**DEEDS OF CRIME
ARE COMPILED**

WARSAW, Sept. 10. (By Mail)—The Polish government is compiling the story of the atrocities committed under the Bolsheviki reign in the city of Minsk, now occupied by the

Poles. The latest brought by an American Red Cross worker who has just returned from a relief assignment in that newly occupied city, concerns the murder of a woman hospital assistant who was rash enough to express the hope that conditions would improve when the town fell to the Poles.

The director of the hospital in question, smarting under an ill-deserved rebuke administered to him by a surly official of the Red regime, warned the latter that the arrival of

the Poles would bring a change for the better. For this he was deported to Smolensk. His woman assistant, who ventured a little further in expressing her opinion, was shot into a grave on the dawn before the taking of the city by the Polish army.

When visited by workers of the American Red Cross Commission to Poland, the hospitals and orphanages of the city were found in such pressing need of food that many of them had been obliged to close. One home for war orphans had been without so much as a crust of bread for more than a week. Many others had suffered similar privations. According to reports on investigations, only outside aid can rescue these people from the chaos of terror and suffering in which they are submerged.

Little Things**

Who are the men and women that become masters over great things? They are those who first of all become masters over little things.

Dollar bills and silver dimes are only little things, so little that they often trickle away in every direction—and yet they have formed the solid foundation for many a comfortable income through the following slogan:

**SALTS FINE FOR
ACHING KIDNEYS**

We eat too much meat which clogs Kidneys, then the Back hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

An average sized bottle of wine contains the juice of four pounds of grape juice.
