although many of them are idle and costing the country a pretty penny.

On the list are eight full generals, 27 lieutenant generals, 122 major generals, and 488 brigadier generals, all on full pay. On half pay there are eight generals, 25 lieutenant generals and 49 major generals.

These officers have not been informed whether their services will be required in the future small army which is taking the place of the vast organization now in process of disintegration, and many of them are anxiously awaiting some announcement in order that they may form their plans for the future. A great number are comparatively young men.

### SOME CLIMB

PARIS, Sept. 15.—(By Mail.)—Three tanks operating in the French Alps near Megève recently climbed a mountain 1800 yards high in one hour and thirty-five minutes.

## SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

## GREAT DEPOSIT OF OCHER FOUND

NOME, Alaska, Aug. 22.—(By mail.)—Near the head of Norton Sound, where it has been known only to Eskimos, it is believed, two prospectors who have just returned to Nome recently discovered an enormous deposit of the clay-like substance known as red ochre and valuable for its paint-making qualities.

For generations, some of the natives told the prospectors, the ochre has been used by people of their tribes for coloring purposes, and from points as far away as the Diomedes natives came to get supplies of the valued soft rock. The rock, or clay-like material, is dark red in color and may easily be ground or shaved with a knife. Experiments proved it could be quickly made into paint.

These prospectors also discovered what is believed to be a big vein of hematite in a subterranean chamber of a low cliff seven miles from Norton Bay mission, which apparently had been a mine of perhaps prehistoric origin. Inquiries of aged natives failed to elicit information of any one ever having been seen in the district engaged in mining or prospecting and developed the fact that the opening of the cliff was only recently revealed by a slide. Debris partially covering the entrance to the cliff chamber was removed by the prospectors and a tunnel about 50 feet long was discovered. This tunnel apparently had been driven into what is believed to be a ledge of iron ore ten feet wide in its thickest portion. Near its mouth the subterranean chamber had been timbered.

## FINLAND CHURCHES FREE FROM DEBT

BERLIN, Sept. 12. (Correspondence of The Associated Press.)—Lest of the Methodist churches in Finland has been paid by Dr. Lemuel H. Murlin, president of Boston University and member of the War Emergency Reconstruction Commission of the American Methodist church. Dr. Murlin is in Europe to investigate the status of the church in Scandinavian, Finnish, Baltic and German countries. His action is attributed to the favorable rates of exchange he obtained in purchasing the debts.

He may take similar action in Germany where the debt of the Methodist churches at normal exchange rates would amount to about \$160,000.

The commission is expected to report the result of its inquiry to the Methodist conference in the United States in 1920 with recommendations for the care of Methodists in Europe.

## An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who get up with a bad breath coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.—Adv.

# MAINTENANCE

If you buy an automobile, lock it up in your garage, and never use it, there will be no upkeep or "maintenance" charge for operating it.

But the very minute you start to drive the machine about, right there the parts begin to wear and every week, or hour, or minute, brings it nearer to the fixing shop; and when the year has passed you will have spent a sum of money, great or small, but in excess of the purchase price to maintain the car and keep it in running condition.

Just so it is with a Public Utility, for no sooner has the installation of its plant been completed, and service commences, then keeping it in proper shape at all times becomes necessary, and the cost of doing so is called "Maintenance."

However, despite all this renewal of parts, etcetera, there is a general wearing and weakening of the whole machine, a lost price, a depreciation. There is generally an estimated fall in value, based upon actual experience, which will necessitate a new substitution within a given time.

## YOUR HOME CAN NOW HAVE FURNACE HEAT

The Quaker Pipeless Furnace offers clean, even furnace heat to the thousands of homes that heretofore have been forced to rely on inadequate and dirty stoves. Many times the ordinary type of furnace installation is out of the question on account of tearing up the floors and walls for registers and stacks. Again, the basement is too small to admit of the furnace or the home owner has not felt justified in spending the money required for an elaborate pipe installation.

Whatever the reason provided, the home owner has, nevertheless, longed for clean, healthful, even furnace heat.

## The Quaker Pipeless Furnace Meets This Demand

The Quaker Pipeless Furnace has no pipes, no bulky cold air returns. Your floors and walls are not torn up, no cellar is too small.

The installation is extremely simple. Anybody can install the Quaker Pipeless Furnace. An abundance of clean, pure, warm air, sent to every room. Simpler than a stove to operate, cleaner, more saving of fuel, and much more healthful. Sends heat to every room in the house. Ventilates as well as heats. Changes and purifies the air in every room.

"Helpful Hints"  
DEPOSITING BY MAIL

WHEN forwarding checks to the bank for deposit, don't indorse them in blank—that is, by simply signing your name upon the backs. If they should then become lost anyone might make collection. Indorse them—payable to the First National Bank.

We carry many "by mail" accounts here, and are always glad to receive inquiries about opening and maintaining either Checking or Savings Accounts in this way.
