

# YANKEES SELL GERMAN TRUCKS

WITH AMERICAN FORCES IN GERMANY, Sept. 15.—(Correspondence of the Associated Press).—Twelve hundred motor trucks abandoned by the German army in the area taken over by the Americans as part of armistice material were sold recently to a syndicate of German automobile dealers. This deal virtually completed the work of the Coblenz branch of the United States Liquidation commission which has been under the direction of Junius G. Adams of Asheville, N. C., special commissioner of the American Army of Occupation.

Continuation of disposal of surplus army material in occupied Germany will hereafter be under the direction of a general sales board of the American forces in Germany, of which Lieutenant Colonel T. H. Kruttschnitt has been appointed as chief. The army board will be under the supervision of the Liquidation commission, with headquarters in Paris until the final stocks are sold.

The sale of surplus property of the American army at the Antwerp base, which has been completed, brought to the government \$14,000,000, most of the goods disposed of to the Belgian government, bringing a better price than could have been obtained in the United States.

By the sale of a part of surplus stocks of the American forces in Germany, much of which was sold to German civilians, the sum of \$11,000,000 was realized. Among the material sold recently to German dealers was 2,000,000 pounds of candy of a kind not particularly in demand among the American soldiers.

The Shah of Persia, who is expected to visit America next spring, has one of the most valuable collections of precious stones and jewelry in existence. He possesses among other, precious stones the famous pear-shaped pearl valued at \$300,000, which forms part of the Persian crown jewels.

## Lift off Corns!

Doesn't hurt a bit and Freezezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Try! No hangup!

# Do You Know?

THAT Oregon wools and woollens are sold throughout the world?

That New York's largest hotel makes a specialty of Oregon fruit beverages?

That Oregon has a rubber mill which sells its product all over the Pacific Coast, South America and the Orient?

That Oregon candies are nationally advertised and sold?

That Oregon lumber products are among the finest produced anywhere?

### OBITUARY

On Sunday, September 28, 1919, at her late residence, 1808 East Tenth street, Portland, Mrs. Octavia Moore, who died September 25, after an illness of 17 days. Interment took place in Mountain View cemetery, Oregon City.

Mrs. Moore belonged to an old and well-known pioneer family, being the eldest daughter of Mr. and Mrs. John Meldrum, who drove across the plains to Oregon in 1845, when only a log cabin marked the site of the city of Portland. Then a child of 9, she grew to young womanhood amid the privations and the joys of pioneer life. Possessed of an unusually keen mind and a retentive memory, Mrs. Moore was able to recall the details of her rich experiences with unfailing interest to her family and friends.

On March 12, 1854, she was married to William S. Moore, a pioneer of 1847, who was identified with the upbuilding of the commonwealth, especially in Marion and Klamath counties. Mr. and Mrs. Moore became the parents of the late Charles S. Moore, banker of Klamath Falls and for two terms state treasurer, and of Mrs. Estella O. Bellinger and Mrs. Frances Hammond, now deceased.

Rufus S. Moore of Klamath Falls, Miss Mary Bertha Moore and Miss Henrietta Moore are surviving children. Mrs. Moore's sisters are Mrs.

D. P. Thompson and Mrs. S. M. McCown. Henry Meldrum is the only surviving brother, John W. Meldrum having died two days previous to her own death. There are six grandchildren and five great-grandchildren.

Mrs. Moore was a member of the First Presbyterian church of this city and was active in church affairs. Her passing was a peaceful one and she left behind her the memory of a life full of cheerful, optimistic service and family devotion.—Oregonian.

the beginning of civilization.

Ira Cole, 90 years old and an employe of the government printing office in Washington since 1876, is believed to be the oldest active pressman in the United States.

## "ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn old colds and onrushing new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and \$1.20. All druggists.

### Stubborn Bowels Tamed

Positive in action, yet natural, comfortable, pleasant, Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c. a bottle.

### HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Ad.

### PRINTING BY PHOTOGRAPHY

NEW YORK, Oct. 16.—Elimination of typesetting, one of the costliest operations of magazine production, by the use of plates made by photographing the original typewritten copy, has been accomplished in the October 13 issue of the Literary Digest, consisting of 80 pages. This radical innovation, brought about by the printers' strike in this city, leads the publishers to suggest that "it is possible in this age of marvels that the whole future of magazine production may be revolutionized by the elimination of typesetting."

The make-up of the magazine is in no way changed, the only difference being that the style of type is that used on typewriters and is uniform in all the reading matter throughout the number. The right hand side of each column is irregular as in ordinary typewritten copy.
